The Strange Case of Origami Yoda (Origami Yoda #1) Tom Angleberger,2012-08-07 In this funny, uncannily wise portrait of the dynamics of a sixth-grade class and of the greatness that sometimes comes in unlikely packages, Dwight, a loser, talks to his classmates via an origami finger puppet of Yoda. If that weren't strange enough, the puppet is uncannily wise and prescient. Origami Yoda predicts the date of a pop quiz, guesses who stole the classroom Shakespeare bust, and saves a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight's classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of Star Wars: Return of the Jedi: Beware the Power of the Dark Side, and hailed by School Library Journal as "honest, funny, and immensely entertaining." My Crochet Doll Isabelle Kessedjian,2013-12-12 Make adorable crochet dolls with over fifty unique patterns for clothes and accessories. With a range of clothing and accessory patterns, dress up your doll for home and abroad, from basic underwear and shoes to dresses, dungarees, sweaters, coats, and hats. As well as wardrobe essentials, you can create accessories to match each outfit, including a teddy for bedtime, a bucket for the beach, cakes for the kitchen, and even a penguin for the North Pole! There's a range of dressing-up costumes, with an adorable bear suit and a fun superhero mask and cape. The cute mini suitcase pattern is the perfect for storing all of your dolls belongings and it doubles up as a bed too! Be aware that crochet terms in the United States are different from those in the U.K. This can be confusing as the same terms are used to refer to different stitches under each system. All crochet patterns in this book are written in U.K. and European terms. U.S. crocheters must take care that they work the correct stitches. One way to tell which system is being used in other patterns is that the American system starts with a single crochet, which the U.K. system doesn't have; so patterns with "sc" in them can be identified as American patterns.

From Hobbits to Hollywood ,2006-01-01 Peter Jackson's film version of The Lord of the Rings (2001-2003) is the grandest achievement of 21st century cinema so far. But it is also linked to topical and social concerns including war, terrorism, and cultural imperialism. Its style, symbols, narrative, and structure seem always already linked to politics, cultural definition, problems of cinematic style, and the elemental mythologies that most profoundly capture our imaginations. From Hobbits to Hollywood: Essays on Peter Jackson's Lord of the Rings treats Jackson's trilogy as having two conditions of existence: an aesthetic and a political. Like other cultural artefacts, it leads a double life as objet d'art and public statement about the world, so that nothing in it is ever just cinematically beautiful or tasteful, and nothing is ever just a message or an opinion. Written by leading scholars in the study of cinema and culture From Hobbits to Hollywood gives Jackson's trilogy the fullest scholarly interrogation to date. Ranging from interpretations of The Lord of the Rings' ideological and philosophical implications, through discussions of its changing fandoms and its incorporation into the Hollywood industry of stars, technology, genre, and merchandising, to considerations of CGI effects, acting, architecture and style, the essays contained here open a new vista of criticism and light, for ardent fans of J.R.R. Tolkien, followers of Jackson, and all those who yearn for a deeper appreciation of cinema and its relation to culture.
