A Concise Treatise on Lycanthropy: With Annotation and Explanation of Werewolfism. Including Rare & Obscure Tracts and Essays. Andreas Shibilis,2019-03-07 Of unknown origin, Count Andreas Shibilis is said to have been the King of the Bulgarian Gypsies, sometime in the 19th century. He is also known as a highly skilled practitioner of the black arts. Shibilis disappeared without a trace after allegedly being turned into a werewolf. His other known written works include several monographs on magic and the mystification arts. It is also believed that Count Shibilis authored the mystifying Rohonc Codex, the extraordinary illustrated manuscript which has perplexed scholars since it surfaced in the 19th century in Hungary. There is no record of the birth or death of Count Andreas Shibilis. Concise and precise, with all the facts and data on the subject, laid out simply for the layperson. Put aside all you have read on lycanthropy. Be prepared for a firsthand account of werewolfism. This is a reprint of the singularly unique original monograph by Count Andreas Shibilis. As it is the only known work on lycanthropy written by a lycanthrope. Within this treatise, the reader will learn the ways of becoming a werewolf, methods of defense against a werewolf, ways to lift the affliction of lycanthropy - along with historical accounts, legends and folklore regarding werewolfery. Of particular notoriety, you will read about Edgar Allan Poe - the werewolf, as well as the Count himself. In his own words there is a brief account of how Count Andreas Shibilis became a werewolf and the incredible story of how he relieved himself of the affliction.

Leadership for a Better World NCLP (National Clearinghouse for Leadership Programs),2016-11-14 The essential guide to the theory and application of the Social Change Model Leadership for a Better World provides an approachable introduction to the Social Change Model of Leadership Development (SCM), giving students a real-world context through which to explore the seven C's of leadership for social change as well as approaches to socially responsible leadership. From individual, group, and community values through the mechanisms of societal change itself, this book provides fundamental coverage of this increasingly vital topic. Action items, reflection, and discussion questions throughout encourage students to think about how these concepts apply in their own lives. The Facilitator's Guide includes a wealth of activities, assignments, discussions, and supplementary resources to enrich the learning experience whether in class or in the co-curriculum. This new second edition includes student self-assessment rubrics for each element of the model and new discussion on the critical roles of leadership self-efficacy, social perspective, and social justice perspectives. Content is enriched with research on how this approach to leadership is developed, and two new chapters situate the model in a broader understanding of leadership and in applications of the model. The Social Change Model is the most widely-used leadership model for college students, and has shaped college leadership curricula at schools throughout the U.S. and other countries including a translation in Chinese and Japanese. This book provides a comprehensive exploration of the model, with a practical, relevant approach to real-world issues. Explore the many facets of social change and leadership Navigate group dynamics surrounding controversy, collaboration, and purpose Discover the meaning of citizenship and your commitment to the greater good Become an agent of change through one of the many routes to a common goal The SCM is backed by 15 years of research, and continues to be informed by ongoing investigation into the interventions and environments that create positive leadership development outcomes. Leadership for a Better World provides a thorough, well-rounded tour of the Social Change Model, with guidance on application to real-world issues. Please note that The Social Change Model: Facilitating Leadership Development (978-1-119-24243-7) is intended to be used as a Facilitator's Guide to Leadership for a Better World, 2nd Edition in seminars, workshops, and college classrooms.
