- 📖 **ACHTUNG-PANZER!** Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

- 📖 **ATHLETICO MINCE** Bob Mortimer, Andy Dawson, 2017 For the first book inspired by their popular podcast, Bob Mortimer and Andy Dawson considered producing an authoritative guide to the past, present and future world of football. But, as in the podcast, they got a bit side-tracked. As well as bringing you some (more or less) completely genuine football facts, Bob and Andy speculate about the lifestyle of baked bean-loving, yellow snake-owning ex-England boss Steve McClaren, and investigate the 'Gangs of the EPL', where football meets infantile bullying. There's also input from the Secret Soccer Superstar - a former player who lifts the lid on what it's really like to be a top, top pro - and the lyrics from some of Bob's most memorable Scottish songs, so that you can sing them to your children, elderly relatives or, indeed, yourself, should you need to be soothed after learning about Robson Green's Extreme Bangers. In summary, it's a bit of a mess - but - it's a beautiful, glorious, hilarious mess and if you're not reduced to at least one convulsion while reading it, Bob and Andy are going to be very disappointed with you.

- 📖 **21 DOWN STREET** Keven M. Card, 2014-03-21 The only question is will their love survive? When Sara and Jacob find out they're pregnant with a baby boy, nothing could make them happier. They were your typical expecting parents - deeply in love, deliriously excited to be starting a family. However, their hopes are dashed when the doctor gives a recommendation for Sara to take an AFT. Five words change their destiny forever... "Your son has Trisomy 21" Their perfect love story unexpectedly spirals into panic, and their dream shatters with it - devastating Sara. Jacob, confused and troubled with the situation, tries to prompt Sara into following the doctor's suggestion: terminate the pregnancy; assuring her that they can try again. Sara angry at even the thought of destroying the life inside of her, rejects him. Their love, marriage and future suddenly start to fall apart; sending them both on very different journeys... CHAPTER 1 - BACON Sara stared out the window in awe. The branches of the trees in the backyard swayed back and forth in the light breeze, the sun's rays piercing through the leaves causing shadows to dance across the wilted grass. Sara practically floated around the kitchen in her excitement which filled the room along with the smell of the sizzling bacon she was cooking. After years of being married, Sara knew exactly how to rouse her husband from sleep, and she knew that the aroma would eventually coax him out of bed. Elated, she let out a girlish laugh. Today is going to be perfect, she thought. Sizzling and crackling sounds from the frying bacon echoed from the kitchen. She was certain that last pop would have woke him up but she didn't care because she was having too much fun. She let her hand rest on her pregnant belly, patting it affectionately. "I hope you like it out here," she murmured to herself and as if on cue, she felt a tiny flutter in her stomach. Being pregnant was unlike any other chapter of her life, she had never felt more purposeful. She felt like a mess of contradictions. Completely afraid and simultaneously stronger than ever. Powerful, yet unattractive but her mother-in-law had assured her that it was all just the hormones. It didn't stop her from feeling like a Thanksgiving turkey, although she did appreciate everyone's attempt at making her feel better. It wasn't long before Jacob's head peeked around the corner, sleepy eyed and resembling more of a toddler than a grown man. His golden hair was creased in the middle, pointing up on one side and flattened on the other. He flashed a smile at her, "What's all this?" She chuckled, "You have some serious bed head Mr. Michaels." Without a word he came up behind her, wrapping his arms around her waist and placing his hands on her stomach. "Should you really be standing up for such a long time, Mrs. Michaels?" "I'm fine Jacob," she replied. "Besides the doctor said walking is healthy for me and the baby, so standing shouldn't hurt." She laughed patting his cheek playfully. He left a butterfly kiss where her fingers brushed against his lips. "Well, if physical activity is helpful..." Her grin gave way to a full smile as she reached back to swat him. After a short pause he continued, "Seriously, do you know what would make this day better?" She raised her eyebrow, expecting him to say something suggestive (which was typical of him). He spun her around in his arms so that she was facing him, her belly protruded slightly between them making him hold her awkwardly but he went on pretending she didn't notice. "I was just going to say, what would make this day better..." He trailed off looking deeply into her eyes. "Is finding out we're having a boy today." She let out a bark of laughter "Really, that's not where I thought you were going with that."
