World of Warcraft: Stormrage Richard A. Knaak, 2010-02-23
When the world of Azeroth was young, the god-like titans brought order to it by reshaping its lands and seas. Throughout their great work, they followed a magnificent design for what they envisioned Azeroth would become. Although the titans departed Azeroth long ago, that design endures to this day. It is known as the Emerald Dream, a lush and savagely primal version of the... WORLD OF WARCRAFT Many are the mysteries surrounding the Emerald Dream and its reclusive guardians, the green dragonflight. In times past, druids have entered the Dream to monitor the ebb and flow of life on Azeroth in their never-ending quest to maintain the delicate balance of nature. However, not all dreams are pleasant ones. Recently the Emerald Nightmare, an area of corruption within the Emerald Dream, began growing in size, transforming the Dream into a realm of unimaginable horror. Green dragons have been unexpectedly caught up in the Nightmare, emerging from it with shattered minds and twisted bodies. Druids who have entered the darkening Dream lately have found it difficult -- sometimes even impossible -- to escape. Nor are these the Nightmare's only victims: more and more people are being affected. Even Malfurion Stormrage, first and foremost of the druids on Azeroth, may have fallen victim to this growing threat. As uncontrollable nightmares spread across the world, a desperate quest begins to find and free the archdruid. Soon nature's enemies will learn the true meaning of the name STORMRAGE

Warcraft: War of the Ancients #1: The Well of Eternity
Richard A. Knaak, 2004-04-01 Many months have passed since the cataclysmic Battle of Mount Hyjal, where the demonic Burning Legion was banished from Azeroth forever. But now, a mysterious energy rift within the mountains of Kalimdor propels three former

warriors into the distant past -- a time long before orcs, humans or even high elves roamed the land. A time when the Dark Titan Sargeras, and his demon pawns persuaded Queen Azshara and her Highborne to cleanse Azeroth of its lesser races. A time when the Dragon Aspects were at the height of their power -- unaware that one of their own would soon usher in an age of darkness that would engulf the world of...War Craft®. In the first chapter of this epic trilogy, the outcome of the historic War of the Ancients is forever altered by the arrival of three time-lost heroes: Krasus, the dragon mage whose great power and memories of the ancient conflict have inexplicably diminished; the human wizard Rhonin, whose thoughts are divided between his family and the seductive source of his now-growing power; and Broxigar, a weathered orc veteran who seeks a glorious death in combat. But unless these unlikely allies can convince the demigod, Cenarius, and the untrusting night elves of their queen's treachery, the burning Legion's gateway into Azeroth will open anew. And this time -- the struggles of the past may well spill over into the future...

Monsters of Luclin Anthony Pryor,Scott Holden-

Jones,Stewart Wieck,2004-02 The moon of Luclin teems with monsters the likes of which heroes of Norrath have never seen. The creatures often encountered on the world of Norrath are not in evidence on this lunar landscape. New dangers live here, in places like the rugged Umbral Plains and the airless surface region known only as the Grey--from exotic beasts to powerful and legendary foes that stalked the surface of Norrath itself in ancient times. Monsters of Luclin contains statistics and descriptions of over 100 original monsters, including such fresh faces umbrous tailers, lightcrawlers, fungoids and unique, epic-level opponents such as Emperor Ssraeshza himself!

Migraine Art Klaus Podoll,Derek Robinson,2009-02-24

Migraine Art includes more than 300 powerful illustrations and

paintings created by migraine sufferers from around the world. It provides a thoroughly unique window into the subjective world of the migraine sufferer. The idea of collecting migraine art started with a number of public competitions in the 1980s, which encouraged artists, both amateur and professional, to illustrate the pain, the visual disturbances, and the effect migraines had on their lives. The book includes hundreds of these submissions as well as detailed descriptions of different types of migraine visual phenomena. Covering such topics as migraine signs, triggers, and treatments, as well as types of visual hallucinations and somatic sensations and experiences, the book offers a comprehensive view of the migraine experience. Each category of visual disturbance is accompanied by related artwork. A description of migraine visual experiences of famous historical figures, such as Blaise Pascal and Lewis Carroll, provide historical background on the topic. The book also includes a history of four Migraine Art competitions and information about the Migraine Art collection.
