**The League of Elder** Ren Garcia,2009-02 In the far distant future, man is no longer man--he is Elder, awash in life-long youth, health, and Gifts of the Mind. Serving celestial beings known as the Elders, man formed the League--a collection of Great Houses scattered on numerous worlds dedicated to defending life and serving the benevolent will of the Elders. For ages League mothers have told their children terrifying stories about the Black Hats: the enemy. A sect of murderous women eager to slay anyone who falls into their grasp, always searching for their next victim. Only the League's ruling body, the Sisterhood of Light, has been able to counter their evil. When a Black Hat is taken prisoner aboard Captain Davage's ship, the Sisters have every intention of executing her, to put her to a slow, painful death. That is what's done to Black Hats. And no one would dare challenge the Sister's authority. They are astounded when the Captain refuses to allow it. Using his Gift of Sight, Captain Davage, the Lord of the Great House of Blanchefort, has gotten a glimpse of the Black Hat's face, and is shocked. Though no one but a Sister would ever willingly face a Black Hat and hope to survive, he enters her cell. The woman sitting there bears an exact resemblance to a beloved friend of the Captain's a friend who is dead, murdered, lost in space along with her ship and her crew. There she sits, Captain Davage's friend, apparently reborn as a Black Hat murderess, identical in every way except for the Black Hat's mark on her face. The Black Hat known as Sygillis of Metatron, vile and evil, immediately plots Captain Davage's killing and, though the Sisters are near, none can protect him from her fury. She will come for his soul. Is it possible that two sworn enemies may fall in love? Can remorseless evil be redeemed in the end? Good and evil, love and hate, only one side can triumph in The League of Elder: Sygillis of Metatron, a galactic journey full of romance, suspense, and the unexpected.

**Hardy Boys 43: the Mystery of the Aztec Warrior** Franklin W. Dixon,1964-02-01 The handwritten will of a deceased world-traveler is strange and mysterious. Its cryptic instructions are to deliver "the valuable Aztec warrior to the rightful owner, a descendant of an Aztec warrior." Frank and Joe Hardy have only one slim clue to work with: the name of a complete stranger who can help. Despite the harassments, the threats, and the attacks made upon them, Frank and Joe unravel clue after clue in their adventure-packed search for the living descendant of the mighty Aztec nation which once ruled in Mexico. It takes as much high courage as clever deduction for the young detectives to defeat their ruthless foes and to decipher the fascinating secrets of the strange and mysterious will.

Young People Re-Generating Politics in Times of Crises Sarah Pickard,Judith Bessant,2017-07-31 This book provides insight into the diverse ways young people from around the world are regenerating politics in innovative and multifaceted ways. The authors, who include academics and activists, challenge claims that young people are apolitical, apathetic and living up to the ‘me generation’ stereotype. Contributions cover a rich body of case examples of traditional and new forms of youth politics in response to situated injustices and political and socio-economic crises. Significant and optimistic, the collection presents strong evidence from across the globe that these developments are not isolated incidences, but are in fact part of a systemic, large-scale transformation leading to a regeneration of the political landscape by young people. The book is aimed at students and scholars in the fields of politics, sociology, policy studies and youth and childhood studies.

**Original Grin** Ron English,2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

**Achtung-Panzer!** Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.
