**World of Warcraft: Stormrage** Richard A. Knaak, 2010-02-23 When the world of Azeroth was young, the god-like titans brought order to it by reshaping its lands and seas. Throughout their great work, they followed a magnificent design for what they envisioned Azeroth would become. Although the titans departed Azeroth long ago, that design endures to this day. It is known as the Emerald Dream, a lush and savagely primal version of the... WORLD OF WARCRAFT Many are the mysteries surrounding the Emerald Dream and its reclusive guardians, the green dragonflight. In times past, druids have entered the Dream to monitor the ebb and flow of life on Azeroth in their never-ending quest to maintain the delicate balance of nature. However, not all dreams are pleasant ones. Recently the Emerald Nightmare, an area of corruption within the Emerald Dream, began growing in size, transforming the Dream into a realm of unimaginable horror. Green dragons have been unexpectedly caught up in the Nightmare, emerging from it with shattered minds and twisted bodies. Druids who have entered the darkening Dream lately have found it difficult - sometimes even impossible -- to escape. Nor are these the Nightmare's only victims: more and more people are being affected. Even Malfurion Stormrage, first and foremost of the druids on Azeroth, may have fallen victim to this growing threat. As uncontrollable nightmares spread across the world, a desperate quest begins to find and free the

archdruid. Soon nature's enemies will learn the true meaning of the name STORMRAGE

Warcraft: Lord of the Clans Christie Golden, 2002-01-29 In the mist-shrouded haze of the past, the world of Azeroth teemed with wondrous creatures of every kind. Mysterious Elves and hardy Dwarves walked among tribes of Man in relative peace and harmony -- until the arrival of the demonic army known as the Burning Legion shattered the world's tranquility forever. Now Orcs, Dragons, Goblins, and Trolls all vie for supremacy over the scattered, warring kingdoms -- part of a grand, malevolent scheme that will determine the fate of the world of WARCRAFT Slave. Gladiator. Shaman. Warchief. The enigmatic Orc known as Thrall has been all of these. Raised from infancy by cruel human masters who sought to mold him

into their perfect pawn, Thrall was driven by both the savagery in his heart and the cunning of his upbringing to pursue a destiny he was only beginning to understand -- to break his bondage and rediscover the ancient traditions of his people. Now the tumultuous tale of his life's journey -- a saga of honor, hatred, and hope -- can at last be told....

**Warcraft: War of the Ancients #1: The Well of Eternity** Richard A.

Knaak,2004-04-01 Many months have passed since the cataclysmic Battle of Mount Hyjal, where the demonic Burning Legion was banished from Azeroth forever. But now, a mysterious energy rift within the mountains of Kalimdor propels three former warriors into the distant past -- a time long before orcs, humans or even high elves roamed the land. A time when the Dark Titan Sargeras, and his demon pawns persuaded Queen Azshara and her Highborne to cleanse Azeroth of its lesser races. A time when the Dragon Aspects were at the height of their power -- unaware that one of their own would soon usher in an age of darkness that would engulf the world of...War Craft®. In the first chapter of this epic trilogy, the outcome of the historic War of the Ancients is forever altered by the arrival of three time-lost heroes: Krasus, the dragon mage whose great power and memories of the ancient conflict have inexplicably diminished; the human wizard Rhonin, whose thoughts are divided between his family and the seductive source of his now-growing power; and Broxigar, a weathered orc veteran who seeks a glorious death in combat. But unless these unlikely allies can convince the demigod, Cenarius, and the untrusting night elves of their queen's treachery, the burning Legion's gateway into Azeroth will open anew. And this time -- the struggles of the past may well spill over into the future...

*Ethics* C.D. Broad, 2012-12-06 This volume contains C. D. Broad's Cambridge lectures on Ethics. Broad gave a course of lectures on the subject, intended primarily for Part I of the Moral Sciences Tripos, every academic year from 1933 - 34 up to and including 1952 - 53 (except that he did not lecture on Ethics in 1935 - 36). The course however was frequently revised, and the present version is essentially that which he gave in 1952 - 53. Broad always wrote out his lectures fully beforehand, and the manuscript on Ethics, although full of revisions, is in a reasonably good state. But his handwriting is small and close and in places difficult to decipher. I therefore fear that some words may have been misread. There was an additional complication. In the summer of 1953 Broad revised and enlarged two sections of the course, namely the section on Moore's theory and that on Naturalistic theories (both sections occur in Chapter 4). The revised version of the section on Moore is undoubtedly superior to the earlier version, and I have therefore included it. But in my opinion this is not true of the new version of the section on naturalistic theories: although more comprehensive than the earlier version, it is not only repetitive in itself, but also repeats, sometimes almost verbatim, passages which occur elsewhere in the lectures. In brief, the new version is not fully integrated with the rest of the course.
