Inside the Paddock David Cross,Bjørn Kjer,2012-03 For some years, David Cross has been intrigued by how racing cars arrived at the race paddocks and was disappointed to find no specific guidance or literature on what appeared to be an important facet of motorsport. He decided to remedy this omission and his detailed research has resulted in the publication of this unique book. Inside the Paddock - Racing Car Transporters at Work contains nearly 550 images, many previously unpublished, which are enhanced by well-researched and informative captions. After the introduction which gives a historical overview of the circumstances and logistics involved in arriving at a race meeting, the book is divided into over 150 sections which investigate and discuss the transporters of individual teams, privateers, manufacturers, constructors and record-breakers. The author has been

ably assisted by Bjorn Kjer, a specialist in lorries, but particularly racing car transporters and the other support vehicles which appeared at race circuits. His knowledge has been a source of much detailed information, identifying many of the vehicles and venues in the photographs.

Qprs Clyde Berryman, 2021-08 Innovative statistical analysis and hundreds of new illustrations rewrite the history of Formula One racing. Any devotee of Formula One Grand Prix racing will have their picks for which drivers are the greatest of all time and which are wildly overrated--selections likely guided in large part by personal, even emotional, preferences. Clyde Berryman's QPRS brings a welcome dose of hard data into these fevered discussions with the introduction of the Quality Point Rating System, a method that uses mathematical formulae to analyze both Formula One drivers and their racing vehicles. In this book, Berryman digs deep into every Formula One World Championship from 1950 to 2019, using the QPRS method to create a new statistical analysis-based rating for every driver and car in competition. In addition to its potentially paradigm-shifting assessments of racing legends, QPRS also stands out as a major fine art book, with more than 200 color illustrations from some of today's foremost motorsport artists that depict Formula One's most memorable moments in a variety of media. This book may forever change the way racing fans look at the history of the Formula One Grand Prix.

I just made the tea Di Spiers, Bernard Ferguson, 2015-04-23 "Revealing and heart-wrenching" - The Times Forewords by Murray Walker OBE and Michael Schumacher This is the ebook edition of Di Spiers' unusual and revealing Formula 1 memoir. Di and her husband Stu travelled the world in Formula 1 for 30 years, running the team motorhome for a succession of different teams. As well as Formula 1 people, she encountered personalities from every walk of life, from royalty to criminals on the run. Her stories range from the hilarious to the tragic and provide a unique perspective. This is a fast-paced read packed with surprising snippets and observations, with plenty of intimate insight into what the drivers are really like. The author's Formula 1 roles included working for Lotus in the Senna era and Benetton in the Schumacher era. She worked with five World Champions and became 'Mum' to some of the biggest names in the pitlane. An engaging read that's full of amusing stories from the Formula 1 paddock over the past 30 years. Very much a people book, it's packed with interest and insight into the whole cast of Formula 1, from World Champions to mechanics. Ayrton Senna features large in her story she became close to the great Brazilian driver and his family. Other great drivers she worked with, and got to know well, include Michael Schumacher, Nelson Piquet and Elio de Angelis. A motor racing memoir with a difference. Described as 'revealing and heart-wrenching' by The Times.

Graham does a wonderful job laying out the steps in clear language and goes beyond advertising and social

media to show how branding relates to all aspects of GENERAL as well as marketing management. We explore the step-by-step process to come up with your brand idea and bring it all together with a tool for writing the ideal brand concept. For brand plans, I provide formats for a long-range brand strategy roadmap and the annual brand plan with definitions for each planning element. From there, I show how to build a brand execution plan that includes the creative brief, innovation process, and sales plan. I provide tools for how to create a brand calendar and specific project plans. To grow your brand, I show how to make smart decisions on execution around creative advertising and media choices. When it comes time for the analytics, I provide all the tools you need to write a deep-dive business review, looking at the marketplace, consumer, channels, competitors and the brand. Write everything so that it is easy to follow and implement for your brand. My promise to help make you smarter so you can realize your full potential.
