Brian Castleforte

**Papertoy Monsters** Brian Castleforte, 2010-12-29 A breakthrough paper-folding book for kids—paper airplanes meet Origami meets Pokemon. Papertoys, the Internet phenomenon that's hot among graphic designers and illustrators around the world, now comes to kids in the coolest new book. Created and curated by Brian Castleforte, a graphic designer and papertoy pioneer who rounded up 25 of the hottest papertoy designers from around the world (Indonesia, Japan, Australia, Italy, Croatia, Chile, even Jackson, Tennessee), Papertoy Monsters offers 50 fiendishly original die-cut designs that are ready to pop out, fold, and glue. The book interleaves card stock with paper stock for a unique craft package; the graphics are colorful and hip, combining the edginess of anime with the goofy fun of Uglydolls and other collectibles. Plus each character comes with its own back-story. And the results are delicious: meet Pharaoh Thoth Amon, who once ruled Egypt but is now a mummy who practices dark magic in his sarcophagus. Or Zumbie the Zombie, who loves nothing more than a nice plate of brains and yams. NotSoScary, a little monster so useless at frightening people that he has to wear a scary mask. Yucky Chuck, the lunchbox creature born in the deepest depths of your school bag. Plus Zeke, the monster under your bed, Nom Nom, eater of cities, and Grumpy Gramps, the hairy grandpa monster with his very own moustache collection.

We Are Paper Toys: Print-Cut-Fold-Glue-Fun Louis Bou, 2010-06-15 We Are Paper Toys! presents thirty-two of the finest paper toy designers in the world. Each artist gives us a glimpse of their world and explains their passion for paper toys through a personal interview. The book includes a CD with PDF templates of some of the paper toys showcased in this book. They are ready to be printed, cut, and pasted so you can have these

small works of art in your own home. It's never too soon to start cutting, folding, pasting, and above all, having fun!

Interviews with contributors such as Shin Tanaka, Ben the Illustrator, NiceBunny, Cubotoy and Kenn Munk are included. You'll find out more about where their ideas came from--and they might even inspire you to create your own papertoy! In addition, there is a foreword by Andy Heng from [www.toysrevel.net](http://www.toysrevel.net). The DVD includes lots of bonus features, such as all 26 toy templates in PDF format (so you can build cities full of papertoys); basic shapes (so you can learn the building blocks of papertoys); blank templates (so you can create your own skin); longer, unabridged interviews with all the designers in the book; and 33 bonus templates. **A Dirty World** Greg Stolze, 2010-07-01 A roleplaying game of angry decisions, ugly ethics, and black city streets. A game of film noir. A Dirty World rethinks the One-Roll Engine to focus relentlessly on character. Hard-boiled private eyes, dirty cops and femmes fatale make their hard choices and hide their grubby secrets. A Dirty World features... \* A unified conflict mechanic, where gunfights, duels of deceit and emotional blackmail not only work the same way, but fuse seamlessly. \* Swift Justice character development. Instead of tracking and spending points, your character's abilities improve in direct reaction to the game's events. \* One-Roll Mysteries, a mechanic to spit out intricate plots with one

throw of the dice. \* Rules that don't merely support drama, they are drama. Only meaningful choices push your character forward. There is no easy way, by definition.
