**Color Squared** Lee Meredith,2017-06-27 Paint-by-number meets the traditional coloring book in this brand new format that showcases pixelated images of cool and quirky nostalgia objects. With a focus on old favorites, pictures of things like cassette tapes, a rotary phone, and roller skates have been pixelated and rendered as numbered grids. To fill them in, users have options to vary the colors, just vary the shading, or even use different shapes or lines. Color Squared can relieve stress or challenge the mind, depending on the approach the reader chooses--but either way, it will keep the head and hands busy, and make for a fun trip down memory lane.
