Ernst van Alphen

Failed Images Ernst van Alphen,2018 'Failed Images' attempts to understand the divergence between photography and the reality it portrays, analysing the various ways the photograph transforms that which exists before the camera. Because the photographic medium enables very different practices, which in turn results in many kinds of images, it must also be examined from a perspective outside of the dominant approach to the medium, generally called the 'snapshot.' This book therefore explores the photographic image by focusing on practices which refuse this conventional approach, namely staged, blurred, under- and overexposed, and archival photography.

Dining on the B&O Thomas J. Greco,Karl D. Spence,2009-12-15 Third Place, Nonfiction Jacket Design, 2010 New York Book Show, Bookbinders' Guild of New York Passengers who dined on the Baltimore and Ohio during the heyday of American railroading received five-star service: white tablecloths, china, and silver; food cooked from scratch; and the undivided attention of skilled waiters. The B&O's cuisine won wide acclaim as the finest railway food in the country. Passengers enjoyed it as the slightly swaying dining car clicked along over the rails. Captivated by the romance of the subject, Thomas J. Greco and Karl D. Spence combine many of the B&O's best recipes with historical photos to capture the elegance and charm of the dining car experience. Greco and Spence made a quest of uncovering the original sources of these recipes, revisiting America's first institutional cookbook, The Culinary Handbook, by Charles Fellows, and researching the B&O's own specialty collections of the 1940s and 1950s, the Old Standard B&O Recipes, What's Cooking on the B&O? and B&O Chef's Notes. Along with the original recipes and modern interpretations, they supply captivating photographs of the dining cars, patrons, and staff; commentary describing the technical aspects of cooking on a moving train; examples of "service notes" used by chefs, stewards, and waiters; and a glossary of cooking terms. With Dining on the B&O, Greco and Spence preserve for future generations the singular experience of dining in high style on this iconic railway. The recipes collected here invite readers to prepare the dishes enjoyed by thousands of rail passengers in years gone by. Just open the book and start cooking the B&O way!

Researching the Visual Michael Emmison,Dr Philip D Smith,2000-03-15 `The book has a solid practical feel to it, and although it deals philosophically with leading theorists such as Foucault, Goffman, Bourdieu and Hall it grounds the practice of visual research into everyday use... Weaved cleverly throughout are numerous practical exercises which draw together the theoretical concepts and give them a grounded rational element. This book is a valuable research tool and I would anticipate that many researchers will find it a worthwhile addition to their armoury' - Mental Health Care Providing a comprehensive introduction to the entire field of visual research, this book reviews the contributions of traditions as diverse as semiotics, ethnomethodology, symbolic interactionism and
