📖 [Before I Was Me](#) Frank Fraser,2018-02-15 Before I was me, just before I was born, I asked God, “Who will I become?” “Oh, my little one,” He replied, “I have great plans for you! I have chosen you to be a very important person whom I will always love.” Thus begins a charming odyssey of self-discovery, as, in conversation with God, the child imagines himself as: . . . an astronaut going off to work each morning in a rocket, stopping halfway to Mars for milk and cookies . . . . . a baker baking yummy treats everyone wants . . . . . a farmer growing food for hungry people of all nations around the world . . . . . a doctor healing giraffes and rabbits, and, yes, people, too . . . . . a teacher helping boys and bears and gophers and girls become the best they can be (while giving hugs to the downcast!) . . . . . a parent making the lives of children happy and safe; and finally . . . . . a child! . . . important simply for who he is and whom God will always love!

📖 [Dark Archives](#) Megan Rosenbloom,2020-10-20 On bookshelves around the world, surrounded by ordinary books bound in paper and leather, rest other volumes of a distinctly strange and grisly sort: those bound in human skin. Would you know one if you held it in your hand? In Dark Archives, Megan Rosenbloom seeks out the historic and scientific truths behind anthropodermic biblioegy—the practice of binding books in this most intimate covering. Dozens of such books live on in the world’s most famous libraries and museums. Dark Archives exhumes their origins and brings to life the doctors, murderers, and indigents whose lives are sewn together in this disquieting collection. Along the way, Rosenbloom tells the story of how her team of scientists, curators, and librarians test rumored anthropodermic books, untangling the myths around their creation and reckoning with the ethics of their custodianship. A librarian and journalist, Rosenbloom is a member of The Order of the Good Death and a cofounder of their Death Salon, a community that encourages conversations, scholarship, and art about mortality and mourning. In Dark Archives—captivating and macabre in all the right ways—she has crafted a narrative that is equal parts detective work, academic intrigue, history, and medical curiosity: a book as rare and thrilling as its subject.

📖 [The Pumpkin Eater](#) Penelope Mortimer,2011-04-26 The Pumpkin Eater is a surreal black comedy about the wages of adulthood and the pitfalls of parenthood. A nameless woman speaks, at first from the precarious perch of a therapist’s couch, and her smart, wry, confiding, immensely sympathetic voice immediately captures and holds our attention. She is the mother of a vast, swelling brood of children, also nameless, and the wife of a successful screenwriter, Jake Armitage. The Armitages live in the city, but they are building a great glass tower in the country in which to settle down and live happily ever after. But could that dream be nothing more than a sentimental delusion? At the edges of vision the spectral children come and go, while our heroine, alert to the countless gradations of depression and the innumerable forms of betrayal, tries to make sense of it all: doctors, husbands, movie stars, bodies, grocery lists, nursery rhymes, messes, aging parents, memories, dreams, and breakdowns. How to pull it all together? Perhaps you start by falling apart.

📖 [Urban Grimshaw and The Shed Crew](#) Bernard Hare,2011-09-13 You’re twelve years old. Your mother’s a junkie and your father might as well be dead. You can’t read or write, and you don’t go to school. An average day means sitting round a bonfire with your mates smoking drugs, or stealing cars. Welcome to Urban’s world. Bernard Hare was on society’s margins, living on one of Leeds’ roughest estates and with a liking for drink and drugs. So he knew what life in the underclass was like in ’90s Britain. But even he was shocked when he met Urban, an illiterate, glue-sniffing twelve-year-old. And through Urban he got to know The Shed Crew - an anarchic gang of kids between the ages of ten and fourteen; joy-riding, thieving runaways, who were no strangers to drugs or sex. Nearly all had been in care, but few adults really cared. Bernard decided to do what he could. He didn’t know what he was letting himself in for.
