After Effects Most Wanted Lee Reynolds,Mark Towse,Joost Korngold,Chris James Hewitt,Simon Tzysko,Christian Darkin,2013-11-11 So you've got a copy of After Effects and an idea of what this professional motion graphics and effects tools can do...but what can you really do with After Effects? How far can you push it? What are the best effects that you can create? What are the essential skills and techniques that you need to really make your creations stand out? After Effects Most Wanted answers these questions in a refreshing and practical way. Looking at a wide variety of projects, the original artists tell you why, and exactly how they created their masterpieces. The authors, all professionals who use After Effects to make a living, share with you the secrets of their successes and extend beyond that to give you the reasons why they did things the way that they did. Moreover, the accompanying CD has their creations available at your fingertips and the simple, step-by-step instructions in the book show you how they created these pieces. The projects covered are diverse, from a thought-provoking work by renowned and controversial artist Simon Tsyko, a work featured by Adobe in their motion gallery, to a television commercial for McDonald's and Coca-Cola by Peter Reynolds. Other authors include: Joost Korngold (www.renascent.nl) and Chris James Hewitt, whose Relokation Ne is the featured work on the BD4D (By Designers For Designers) web site, Christian Darkin, a digital video journalist and author, and Mark Towse, who offers two pieces, one for TV and one for the cinema. Without long, redundant discussions of tools and application packages, After Effects Most Wanted is a book that delivers the techniques, skills, and effects that will let you bring your creations to life.

Sustainability in the Textile and Apparel Industries Subramanian Senthilkannan Muthu,Miguel Angel Gardetti,2020-03-16 This book is part of a five-volume set that explores sustainability in textile industry practices globally. Case studies are provided that cover the theoretical and practical implications of sustainable textile issues, including environmental footprints of textile manufacturing, consumer behavior, eco-design in clothing and apparels, supply chain sustainability, the chemistry of textile manufacturing, waste management and textile economics. This volume comprehensively covers the various sustainable natural materials used in textiles that originate from raw materials sourcing. The book discusses agricultural production systems and standards for the development of sustainable textile fibers, the effects of chemical surface modification methods on the properties of textile fibers, and how antibacterial and antifungal textiles can be manufactured using natural resources.

French Fire Engines Cristina Berna,Eric Thomsen,2024-02-12 Fire fighting engines are brightly colored, red or yellow and shiny chrome. Their sirens ask people kindly to get out of the way, because here is now an emergency. Children loves these vehicles and their heroes. Napoleon Bonaparte is generally attributed as creating the first professional firefighters in France, known as Sapeurs-Pompiers, from the French Army. The corps was created under the Commandant of engineers in 1810. The Sapeurs-Pompiers was organized after a fire at the ballroom in the Austrian Embassy in Paris which injured several dignitaries. For a practical overview the pictures are organized according to region, with Paris as a separate entry. We hope you will enjoy our selection of photos.

Medicine in a Minute Amar Vaswani,Hwan Juet Khaw,2018-12-21 Winner of the Young Authors Award at the BMA book awards 2019! AND Highly Commended in the Medicine category! Here's what the BMA reviewers said: I would unreservedly recommend this book to any medical student and indeed anyone else who wanted to learn more about internal medicine including junior doctors, nurses, physicians' assistants. I would have loved a book like this when I was a medical student. Medicine in a Minute is a new full-colour text covering the fundamentals of undergraduate medicine in one book. Medical students no longer have the time or inclination to read the huge texts that used to dominate this market - they need a concise book that covers the core information they have to know, and in a user-friendly format: Medicine in a Minute is this book! The book is edited and written by two of the authors behind the bestselling Cardiology in a Heartbeat and features several common design elements and features. It has quickly found favour with medical students and is consistently one of the bestselling medical student texts. The book is divided into body systems and then each section within the particular body system follows a consistent pattern: Definition Epidemiology Risk factors Differential diagnosis Aetiology Pathophysiology Clinical features Investigations Management Medicine in a Minute is a student-friendly, concise text that you will want close to hand throughout your studies.

The Adobe Photoshop Lightroom Classic Book Scott Kelby, 2021-12-16 Since Lightroom first launched 15 years ago, Scott Kelby's The Adobe Photoshop Lightroom Book for Digital Photographers has been the world's #1 top-selling Lightroom book (it has been translated into dozens of different languages), and in this latest version, Scott did his biggest update ever, sharing all his newest techniques, insights, and invaluable tips using his award-winning, plain-English style that makes learning Lightroom easy and fun. Scott doesn't just show you which sliders do what (every Lightroom book does that, right?). Instead, he shares his own personal settings, his time-tested techniques, and his proven step-by-step method of learning Lightroom, so you can begin using it like a pro from the start. Each year, he trains thousands of Lightroom users at his live seminars, online conferences, and through his blog at LightroomKillerTips.com, and he has learned firsthand what really works and what doesn't. He tells you flat-out which techniques work best, which ones to avoid, and why. You'll learn: His famous SLIM (Simplified Lightroom Image Management) system that will teach you, step by step, how to organize your images, back them up, and be able to find them quickly and easily. Scott's SLIM system is taught at colleges and universities around the world, because it's so simple, straightforward, and it works. How to make your images look like the pros, and how to take advantage of the camera, creative, and B&W profiles—you'll finally get the whole image editing thing, and you'll know exactly what to do, which sliders to move (and which to avoid) in what order, and why. How to unlock the power of Lightroom's Masking tools and how to paint with light to take your images to another level. How to use Lightroom along with Photoshop, and how to make the two work together absolutely seamlessly. You'll be surprised at what you'll be able to do, even if you've never used Photoshop before. How to expand Lightroom's power to your phone or tablet, so you can organize and edit your images from anywhere. How to share your images in print and in gorgeous coffee table books, or online, including how to do online client proofing or share images with a group. Download most of the same images used in the book to follow right along with. You'll get a killer collection of custom Lightroom Develop and Print presets to give you some of the most sought-after looks and effects, all with just one click. This is the first and only book to bring the whole process together in such a clear, concise, and visual way. There is no faster, more straight-to-the-point, or more fun way to learn Lightroom.

Internet Explorer Construction Kit For Dummies Clayton Walnum, 2004-10-27 You've heard the saying, "If you want something done right, do it yourself." Actually, most Internet browsers are done right. Chances are, you're comfortable with yours. Yet, you may want to build your own. You don't have to start from scratch—you can start with the Browser Construction Kit on the CD-ROM that comes with Internet Explorer Construction Kit for Dummies. Best of all, there's no programming required. Whether you personalize your browser or build one just for your business, you can include features and functions not available with traditional browsers, including: Log file: a list of all Web sites visited Alarm: an audible or popup alarm that signals the end of the time period used with the countdown timer Lock: prevents the custom browser from further browsing Approved list: list of Web sites to which browsing is limited Spy: screen captures taken once a minute Popular sites: a list of the most-visited sites You can make your browser G-rated. That's great if you have curious kids and are concerned about adult sites and Internet safety or simply want to limit their browsing time. The ability to limit access to specific sites also comes in handy if you own a business and want customers in your store to be able to browse your online catalog, but not to comparison shop! Written (and more importantly, programmed) by Clayton Walnum, author of Standard C++ Bible and many other computer books, Internet Explorer Construction Kit For Dummies takes you step-by-step through: Adding borders to give your browser a graphical theme Using window skin to add an image to your window's background Making the bar scene —assembling the toolbar, designing the menu bar, pulling together the status bar, and customizing the address bar Creating buttons and icons In addition to your Browser Construction Kit, the bonus CD-ROM includes several sample projects you can create, sample graphics for creating custom buttons and skins, and an evaluation version of Paint Shop Pro8 so you can get down to work. You even have everything you need to create a browser with themed graphics, choosing from animal, art, music, sea, sports, or more. Have fun creating your own personalized, custom-built browser. That way, it will be done just right for you!
