In the Time of the Butterflies Julia Alvarez, 2010-01-12 Celebrating its 30th anniversary in 2024, internationally bestselling author and literary icon Julia Alvarez's *In the Time of the Butterflies* is beautiful, heartbreaking and alive ... a lyrical work of historical fiction based on the story of the Mirabal sisters, revolutionary heroes who had opposed and fought against Trujillo. (Concepción de León, New York Times) Alvarez's new novel, *The Cemetery of Untold Stories*, is coming April 2, 2024. Pre-order now! It is November 25, 1960, and three beautiful sisters have been found near their wrecked Jeep at the bottom of a 150-foot cliff on the north coast of the Dominican Republic. The official state newspaper reports their deaths as accidental. It does not mention that a fourth sister lives. Nor does it explain that the sisters were among the leading opponents of Gen. Rafael Leónidas Trujillo's dictatorship. It doesn't have to. Everybody knows of Las Mariposas—the Butterflies. In this extraordinary novel, the voices of all four sisters—Minerva, Patria, María Teresa, and the survivor, Dedé—speak across the decades to tell their own stories, from secret crushes to gunrunning, and to describe the everyday horrors of life under Trujillo's rule. Through the art and magic of Julia Alvarez's imagination, the martyred Butterflies live again in this novel of courage and love, and the human costs of political oppression. Alvarez helped blaze the trail for Latina authors to break into the literary mainstream, with novels like *In the Time of the Butterflies* and *How the García Girls Lost Their Accents* winning praise from critics and gracing best-seller lists across the Americas.—Francisco Cantú, The New York Times Book Review This Julia Alvarez classic is a must-read for anyone of Latinx descent. —Popsugar.com A gorgeous and sensitive novel . . . A compelling story of courage, patriotism and familial devotion. —People Shimmering . . . Valuable and necessary. —Los Angeles Times A magnificent treasure for all cultures and all time.” —St. Petersburg Times Alvarez does a remarkable job illustrating the ruinous effect the 30-year dictatorship had on the Dominican Republic and the very real human cost it entailed.—Cosmopolitan.com

I Am Malala Malala Yousafzai, 2013-10-08 A MEMOIR BY THE YOUNGEST RECIPIENT OF THE NOBEL PEACE PRIZE As seen on Netflix with David Letterman I come from a country that was created at midnight. When I almost died it was just after midday. When the Taliban took control of the Swat Valley in Pakistan, one girl spoke out. Malala Yousafzai refused to be silenced and fought for her right to an education. On Tuesday, October 9, 2012, when she was fifteen, she almost paid the ultimate price. She was shot in the head at point-blank range while riding the bus home from school, and few expected her to survive. Instead, Malala's miraculous recovery has taken her on an extraordinary journey from a remote valley in northern Pakistan to the halls of the United Nations in New York. At sixteen, she became a global symbol of peaceful protest and the youngest nominee ever for the Nobel Peace Prize. *I AM MALALA* is the remarkable tale of a family uprooted by global terrorism, of the fight for girls' education, of a father who, himself a school owner, championed and encouraged his daughter to write and attend school, and of brave parents who have a fierce love for their daughter in a society that prizes sons. *I AM MALALA* will make you believe in the power of one person's voice to inspire change in the world.

Speaking with Vampires Luise White, 2023-04-28 During the colonial period, Africans told each other terrifying rumors that Africans who worked for white colonists captured unwary residents and took their blood. In colonial Tanganyika, for example, Africans were said to be captured by these agents of colonialism and hung upside down, their throats cut so their blood drained into huge buckets. In Kampala, the police were said to abduct Africans and keep them in pits, where their blood was sucked. Luise White presents and interprets vampire stories from East and Central Africa as a way of understanding the world as the storytellers did. Using gossip and rumor as historical sources in their own right, she assesses the place of such evidence, oral and written, in historical reconstruction. White conducted more than 130 interviews for this book and did research in Kenya, Uganda, and Zambia. In addition to presenting powerful, vivid stories that Africans told to describe colonial power, the book presents an original epistemological inquiry into the nature of historical truth and memory, and into their relationship to the writing of history.

The Bipolar Child Demetri F. Papolos, Demetri Papolos, Janice Papolos, 2006 Since it first appeared on bookshelves, *The Bipolar Child* has made an indelible mark on the field of psychiatry and has become the resource that families rely upon. Now, with more than 200,000 copies sold, the first book about early-onset bipolar disorder is completely revised and expanded. Bipolar disorder—manic depression—was once thought to be rare in children. Now researchers are discovering not only that bipolar disorder can begin early in life, but that it is much more common than ever imagined. Yet the illness is often misdiagnosed and mistreated with medications that can exacerbate the symptoms. Why? Bipolar disorder manifests itself differently in children than in adults, and in children there is an overlap of symptoms with other childhood psychiatric disorders. As a result, these kids may be labeled with any of a number of psychiatric conditions: “ADHD,” “depression,” “oppositional defiant disorder,” “obsessive-compulsive disorder,” or “generalized anxiety disorder.” Too often they are treated with stimulants or antidepressants—medications that can actually worsen the bipolar condition. Since the publication of its first edition, *The Bipolar Child* has helped many thousands of families get to the root cause of their children's behaviors and symptoms and find what they need to know. The Papoloses comprehensively detail the diagnosis, explain how to find good treatment and medications, and advise parents about ways to advocate effectively for their children in school. In this edition, a greatly expanded education chapter describes all the changes in educational law due to the 2004 reauthorization of IDEA (Individuals with Disabilities Education Act), and offers a multitude of ideas for parents and educators to help the children feel more comfortable in the academic environment. The book also contains crucial information about hospitalization, the importance of neuropsychological testing (with a recommended battery of tests), and the world of insurance. Included in these pages is information on promising new drugs, greater insight into the special concerns of teenagers, and additional sections on the impact of the illness on the family. In addition, an entirely new chapter focuses on major advances taking place in the field of molecular genetics and offers hope that researchers will better understand the illness and develop more targeted and easier-to-tolerate medicines. *The Bipolar Child* is rich with the voices of parents, siblings, and the children themselves, opening up the long-closed world of the families struggling with this condition. This book has already proved to be an invaluable resource for parents whose children suffer from mood disorders, as well as for the professionals who treat and educate them, and this new edition is sure to continue to light the way.

Caring Lessons Lois Hoitenga Roelofs, 2010-09-14 Imagine not wanting to be a nurse, teacher, or teacher of psychiatric nursing only to find yourself doing all three - and loving it! In *Caring Lessons*, Lois Roelofs tells her stories about being a rebellious minister's daughter, reluctant nurse, restless mom, perpetual student, and, eventually, fun-loving teacher. She used to tell her students that if she, an ordinary suburban sandbox mom, propelled by restlessness and prayer, could end up having a career, growing in faith, and getting a PhD, they could too. Roelofs brings the therapeutic use of self required in nursing to her writing. With a national shortage of registered nurses over a half million projected this decade and a shortage of nursing faculty that causes nursing programs to turn qualified applicants away, *Caring Lessons* will encourage readers to think about becoming nurses or stimulate nurses to think about becoming teachers, both of which would address these critical shortages. The main theme of the book is caring for others and caring for oneself.

The Girl and the Moon Mark Lawrence,2022-04-26 In the third exhilarating novel in this dazzling epic fantasy series, a young outcast will fight against staggering odds to save her world. On the planet Abeth, a narrow Corridor of green land is surrounded on all sides by ice plains where only the strong survive. Ice triber Yaz has completed a perilous journey and arrived at the Corridor, and it exceeds and overwhelms all of her expectations. Everything seems different but some constants remain: her old enemies are still two steps ahead, bent on her destruction. She makes her way to the Convent of Sweet Mercy, where nuns train young girls who show the old gifts, but like the Corridor itself the convent is packed with peril and opportunity. Yaz has much to learn from the nuns—if they don’t decide to execute her. The fate of everyone squeezed between the Corridor’s vast walls, and ultimately the fate of those laboring to survive out on ice itself, hangs from the moon, and the battle to save the moon centers on the Ark of the Missing, buried beneath the emperor’s palace. Everyone wants Yaz to be the key that will open the Ark – the one the wise have sought for generations. But sometimes wanting isn’t enough.

Victor Kugler Victor Kugler,2008 This book is based on Eda Shapiro's interviews with Kugler conducted in Toronto in 1969-73. Born in Bohemia, Kugler (1900-1981) was a business partner of Otto Frank in Amsterdam in 1933-42. When the Frank family went into hiding in 1942, Kugler continued to manage the business, and he materially supported the Franks in their Secret Annex. He appears in Anne Frank's diary as Mr. Kraler. After the Secret Annex was exposed and the Frank family was arrested by the Nazis in August 1944, Kugler was also arrested and sent to the Amersfoort internment camp. Later he was sent to the labor camps of Zwolle and Wageningen. He managed to escape from the latter camp shortly before the liberation. In 1955 Kugler settled in Canada. Mentions the symphonic and vocal composition From the Diary of Anne Frank by Czech-born Canadian composer Oskar Morawetz. Kugler was recognized by Yad Vashem as a Righteous Gentile, and received other awards by Canadian institutions for helping the Frank family and the others hiding in the Secret Annex.
