**Dragons Realm** Tessa Dawn,2015-10-31 Mina Louvet is a fighter, a human with a powerful will to survive in a world dominated by warlocks, soul-eaters, and shifters. Identified by the king's witch as one of the rare, invaluable females in Dragons Realm who can give birth to a dragon's son, she was stolen from her parents as a child and taken to the Keep to be reared in the ways of the Ahavi. As one of the few, the elect ~ the Sklavos Ahavi ~ Mina is expected to feed her master's fire, reanimate his blood, and above all else, give him strong dragon offspring: children who will one day rise to power. But Mina, to her great misfortune, is far too intelligent for her own good: She has a stubborn sense of justice, and she is wholly incapable of blind submission. Dante Dragona is as cunning as he is lethal, as methodical as he is dangerous, and as terrifying as he is powerful. As the eldest of three dragon princes, he is destined to succeed his merciless father to the throne of Castle Dragon. But first he must do his duty to the Realm by governing one of its harsh, unforgiving districts and claiming a Sklavos Ahavi. Hardened by the sadistic abuse he endured as a child and shaped by the tragic suicide of his twin, the prince lives only to fulfill his obligations to the monarchy: to maintain law and order in a bestial land, to contain its magical inhabitants, and to keep the kingdom safe from its mortal enemies, the Lycanian shifters across the sea. Like all primordial dragons, he rules with an iron fist, dominates with absolute power, and punishes with fire. Those who oppose him die a swift and brutal death ~ subject, enemy, or slave ~ the Realm has no tolerance for weakness. When the iron resolve of a dragon prince clashes with the stubborn will of a slave, bonds will be broken, alliances will be tested, and a kingdom will be set ablaze. DRAGONS REALM by Tessa Dawn

**Blood Echo** Tessa Dawn ,2019-11-14 Let sleeping dogs lie... Don't stir up the past. Long ago, in a Romanian castle, the last females of a dying race called him Nanaşule. Godfather. One who wields the powers of the gods, yet behaves as Father, one who is both respected and beloved...at least before the Blood Curse. One who hails from a long line of powerful mages who served the monarchy faithfully. But something is different about Fabian Antonescu. He is haunted by visions of a golden hawk and a copper-eyed raven—cryptic vials of blood—and he will do anything to remain one step ahead of his memories. For the secrets shrouded in the fog could change everything. Gwendolyn Hamilton, as strong as she is, has already survived the unthinkable. She didn't ask to be thrust into a predatory world of vampires, warriors, and ancient mages. She didn't ask to be taken by Fabian. Yet one touch of a stone, one electrical current, one fateful moment when a vampire's eyes met hers were more than enough to set off an explosion — and cause a thunderous BLOOD ECHO. If she hopes to survive, she must answer back... To the call of the wild ~ to a savage vampire. To the demands of antiquity in a modern world. To the threat and promise of a looming Blood Moon ~ and the destiny that awaits her.

*Blood Genesis* Tessa Dawn, 2014-11-13 Before there was a modern-day town called Dark Moon Vale, there was an ancient kingdom nestled in the Transylvanian Alps. Before there was a primordial species called the Vampyr, there was a celestial race begotten of gods and men. Before light battled shadow, the sacrifice became mandatory, or the first Blood Moon adorned the celestial sky... There was The Curse. A punishment. An abomination. The ultimate act of vengeance. And it was placed upon a people so corrupted by their thirst for blood and dominion that they awakened the souls of the slain and became the souls of the damned: Young, beautiful, and in the prime of her life, Jessenia Groza is not ready to die. Yet she has been condemned by Prince Jaegar's men, slated as a sacrifice to the gods. Timaos Silivasi would gladly risk everything - his power, his privilege, his celestial heart - to save his one true love, but fate has a plan of its own... For this couple. For this civilization. Belonging to an ancient civilization that sacrificed its females to the verge of extinction, he is also cursed. Like all the sons of Jadon, he is incapable of producing female offspring and required to sacrifice a first born son as atonement for the sins of his forefathers. While he belongs to a modern civilization, he is bound by primeval law. When Jocelyn Levi stumbles upon Nathaniel's pristine mountain valley, she is not prepared for the collision of worlds she is about to encounter. As an agent of the homeland security department, ICE, the beautiful, defiant female has an agenda of her own: to stop the ritualistic slaughter of innocent young women by a human trafficking ring. Little does she know, the evil she seeks is unlike anything she has ever witnessed. She has entered a world of warriors, code, and mystery, where the predators are divided only by degrees of light and shadow, and the dark handsome stranger who has come to her aid is the most dangerous of all. What would you do if the moon turned red, and your life was no longer your own?

*Sopwith Camel* Jon Guttman, 2012-10-20 An icon of World War I aerial combat, the Sopwith Camel was a superb dogfighter in the hands of a pilot who could master its vicious idiosyncrasies. The first British fighter to be armed with twin machine guns, the Camel packed a considerable punch and was highly successful, notching up a considerable number of aerial victories. The Camel was a remarkable aircraft, and one that could perform in a variety of roles, including as a ground strafing, a night fighter and a carrier-based fighter. As newer, higher performance aircraft types were introduced and began to eclipse it, the dominance of the Camel declined and losses mounted. Nevertheless, Camels appeared over battlefields throughout the war and beyond, notably in the Russian Civil War.

As the youngest vampire in a family of warriors, he has studied Magick for four hundred years and acquired a rare mastery of the universe around him. He is beloved by his family; legendary for his good looks; and known for his uncommon valor. Unfortunately, he has just made the ultimate sacrifice – he has traded his immortal life for the life of the Vampyr King. Deanna Dubois is as talented as she is independent, but she has developed a strange and terrifying habit: Night after night, day after day, she sketches one horrifying scene after another -- the body of a gorgeous male being tortured in hell by demons. Disturbed by her ever growing obsession, she sets out to Dark Moon Vale to uncover the truth. Only what she finds is a web of danger, destruction, and deceit. Separated by space and time, yet drawn together by fate, Nachari and Deanna find themselves in an epic battle against evil: Nachari is forced to forge a path in a world of shadows, where torture and lust rule the night, while Deanna struggles to decide between two polar opposites – to flee from the truth or trade her mortal soul for the possibility of a stranger's salvation. The stakes could not be higher. The enemy could not be more lethal. And the only way to reach the light is to first enter the Blood Shadows.

*Blood Vengeance* Tessa Dawn, 2015-04-27 Ramsey Olaru is a bona fide bad-ass: a lethal vampire, a seasoned warrior, and a ruthless mercenary in the king's Sentinel Guard. He's accustomed to taking what he wants, ramrodding his way through obstacles, and silencing anything—or anyone—who gets in his way. So when his Gemini Blood Moon reveals Tiffany Matthews as his long-

awaited destiny, he sets out to fulfill the demands of the Curse, claiming her as his own, swiftly and definitively. Tiffany Matthews is as independent as she is savvy, and she knows more than she should about the volatile underworld of the Vampyr, the powerful, preternatural beings that dwell in Dark Moon Vale. She has carved out a peaceful, solitary place in a world filled with violence and fear, and she plans to keep it that way. The sassy human has no time for the brutal, unforgiving warrior—or his ominous Blood Moon. Little do Tiffany and Ramsey know; they are not alone in this game of chance. Deep in the bowels of the Dark Ones' Colony, an unforeseen evil is stirring: A demon-hearted vampire has finally found a kindred soul, a human female so deliciously evil, she shares his desire to destroy the innocent. Before it's over, the moon will bleed, the heart will break, and the soul will seek the ultimate solace: Blood Vengeance.

**The Red Baron** Norman Franks, 2016-10-14 A pictorial history of the infamous German World War I air force pilot, by the author of *Dieppe: The Greatest Air Battle*. There are numerous books covering the life of Rittmeister Manfred Freiherr von Richthofen, and he has remained at the forefront of World War I studies. In commemoration of one hundred years since the beginning of the war, author Norman Franks introduces a new collection of photographs covering the entire span of von Richthofen's war (most of which will have been seen but spread over a variety of literature about First World War flying), consolidated in one book. In the time since the release of Franks' earlier titles on a similar theme, a constant trickle of new information has filtered down to him. Although none of it specifically challenges the conclusions drawn in earlier publications, in consolidating them here, he's been able to preserve some significant notes of interest. Following several visits to Belgium and Northern France, Franks has managed to acquire additional

images, illustrating the places in which the Red Baron lived and fought between 1916 and 1918. This collection covers the entire span of von Richthofen's recorded history in pictures, some new and lesser known, some iconic and widely circulated, and all housed here under one roof for the very first time. "If you are a Red Baron fan, this book is a must-have. Even if you are new to the topic, the text provides an excellent introduction to his career." —The Miniatures Page "In summation, *The Red Baron: A History in Pictures* is recommended." —Over the Front

*Dragons Reign* Tessa Dawn ,2018-02-18 "It is time to speak of that which we never mention: the prophecy, the omen, the fact that I have come of age..." In the decades since an innocent human slave was taken to Castle Dragon, against her will, for the sole purpose of bearing a son for the monarchy, much has changed in the Realm: Alliances made in secret have flourished; sons born of veiled paternity have grown to adulthood; and dangerous warlocks, seasoned witches, and cunning shades have risen to powerful positions. Yet all is not as it seems. Beneath the shadow of an eerie double moon, a dark, tormented evil is rising... Stirring. Awakening. A prophecy is beckoning: "It is time. It is time." And a lethal dragon prince is growing restless to seize the throne of his bestial ancestors. King Demitri will never step aside. Mina Louvet—indeed, all the Sklavos Ahavi are caught between worlds. And the web of lies spun by the eldest dragon prince—the treachery, deception, and perversion—may very well spark a war of fire and fury unlike anything the Realm has ever seen—or hoped to survive. Great reward requires greater risk, and every beating heart will be wagered in this high-stakes game of blood and reckoning.
