*Seeking Sicily* John Keahey, 2011-11-08 Keahey's exploration of this misunderstood island offers a much-needed look at a much-maligned land.—Paul Paolicelli, author of *Under the Southern Sun* Sicily is the Mediterranean's largest and most mysterious island. Its people, for three thousand years under the thumb of one invader after another, hold tightly onto a culture so unique that they remain emotionally and culturally distinct, viewing themselves first as Sicilians, not Italians. Many of these islanders, carrying considerable DNA from Arab and Muslim ancestors who ruled for 250 years and integrated vast numbers of settlers from the continent just ninety miles to the south, say proudly that Sicily is located north of Africa, not south of Italy. *Seeking Sicily* explores what lies behind the soul of the island's inhabitants. It touches on history, archaeology, food, the Mafia, and politics and looks to nineteenth- and twentieth-century Sicilian authors to plumb the islanders' so-called *Sicilitudine*. This culture apart is best exemplified by the writings of one of Sicily's greatest writers, Leonardo Sciascia. *Seeking Sicily* also looks to contemporary Sicilians who have never shaken off the influences of their forbearers, who believed in the ancient gods and goddesses. Author John Keahey is not content to let images from the island's overly touristed villages carry the story. Starting in Palermo, he journeyed to such places as Arab-founded Scopello on the west coast, the Greek ruins of Selinunte on the southwest, and Sciascia's ancestral village of Racalmuto in the south, where he experienced unique, local festivals. He spent Easter Week in Enna at the island's center, witnessing surreal processions that date back to Spanish rule. And he learned about Sicilian cuisine in Spanish Baroque Noto and Greek Siracusa in the southeast, and met elderly, retired fishermen in the tiny east-coast fishing village of Aci Trezza, home of the mythical Cyclops and immortalized by Luchino Visconti's mid-1940s film masterpiece, *La terra trema*. He walked near the summit of Etna, Europe's largest and most active volcano, studied the mountain's role in creating this island, and looked out over the expanse of the Ionian Sea, marveling at the three millennia of myths and history that forged Sicily into what it is today.

**A Sweet and Glorious Land** John Keahey, 2014-07-15 In the winter of 1897-1898, Victorian writer George Gissing made a well-chronicled journey throughout southern Italy. The result was a book, *By the Ionian Sea*, in which he detailed the influence of ancient Greece on the peninsula and contrasted the glory of Greece and its magnificent cities to the southern Italy of the late 1800s. The book was published in 1901 and has since become a classic in travel literature. A hundred years later, award-winning newspaper journalist John Keahey sets off to retrace Gissing's footsteps. His goal is to compare and contrast the two Italys, seeing first-hand all the changes that have occurred over the past century. He explores the outdoor markets in Naples, journeys to the charming coastal town of Paola, takes a train ride out of the Calabrian mountain town of Cosenza and into the port city of Taranto, and makes his way down to Reggio at the toe of Italy's boot. Along the route, he visits modern-day Crotona, the Ionian coastal city that was famous in antiquity as the place where Pythagoras had his school, as well as where Hannibal, pursued for 15 years along the length of Italy by the Romans, embarked in shame for Carthage (now in modern-day Tunisia). Going beyond Gissing's journey, Keahey also makes an additional stop at Sibari near where the site of ancient Sybaris has been partially excavated. From train rides through the lush countryside to the crisp mountain air of Catanzaro, Keahey paints a beautiful and compelling picture of one of the lesser known parts of the country. *A Sweet and Glorious Land* is not only a wonderful travelogue but also an intriguing story of southern Italy and its people.

**Comparative Studies in Germanic Syntax** Jutta Hartmann, László Molnárfi, 2006 This selection of papers presented at the 20th Comparative Germanic Syntax Workshop brings together contributions that address issues in syntactic predication and studies in the nominal system, as well as papers on data from the history of English and German. Showing a strong comparative commitment, the contributions include studies on previously neglected data on case and predicative structures in Icelandic and other Germanic languages, on the (non-)syntactic distinction of predicative vs. argument NP/DPs, on quirky V2 in Afrikaans, the pronominal system, resumptive pronouns with relative clauses in Zurich German, as well as historical papers on word-formation processes, on auxiliary selection in relation to counter factuality, and on the development of VO-OV orders in the history of English. This volume presents a wide range of studies that enrich both the theoretical understanding and the empirical foundation of comparative research on the Germanic languages.

**Demystifying the Chinese Economy** Justin Yifu Lin, 2012 An insightful account of the remarkable transition of the Chinese economy from impoverished backwater to economic powerhouse.

Chinese Among Others Philip A. Kuhn, 2009 In this book, distinguished historian Philip A. Kuhn tells the remarkable five-century story of Chinese emigration as an integral part of China's modern history. Although emigration has a much longer past, its modern phase dates from the sixteenth century, when European colonialists began to collaborate with Chinese emigrants to develop a worldwide trading system. The author explores both internal and external migration, complementary parts of a far-reaching process of adaptation that enabled Chinese families to deal with their changing social environments. Skills and institutions developed in the course of internal migration were creatively modified to serve the needs of emigrants in foreign lands. As emigrants, Chinese inevitably found themselves among others. The various human ecologies in which they lived have faced Chinese settlers with a diversity of challenges and opportunities in the colonial and postcolonial states of Southeast Asia, in the settler societies of the Americas and Australasia, and in Europe. Kuhn traces their experiences worldwide alongside those of the others among whom they settled: the colonial elites, indigenous peoples, and rival immigrant groups that have profited from their Chinese minorities but also have envied, feared, and sometimes persecuted them. A rich selection of primary sources allows these protagonists a personal voice to express their hopes, sorrows, and worldviews. The post-Mao era offers emigrants new opportunities to leverage their expatriate status to do business with a Chinese nation eager for their investments, donations, and technologies. The resulting new migration, the author argues, is but the latest phase of a centuries-old process by which Chinese have sought livelihoods away from home.

**Journal, Memorials and Letters of Cornelis Matelieff de Jonge** Peter Borschberg, 2015-07-31 Admiral Cornelis Matelieff de Jonge was a Director in the Rotterdam chamber of the Dutch East Indies Company (VOC) for three decades in the early 17th century. In May 1605 he set sail from the Dutch Republic with a fleet of 11 ships, and in the following year launched an unsuccessful attack on Portuguese Melaka. After visiting various locations in the region and signing landmark treaties with the rulers of Johor (1606) and Ternate (1607), he returned to the Netherlands in 1608. There he wrote a series of

epistolary reports and memoranda that were carefully studied by leading policy makers in the Republic, among them the renowned jurist Hugo Grotius, and the politician and diplomat Johan van Oldenbarnevelt. Early VOC policy for south-eastern Asia drew heavily on Matelieff's submissions, and the materials reproduced in this volume provide candid insights into key elements of VOC strategy, trade, security and regional diplomacy, as well as Dutch relations with Spain and Portugal. Here translated into English for the first time, this collection of Matelieff's writings is an invaluable resource for students of business history, early colonial history, and the history of international law.
