Kodiak Kreol Gwenn A. Miller, 2016-01-21 From the 1780s to the 1820s, Kodiak Island, the first capital of Imperial Russia's only overseas colony, was inhabited by indigenous Alutiiq people and colonized by Russians. Together, they established an ethnically mixed kreol community. Against the backdrop of the fur trade, the missionary work of the Russian Orthodox Church, and competition among Pacific colonial powers, Gwenn A. Miller brings to light the social, political, and economic patterns of life in the settlement, making clear that Russia's modest colonial effort off the Alaskan coast fully depended on the assistance of Alutiiq people. In this context, Miller argues, the relationships that developed between Alutiiq women and Russian men were critical keys to the initial success of Russia's North Pacific venture. Although Russia's Alaskan enterprise began some two centuries after other European powers—Spain, England, Holland, and France—started to colonize

North America, many aspects of the contacts between Russians and Alutiiq people mirror earlier colonial episodes: adaptation to alien environments, the discovery and exploitation of natural resources, complicated relations between indigenous peoples and colonizing Europeans, attempts by an imperial state to moderate those relations, and a web of Christianizing practices. Russia's Pacific colony, however, was founded on the cusp of modernity at the intersection of earlier New World forms of colonization and the bureaucratic age of high empire. Miller's attention to the coexisting intimacy and violence of human connections on Kodiak offers new insights into the nature of colonialism in a little-known American outpost of European imperial power.

Vanished: Bear Trails Darrell Farnen, 2019-12-15
I met Darrell Farnen in 1975, when he was serving on the Board of Game. Over the next few years, Darrell shared remarkable stories about Alaska's hunting past. I have since hunted Kodiak several times, stayed in the cabins at Karluk Lake and read all the names on the cabin walls from successful hunters guided by this extraordinary outdoorsman. Perhaps, one day you will be inspired to do the same. I am extremely thankful that Darrell has written about his Kodiak adventures. In these pages, Darrell takes you hunting with him, and makes sure you learn something along the way. In addition to the hunting stories, he delineates with great humility many of the trials and tribulations he and others faced. You will understand the harsh Kodiak climate that Darrell and his clients endured and the skills they

required to withstand these hardships. If you have hunted bears on Kodiak Island or even dreamt about hunting there, this book is a must-read. Ted Spraker

Kodiak, Alaska Stefan Quinth, 2013-09-15 With its high mountains, clothed in emerald green and cut through with deep blue fjords, Kodiak, located in the Gulf of Alaska, is one of the most enchanting places I've ever visited. The rugged terrain has protected the islands from human exploitation, leaving the wilderness virtually untouched. This is the home of the Kodiak bear - the world's largest land predator. I first came to Kodiak in 1988 to film the beautiful scenery and the giant bears on the island. What I hadn't anticipated was the infinite hospitality of the people, who welcomed me like family. Since the early days of the Sugpiaq, through the invasion of the Russians, and the subsequent sale to the Americans, the people of Kodiak have enveloped the foreign cultures that washed upon their shores, and have developed themselves and their culture into what it is today - a celebration of diversity and harmony. Every time I step off the plane at Kodiak's airport, I take a deep breath and think, It's good to be home! In this book, I would like to introduce you to some of my friends on Kodiak and

share with you the mysteries of Kodiak's history, the diversity of cultures, the richness of the environment, the enchantment of the wilderness, and the gentle character of the giant bear. Welcome to Kodiak, Alaska - the island of the great bear!

A Kodiak Bear Mauling R. Keith Rogan, 2013-06-30
A few years ago, I survived a horrific mauling by a Kodiak brown bear. This is the story of that event along with additional tales and personal observations about these coastal giants. I have tried to render the events of that day as accurately as possible. Along with that, I've included other personal experiences and observations over the years, some of which were frightening, some funny and some quite beautiful. I discuss other maulings around Alaska in the last few years, and many of the details of those attacks were drawn directly from survivors or witnesses of the event. I want to draw an honest picture of bears and our relationship with bears. We have lived and competed with the bear since man first moved onto the Eurasian mainland hundreds of thousands of years ago. How is that working out for both sides? How smart are bears? How dangerous

are they, really? Most importantly, how do we minimize conflict with this large predator for the safety of both species? I try to touch on all this in the book and I hope the reader enjoys the journey as much as I have enjoyed sharing it. The book has been very popular as a Kindle offering and due to popular demand, is now available in this paperback edition. This new edition includes a bonus photo section by the very talented Alaskan photographer, Adina Preston. Her work illustrates the beauty of this mysterious island in ways that my words can only hint at.

Your Story Matters Leslie Leyland Fields, 2020-04-07 Your Story Matters presents a dynamic and spiritually formative process for understanding and redeeming the past in order to live well in the present and into the future. Leslie Leyland Fields has used and taught this practical and inspiring writing process for decades, helping people from all walks of life to access memory and sift through the truth of their stories. This is not just a book for writers. Each one of us has a story, and understanding God's work in our stories is a vital part of our faith. Through the spiritual practice of writing, we can remember his acts among us, declare his glory among the nations, and pass on to others what we

have witnessed of God in this life: the mysterious, the tragic, the miraculous, the ordinary. With a companion video curriculum from RightNow Media, this is a why not book as opposed to a how to book. Leslie asks each of us an important question: Why not learn to tell your story, in the context of the grander story of God?

Kodiak James Pierpoint, 2012-06-12 Kodiak is a very believable story with some things that I have experienced. It is about a man that was going through college but then quit to join the services for adventure and then became a Navy Seal after serving a few terms he went off shore to see what that was like. Mat Grogan was an exceptional man very intelligent, tall and handsome also; he had a dog named Samson and married his girl friend Hazel. Mat got stuck in a class 1 Hurricane off shore and barely survived the ordeal when the platform he was on collapsed. From there was a settlement from a law suit and then he was able to commit to his lifelong dream. Panning for gold in Alaska. Along the way he befriends his native guide named Kuda. Then they face legend the wise old Kodiak bear that is enormous. As they try to stay alive until they can be rescued.
