The ShortTube 80 Telescope Neil T. English,2019-09-14 Welcome to the first comprehensive guide to one of the world's most popular telescopes: the ShortTube 80 refractor. With its ultra-portability, versatility, and relatively low cost, this telescope continues to delight generations of stargazers. Starting in the field under a dark sky, the author walks the reader through a typical evening of stargazing, where the ShortTube 80 brings many astronomical treasures into focus. From there, he provides an in-depth account of the optical properties of the ShortTube 80 refractor and the accessories and mounting arrangements that maximize its potential both as a spotting 'scope by day and an astronomical 'scope by night. The main text discusses how the versatile ShortTube 80 can be used to study deep sky objects, the Sun, the Moon, bright planets and even high-resolution projects, where the instrument's features can be optimized for the observation of tight double and multiple stars. It explores how the ShortTube 80 can image targets using camera phones, DSLRs and dedicated astronomical CCD imagers. Packed with practical advice gained from years of firsthand stargazing experience, this book demonstrates exactly why ShortTube 80 has remained a firm favorite among amateur astronomers for over three decades, and why it is likely to remain popular for many years to come.

Biomimicry Janine M. Benyus,2009-08-11 Repackaged with a new afterword, this valuable and entertaining (New York Times Book Review) book explores how scientists are adapting nature's best ideas to solve tough 21st century problems. Biomimicry is rapidly transforming life on earth. Biomimics study nature's most successful ideas over the past 3.5 million years, and adapt them for human use. The results are revolutionizing how materials are invented and how we compute, heal ourselves, repair the environment, and feed the world. Janine Benyus takes readers into the lab and in the field with maverick thinkers as they: discover miracle drugs by watching what chimps eat when they're sick; learn how to create by watching spiders weave fibers; harness energy by examining how a leaf converts sunlight into fuel in trillionths of a second; and many more examples. Composed of stories of vision and invention, personalities and pipe dreams, Biomimicry is must reading for anyone interested in the shape of our future.

Twelve Years a Slave Solomon Northup,2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Nortup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US,on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

The Secret Life of Marilyn Monroe J. Randy Taraborrelli,2009-08-25 NOW A LIFETIME MINISERIES STARRING KELLI GARNER AND ACADEMY AWARD® WINNER SUSAN SARANDON World Premiere May 30th & 31st at 8/7c From New York Times bestselling author J. Randy Taraborrelli comes the definitive biography of the most enduring icon in popular American culture. When Marilyn Monroe became famous in the 1950s, the world was told that her mother was either dead or simply not a part of her life. However, that was not true. In fact, her mentally ill mother was very much present in Marilyn's world and the complex family dynamic that unfolded behind the scenes is a story that has never before been told...until now. In this groundbreaking book, Taraborrelli draws complex and sympathetic portraits of the women so influential in the actress' life, including her mother, her foster mother, and her legal guardian. He also reveals, for the first time, the shocking scope of Marilyn's own mental illness, the identity of Marilyn's father and the half-brother she never knew, and new information about her relationship with the Kennedy's-Bobby, Jack, and Pat Kennedy Lawford. Explosive, revelatory, and surprisingly moving, this is the final word on the life of one of the most fascinating and elusive icons of the 20th Century.

Singing Away the Hunger Mpho 'M'atsepo Nthunya,1997-10-22 . . . this gem of a book deserves a wide audience. Appropriate for African and women's studies courses and a must for college and university libraries. —Choice . . . Mpho relates the story of her life with an integrity that makes for utterly compelling reading. . . . The fortitude of this woman, now in her late 60s, is a lesson to us all. —The Bookseller, United Kingdom This is a fascinating autobiography . . . —KLIATT . . . a powerful autobiography of a Lesotho elder who tells her life as an African woman in South Africa. The focus on black culture and concerns as much as racism allows for an unusual depth of understanding of black concerns and lifestyles in Africa. —Reviewer's Bookwatch An African woman's poignant and beautifully crafted memoir lyrically portrays the brutal poverty and reliance on ritual that shape the lives of her people, the Basotho. . . . A commanding and important work that will captivate readers with its unique voice, narrative power, and unforgettable scenes of life in Southern Africa. —Kirkus Reviews . . . a stunning autobiography of a remarkable woman . . . Nthunya's telling is eloquent. Although her voice is generally one of dignified emotional distance, it is punctuated by her very human humor and pain. —Publishers Weekly . . . recommended for collections in African folklore. —Library Journal I am telling my stories in English for many months now, and it is a time for me to see my whole life. I see that things are always changing. I was born in 1930, so I remember many things which were happening in the old days in Lesotho and which happen no more. I lived in Benoni Location for more than ten years, and I saw the Boer policemen taking black people and beating them like dogs. They even took me once, and kept me in one of their jails for a while. —Mpho 'M'atsepo Nthunya A compelling and unique autobiography by an African woman with little formal education, less privilege, and almost no experience of books or writing. Mpho's is a voice almost never heard in literature or history, a voice from within the struggle of ordinary African women to negotiate a world which incorporates ancient pastoral ways and the congestion, brutality, and racist violence of city life. It is also the voice of a born storyteller who has a subject worthy of her gifts—a story for all the world to hear.
