The Black Key Amy Ewing,2016-10-04 The thrilling conclusion to the New York Times bestselling Lone City trilogy, which began with *The Jewel*, a book BCCB said will have fans of Oliver's *Delirium*, Cass's *The Selection*, and DeStefano's *Wither* breathless. For too long, Violet and the people of the outer circles of the Lone City have lived in service of the royalty of the Jewel. But now, the secret society known as the Black Key is preparing to seize power. While Violet knows she is at the center of this rebellion, she has a more personal stake in it—for her sister, Hazel, has been taken by the Duchess of the Lake. Now, after fighting so hard to escape the Jewel, Violet must do everything in her power to return not only to save Hazel, but the future of the Lone City.

The Kite Runner Khaled Hosseini,2011-09-05 Afghanistan, 1975: Twelve-year-old Amir is desperate to win the local kite-fighting tournament and his loyal friend Hassan promises to help him. But neither of the boys can foresee what will happen to Hassan that afternoon, an event that is to shatter their lives. After the Russians invade and the family is forced to flee to America, Amir realises that one day he must return to Afghanistan under Taliban rule to find the one thing that his new world cannot grant him: redemption.

Spells Trouble P. C. Cast,Kristin Cast,2021-05-25 The first book in the Sisters of Salem trilogy about twin witches from the powerhouse duo P.C. and Kristin Cast! Double double, twins spell trouble... Hunter and Mercy Goode are twin witches, direct descendants of the founder of their town of Goodeville. As their ancestors have done before them, it is now time for the twins to learn what it means to be Gatekeepers—the protectors of the Gates to different underworlds, ancient portals between their world and realms where mythology rules and nightmares come to life. When their mother becomes the first victim in a string of murders, the devastated sisters vow to avenge her death. But it will take more than magic to rein in the ancient mythological monsters who've infected their peaceful town. Now Hunter and Mercy must come together and accept their destiny or risk being separated for good.

BLUEHOLME Prentice Rules Michael Thomas,2014-12-07 Perfect bound edition. BLUEHOLME(TM) Prentice Rules is a table top fantasy roleplaying game that emulates the game play of the original basic rule book, popularly known as the Holmes Edition or simply the Blue Book. The rules in this book allow for characters of 1st to 3rd levels, and include everything the referee could possibly need to create and run a campaign in the Underworld: monsters, magic, treasure, and ... well, what more do you need?

Music and Culture in the Middle Ages and Beyond Benjamin Brand,David J. Rothenberg,2016-10-27 It has become widely accepted among musicologists that medieval music is most profitably studied from interdisciplinary perspectives that situate it within broad cultural contexts. The origins of this consensus lie in a decisive reorientation of the field that began approximately four decades ago. For much of the twentieth century, research on medieval music had focused on the discovery and evaluation of musical and theoretical sources. The 1970s and 1980s, by contrast, witnessed calls for broader methodologies and more fully contextual approaches that in turn anticipated the emergence of the so-called 'New Musicology'. The fifteen essays in the present collection explore

three interrelated areas of inquiry that proved particularly significant: the liturgy, sources (musical and archival), and musical symbolism. In so doing, these essays not only acknowledge past achievements but also illustrate how this broad, interdisciplinary approach remains a source for scholarly innovation.

The Eve Illusion Giovanna Fletcher, Tom Fletcher, 2020-04-16 THE SECOND BOOK IN THE BESTSELLING EVE OF MAN TRILOGY AND NO. 1 SUNDAY TIMES BESTSELLER - EVE AND BRAM HAVE ESCAPED, BUT CAN THEY SURVIVE? Eve is the last girl on earth. For the last sixteen years, Eve has been a prisoner. Guarded by the Mothers. Trapped by her fate. Watched by the world. Until she took her chance, and escaped. Eve finally has the freedom she has wanted for so long, and with Bram she has the love. But both come at a price. In this dangerous new world beyond the Tower, the regime is only ever one step behind. And, together with the desperate rebel group fighting against them, Eve has found herself in more danger than she ever could have imagined. With everything stacked against them, can Eve and Bram survive? Praise for Eve of Man 'A Hunger Games-esque novel . . . a compelling read' The Mail on Sunday 'Set in a dystopian future that has seen no girls born for 50 years . . . This promises to be one of the big books of the year. You'd be a fool to miss it' Heat 'This chilling dystopia is at heart a love story, and the vivid characterisation has you rooting for the duo from page one' CHILDREN'S BOOK OF THE MONTH Mail on Sunday 'A thoughtful, and excellent read' The Sun

Breeder Cara Bristol, 2017-06-19 An Alpha commander rules over a violent planet until a lowly breeder slave changes his world. Commander Dak, is one of five rulers of planet Parseon, a caste society that has enslaved its women and outlawed love. As Alpha he is responsible for maintaining the "Protocol" in his province. In need of an heir to secure his legacy, he purchases a female breeding slave intending to impregnate her, produce a son, and then discard her. But the gentle Omra instead bears a quiet strength and perceptiveness that opens his eyes to brutality and arbitrary nature of Parseon culture. As Dak falls in love with her, he begins to question the truths he once held immutable. But the commander has powerful enemies who won't hesitate use his devotion to Omra against him and deem him unfit to rule. Can he expose the cruelty and lies in Parseon culture or will the Protocol he's spent his life defending be the weapon used to destroy Omra and their love? Breeder is the powerful, edgy first book of the dark science fiction romance Breeder series.

Formation of Character Charlotte Mason, 2013-04-30 Formation of Character is the fifth volume of Charlotte Mason's Homeschooling series. The chapters stand alone and are valuable to parents of children of all ages. Part I includes case studies of children (and adults) who cured themselves of bad habits. Part II is a series of reflections on subjects including both schooling and vacations (or stay-cations as we now call them). Part III covers various aspects of home schooling, with a special section detailing the things that Charlotte Mason thought were important to teach to girls in particular. Part IV consists of examples of how education affected outcome of character in famous writers of her day. Charlotte Mason was a late nineteenth-century British educator whose ideas were far ahead of her time. She believed that children are born persons worthy of respect, rather than blank slates, and that it was better to feed their growing minds with living literature and vital ideas and knowledge,

rather than dry facts and knowledge filtered and pre-digested by the teacher. Her method of education, still used by some private schools and many homeschooling families, is gentle and flexible, especially with younger children, and includes first-hand exposure to great and noble ideas through books in each school subject, conveying wonder and arousing curiosity, and through reflection upon great art, music, and poetry; nature observation as the primary means of early science teaching; use of manipulatives and real-life application to understand mathematical concepts and learning to reason, rather than rote memorization and working endless sums; and an emphasis on character and on cultivating and maintaining good personal habits. Schooling is teacher-directed, not child-led, but school time should be short enough to allow students free time to play and to pursue their own worthy interests such as handicrafts. Traditional Charlotte Mason schooling is firmly based on Christianity, although the method is also used successfully by s

Journalism and the Periodical Press in Nineteenth-Century Britain Joanne Shattock, 2017-03-16 A comprehensive and authoritative overview of the diversity, range and impact of the newspaper and periodical press in nineteenth-century Britain.

God, Man, and Tolstoy Predrag Cicovacki, 2021-11-01 □ This book examines Leo Tolstoy's struggle to understand the relationship of God and man, in connection with his attempt to answer questions regarding the meaning of life. Tolstoy addressed such issues in a systematic way and with great concerns for the future of humanity. Predrag Cicovacki approaches Tolstoy both as a thinker and as an artist, and examines various sides of his intellectual and artistic engagement: his social criticism, his ambiguous relationship to nature, his understanding of art, and his attempted reconstruction of the true religion. By combining philosophical, religious, and literary analysis, Cicovacki undertakes an interdisciplinary study, showing much can be learned from Tolstoy's insights, as well as from his mistakes.

Within These Wicked Walls Lauren Blackwood, 2021-10-19 An intricate magic system, a grimly humorous Black heroine, AND a heart-thumping romance? This book leaves nothing wanting. - Jordan Ifueko, New York Times bestselling author of *Raybearer* Andromeda is a debtera—an exorcist hired to cleanse households of the Evil Eye. She would be hired, that is, if her mentor hadn't thrown her out before she could earn her license. Now her only hope of steady work is to find a Patron—a rich, well-connected individual who will vouch for her abilities. When a handsome young heir named Magnus Rorschach reaches out to hire her, she takes the job without question. Never mind that he's rude and demanding and eccentric, that the contract comes with a number of outlandish rules... and that almost a dozen debtera had quit before her. If Andromeda wants to earn a living, she has no choice. But she quickly realizes this is a job like no other, with horrifying manifestations at every turn, and that Magnus is hiding far more than she has been trained for. Death is the most likely outcome if she stays, the reason every debtera before her quit. But leaving Magnus to live out his curse alone isn't an option because—heaven help her—she's fallen for him. Stunningly romantic, Lauren Blackwood's heartstopping debut, *Within These Wicked Walls*, ushers in an exciting new fantasy voice. Fierce, eerie and heartfelt... a romantic and spine-chilling reimagining

of a classic. I loved every creepy, swoon-worthy moment of it. - Laura E. Weymouth, author of *The Light Between Worlds*

The Cambridge History of Ireland: Volume 1, 600–1550 Brendan Smith, 2018-03-31 The thousand years explored in this book witnessed developments in the history of Ireland that resonate to this day. Interspersing narrative with detailed analysis of key themes, the first volume in *The Cambridge History of Ireland* presents the latest thinking on key aspects of the medieval Irish experience. The contributors are leading experts in their fields, and present their original interpretations in a fresh and accessible manner. New perspectives are offered on the politics, artistic culture, religious beliefs and practices, social organisation and economic activity that prevailed on the island in these centuries. At each turn the question is asked: to what extent were these developments unique to Ireland? The openness of Ireland to outside influences, and its capacity to influence the world beyond its shores, are recurring themes. Underpinning the book is a comparative, outward-looking approach that sees Ireland as an integral but exceptional component of medieval Christian Europe.

Augmented Reality Art Vladimir Geroimenko, 2014-06-17 Written by a team of world-renowned artists, researchers and practitioners - all pioneers in using augmented reality based creative works and installations as a new form of art - this is the first book to explore the exciting new field of augmented reality art and its enabling technologies. As well as investigating augmented reality as a novel artistic medium the book covers cultural, social, spatial and cognitive facets of augmented reality art. Intended as a starting point for exploring this new fascinating area of research and creative practice it will be essential reading not only for artists, researchers and technology developers, but also for students (graduates and undergraduates) and all those interested in emerging augmented reality technology and its current and future applications in art.

Whence the Goddesses Miriam Robbins Dexter, 1990

Given Nandi Taylor, 2020-01-21 Bound by Fate. Divided by Duty. As a princess of the Moonrise Isles and one of its fiercest warriors, Yenni has always put duty before her own desires. When her father falls gravely ill, she knows she must find the cure and sets out on an arduous journey that takes her to a magical academy in the far reaches of the Empire of Cresh. There is no room for failure, but Yenni struggles to learn the strange magic of Cresh as a cure continues to evade her. And complicating matters is Weysh, a dragon shifter who says Yenni is his Given—his one true partner ordained by destiny. As a dragon, Weysh is an ally, both in matters of magic and friendship. As a man, he is a beautiful and infuriating distraction. With her father's life hanging in the balance and her feelings for Weysh deepening, Yenni realizes her greatest challenge has just begun—save her people, while also following her heart. Breakout author Nandi Taylor brings to life an Afro-Caribbean-inspired fantasy that blends vast world-building with a swoon-worthy romance in this epic debut.

The Psychology of Political Behavior in a Time of Change Jan D. Sinnott, Joan S. Rabin, 2020-10-23 This volume seeks to add a unique perspective on the complex relationship between psychology and politics, focusing on three analytical points of view: 1) psychology, politics, and complex thought, 2) bio/psycho/social factors of

masculinity and power, and 3) underlying factors in political behavior. Contributors examine recent political events worldwide through a psychological lens, using interdisciplinary approaches to seek a deeper understanding of contemporary political ideas, psychologies, and behaviors. Finally, the book offers suggestions for surviving and thriving during rapid political change. Among the topics discussed: Biopsychological factors of political beliefs and behaviors Understanding political polarization through a cognitive lens Impact of psychological processes on voter decision making Motivations for believing in conspiracy theories Nonverbal cues in leadership Authoritarian responses to social change The Psychology of Political Behavior in a Time of Change is a timely and insightful volume for students and researchers in psychology, political science, gender studies, business and marketing, and sociology, as well as those working in applied settings: practitioners, government workers, NGOs, corporate organizations.

Race for the Iron Throne: Political and Historical Analysis of a Game of Thrones Steven Attewell, 2018-05-16 A GAME OF THRONES How would you like to read A Game of Thrones with a PhD by your side? Steven Attewell, creator of Race for the Iron Throne (racefortheironthrone.wordpress.com), is one of the most insightful scholars in political theory and history, but instead of devoting his talents to academia, he's delving into George R.R. Martin's A Song of Ice and Fire saga to give the most comprehensive deconstruction - and explanation - yet offered. Each one of Thrones's 73 chapters is broken down in meticulous detail in four key areas. The Political and Historical Analyses explore the political ramifications that each character's decisions entail while digging into the real-world historical incidents that inspired Martin's narrative twists and turns. What If? offers up a tantalizing look at how these political and historical elements could have played out in dozens of alternative scenarios, underscoring the majesty and complexity of Martin's storytelling. And Book vs. Show looks at the key differences - both good and bad - between the story as originally conceived on the printed page and as realized in HBO's Game of Thrones. At nearly 204,000 words, it's almost literally impossible to imagine a more exhaustive or authoritative reading companion for any novel ever before published. Note: there are spoilers for all five published novels in the Song of Ice and Fire series. About the author Steven Attewell is the author of Race for the Iron Throne, a blog that examines the history and politics of the Song of Ice and Fire series and HBO's Game of Thrones. He has a PhD in History from the University of California, Santa Barbara, where he studied the history of public policy and was a political and union activist. In addition to Race for the Iron Throne, Steven is also a co-podcaster on Game of Thrones at the Lawyers, Guns, and Money podcast, writes about public policy at the Realignment Project, and is a co-author of the Tower of the Hand: A Hymn for Spring anthology book.

The Masterharper of Pern Anne McCaffrey, 2002-02-26 NEW YORK TIMES BESTSELLER • "At last, Robinton has his own book . . . McCaffrey adds another absorbing chapter to dragon lore. . . . Readers will revel in this compelling character study of a fascinating personality."—Romantic Times In a time when the deadly scourge Thread has not fallen on Pern for centuries—and many dare to hope that Thread will never fall again—a boy is born to Harper Hall. A musical prodigy who has the ability to speak with the dragons, he is called Robinton, and he is destined to be

one of the most famous and beloved leaders Pern has ever known. It is a perilous time for the harpers who sing of Thread—they are being turned away from holds, derided, attacked, even beaten. In this climate of unrest, Robinton will come into his own. But despite the tragedies that beset his own life, he continues to believe in music and in the dragons, and he is determined to save his beloved Pern from itself—so that the dragonriders can be ready to fly against the dreaded Thread when at last it returns . . . “The story takes wing . . . when McCaffrey’s beloved dragons roar and their riders soar upon the beasts’ mighty backs. . . . Fans of Pern will likely be enthralled.”—Publishers Weekly

Goddesses, Elixirs, and Witches J. Riddle, 2010-02-15 From the earliest times, the medicinal properties of certain herbs were connected with deities, particularly goddesses. Only now with modern scientific research can we begin to understand the basis and rationality that these divine connections had and, being preserved in myths and religious stories, they continued to have a significant impact through the present day. Riddle argues that the pomegranate, mandrake, artemisia, and chaste tree plants substantially altered the development of medicine and fertility treatments. The herbs, once sacred to Inanna, Aphrodite, Demeter, Artemis, and Hermes, eventually came to be associated with darker forces, representing the instruments of demons and witches. Riddle's ground-breaking work highlights the important medicinal history that was lost and argues for its rightful place as one of the predecessors

Philosophy as a Way of Life Pierre Hadot, 1995-08-03 This book presents a history of spiritual exercises from Socrates to early Christianity, an account of their decline in modern philosophy, and a discussion of the different conceptions of philosophy that have accompanied the trajectory and fate of the theory and practice of spiritual exercises. Hadot's book demonstrates the extent to which philosophy has been, and still is, above all else a way of seeing and of being in the world.

This Captivating World of E-book Books: A Comprehensive Guide Unveiling the Advantages of Kindle Books: A Realm of Convenience and Flexibility Kindle books, with their inherent portability and simplicity of access, have liberated readers from the limitations of hardcopy books. Gone are the days of lugging bulky novels or carefully searching for particular titles in shops. E-book devices, stylish and lightweight, seamlessly store an extensive library of books, allowing readers to indulge in their favorite reads anytime, everywhere. Whether traveling on a bustling train, relaxing on a sunny beach, or simply cozying up in bed, E-book books provide an exceptional level of ease. A Reading Universe Unfolded: Discovering the Vast Array of E-book Gifttags Modernhandmades Cg.jpg Gifttags Modernhandmades Cg.jpg The Kindle Store, a virtual treasure trove of literary gems, boasts an extensive collection of books spanning varied genres, catering to every reader's taste and preference. From gripping fiction and mind-stimulating non-fiction to timeless classics and modern bestsellers, the Kindle Shop offers an unparalleled abundance of titles to discover. Whether seeking escape through engrossing tales of fantasy and adventure, delving into the depths of historical narratives, or broadening one's understanding with insightful works of scientific and

philosophical, the E-book Store provides a gateway to a bookish universe brimming with endless possibilities. A Game-changing Factor in the Literary Landscape: The Lasting Influence of E-book Books Gifttags Modernhandmades Cg.jpg The advent of Kindle books has undoubtedly reshaped the bookish landscape, introducing a model shift in the way books are published, distributed, and consumed. Traditional publishing houses have embraced the online revolution, adapting their strategies to accommodate the growing need for e-books. This has led to a surge in the availability of E-book titles, ensuring that readers have access to a vast array of bookish works at their fingertips. Moreover, Kindle books have democratized entry to literature, breaking down geographical limits and offering readers worldwide with equal opportunities to engage with the written word. Irrespective of their location or socioeconomic background, individuals can now engross themselves in the intriguing world of literature, fostering a global community of readers. Conclusion: Embracing the Kindle Experience Gifttags Modernhandmades Cg.jpg E-book books Gifttags Modernhandmades Cg.jpg, with their inherent ease, flexibility, and wide array of titles, have undoubtedly transformed the way we encounter literature. They offer readers the freedom to discover the boundless realm of written expression, whenever, everywhere. As we continue to navigate the ever-evolving digital landscape, Kindle books stand as testament to the lasting power of storytelling, ensuring that the joy of reading remains accessible to all.
