The Bamboo Stalk Saud Alsanousi,2015-04-23 Winner of the International Prize for Arabic Fiction Josephine escapes poverty by coming to Kuwait from the Philippines to work as a maid, where she meets Rashid, an idealistic only son with literary aspirations. Josephine, with all the wide-eyed naivety of youth, believes she has found true love. But when she becomes pregnant, and with the rumble of war growing ever louder, Rashid bows to family and social pressure, and sends her back home with her baby son, José. Brought up struggling with his dual identity, José clings to the hope of returning to his father's country when he is eighteen. He is ill-prepared to plunge headfirst into a world where the fear of tyrants and dictators is nothing compared to the fear of 'what will people say'. And with a Filipino face, a Kuwaiti passport, an Arab surname and a Christian first name, will his father's country welcome him? The Bamboo Stalk takes an unflinching look at the lives of foreign workers in Arab countries and confronts the universal problems of identity, race and religion.

THE NINJA PROGRAMME ? into one of its nation's most finely wielded weapons. Tasked as the first and last line of defense for queen and country, this small shadow army of agents and assassins has produced a succession of notable assets, including NINJA-A, the Queen's silent weapon of World War I; NINJA-E, the globe-trotting secret agent that pulled the Cold War back from the brink of Armageddon; and, most recently, NINJA-K, aka Colin King, a brash but fearless instrument of lethality that has saved the world from madmen and terror at every turn. Halo: Ghosts of Onyx Eric Nylund,2019-01-01 The New York Times bestseller—part of the expanded universe based on the award-winning video game series Halo! The twenty-sixth century. Once considered clandestine, the Spartan-II program has now gone public. Tales of armored super-soldiers fending off thousands of Covenant attacks have become the stuff of legend. While the Master Chief defends a besieged Earth, and the myriad factions of the Covenant continue their crusade to eliminate humanity, an ultra-secret cell of the Office of Naval Intelligence known as “Section Three” devises a plan to buy the UNSC vital time. It will need hundreds of willing soldiers, though—and one more Spartan—to get the job done. The planet Onyx is virtually abandoned and the perfect place to set this new plan in motion. But when the Master Chief destroys Halo, something is triggered deep within Onyx: Ancient Forerunner technology stirs, and fleets of UNSC and Covenant vessels race to claim it and change the course of the Human-Covenant War. But this reawakened and ancient force may have plans of its own...

Scenes from the Big Picture Owen McCafferty,2003 An epic, 20-character play by an up-and-coming Irish writer.

To Fly and Fight Clarence E. "Bud" Anderson,2017-05-12 Bud Anderson is a flyers flyer. The

Californians enduring love of flying began in the 1920s with the planes that flew over his fathers farm. In January 1942, he entered the Army Air Corps Aviation Cadet Program. Later after he received his wings and flew P-39s, he was chosen as one of the original flight leaders of the new 357th Fighter Group. Equipped with the new and deadly P-51 Mustang, the group shot down five enemy aircraft for each one it lost while escorting bombers to targets deep inside Germany. But the price was high. Half of its pilots were killed or imprisoned, including some of Buds closest friends. In February 1944, Bud Anderson, entered the uncertain, exhilarating, and deadly world of aerial combat. He flew two tours of combat against the Luftwaffe in less than a year. In battles sometimes involving hundreds of airplanes, he ranked among the groups leading aces with 16 aerial victories. He flew 116 missions in his old crow without ever being hit by enemy aircraft or turning back for any reason, despite one life or death confrontation after another. His friend Chuck Yeager, who flew with Anderson in the 357th, says, In an airplane, the guy was a mongooosethe best fighter pilot I ever saw. Buds years as a test pilot were at least as risky. In one bizarre experiment, he repeatedly linked up in midair with a B-29 bomber, wingtip to wingtip. In other tests, he flew a jet fighter that was launched and retrieved from a giant B-36 bomber. As in combat, he lost many friends flying tests such as these. Bud commanded a squadron of F-86 jet fighters in postwar Korea, and a wing of F-105s on Okinawa during the mid-1960s. In 1970 at age 48, he flew combat strikes as a wing commander against communist supply lines. To Fly and Fight is about flying, plain and simple: the joys and dangers and the very special skills it demands. Touching, thoughtful, and dead honest, it is the story of a boy who grew up living his dream.

Halo: Bad Blood Matt Forbeck, 2018-06-26 An original full-length novel set in the Halo universe and based on the New York Times bestselling video game series! Just hours following their climactic battle on the Forerunner planet Genesis, the Spartans of Blue Team and Fireteam Osiris find themselves running for their lives from the malevolent machinations of the now-renegade artificial intelligence Cortana. But even as they attempt to stay one step ahead, trouble seems to find Spartan Edward Buck no matter where he turns. A secret mission enacted by the Office of Naval Intelligence could possibly help turn the tide, and has Buck reluctantly agreeing to reform his old team, Alpha-Nine. Because if the band is really getting back together for this one, that means everybody—including the Spartan who Buck never wants to see again, the one who committed the ultimate betrayal of trust...

ISIS Michael Weiss, Hassan Hassan, 2015-01-29 A revelatory look inside the world's most dangerous terrorist group. Initially dismissed by US President Barack Obama, along with other fledgling terrorist groups, as a "jayvee squad" compared to al-Qaeda, the Islamic State of Iraq and Syria (ISIS) has shocked the world by conquering massive territories in both countries and promising to create a vast new Muslim caliphate that observes the strict dictates of Sharia law. In *ISIS: Inside the Army of Terror*, American journalist Michael Weiss and Syrian analyst Hassan Hassan explain how these violent extremists evolved from a nearly defeated Iraqi insurgent group into a jihadi army of international volunteers who behead Western hostages in slickly produced videos and have conquered territory equal to the size of Great Britain. Beginning with the early days of Abu Musab al-Zarqawi, the founder of ISIS's first incarnation as "al-Qaeda in Iraq," Weiss and Hassan explain who the key players are—from their elusive leader Abu Bakr al-Baghdadi to the former Saddam Baathists in their ranks—where they come from, how the movement has attracted both local and global support, and where their financing comes from. Political and military maneuvering by the United States, Iraq, Iran, and Syria have all fueled ISIS's astonishing and explosive expansion. Drawing on original interviews with former US military officials and current ISIS fighters, the authors also reveal the internecine struggles within the movement itself, as well as ISIS's bloody hatred of Shiite Muslims, which is generating another sectarian war in the region. Just like the one the US thought it had stopped in 2011 in Iraq. Past is prologue and America's legacy in the Middle East is sowing a new generation of terror.

Dragon Soul Jaida Jones,Danielle Bennett,2011-05-24 During the war between the kingdoms of Volstov and Ke-Han, no fighter could match Rook for sheer arrogance and skill. Only Rook could ride the great dragon Havemercy, whose savagery and bloodlust matched his own. His brother, Thom, is bookish, diffident, and reserved, yet he yearns for Rook's approval—and fears he can never earn it. With the war over, and an uneasy truce between the two nations, Thom hopes the long-lost brothers can bond on a trip together. But Rook cares only that Havemercy lies scattered in pieces across Ke-Han—and someone is buying up her parts, and those of other fallen dragons. The beasts are dead, but the magic that powered them is not. And now a Ke-Han agent, a Volstov sorceress, and a group of desert tribesmen are vying to possess that magic and control the future.
