Mago Movement f. ziamond,2022-09-23 From the author of MAGAscenes, and numerous screenplays, comes MAGO-Movement. It is an adventure designed for your little Patriots. Of course parents should review materials prior to youngsters exploring. It's too bad the school system doesn't express the importance of such. Created through the eyes of a Patriot on the Right Side of History, MAGO-Movement takes us through the current world of oddities told in a way the youngsters can enjoy. For tradition, we have one CAPUZZLE for this edition... "a book sO siMple, a _ _ _ O _ _ _ _ Can undERsTAnD it." Comedy, Truth and Free Speech should continue to have a place in the world. We're not the silent majority as much as the lame stream media is attempting to silence our majority.

It's Kind of a Cheesy Love Story Lauren Morrill,2021-03-09 A delicious love story with all the toppings, Lauren Morrill's *It's Kind of a Cheesy Love Story* is a contemporary YA rom-com about love, friendship, and pizza, perfect for fans of Becky Albertalli and Jenny Han. After her mother gave birth to her in the bathroom of a local pizzeria, Beck has been given the dubious privilege of having minor fame, free pizza for life, and a guaranteed job when she turns sixteen—a job she unfortunately can't afford to turn down. Now she's stuck with her geeky co-workers instead of taking Instagram-ready shots with her best friends (and her epic crush). But maybe the pizza people aren't all bad. Maybe that pizza delivery guy is kind of cute. And maybe there's a way to make this Bathroom Baby thing work for her. Because when disaster strikes the beloved pizza place that's started to feel like home, she's going to need a miracle—one that might even mean bringing her two worlds together.

Mago's Dream Ilchi Lee,2013-10-29 People have forgotten how to breathe out. Caught in a materialistic matrix, humanity has become trapped in an unsustainable pattern of living, breathing in until we are ready to implode. The Earth is laboring under the burden. The time to exhale has arrived. You are an extraordinary person because you are living during an extraordinary time in history. Humanity has reached a critical juncture in its collective development, and many critical issues now demanding our immediate attention: global warming, population growth, culture clash, and more. In *Mago's Dream*, you will learn to connect to the essence of Mago, the nurturing spirit of the Earth. In the process, you will feel that her essence is your essence, and that through her you can connect to your own highest self. In the book, Ilchi Lee contends that the earth itself should become a central tenant of our human identity. By recognizing ourselves as 'Earth-humans' we can learn to transcend the cultural and national identities that keep us from living as a single, united humanity. And, by placing the Earth herself at the center of our common value system, we can learn to live in balance with the source of life itself.

The Secret of Mago Castle Rebecca Tinkle,2014-10-10 This book is going to change the world. - Ilchi Lee The ultimate secret revealed [in this book] is that we are the heroes of the unfolding narrative of our own lives and that no matter what obstacles we have overcome or will have to overcome we are powerful beings; and it is up to us to use this power ... — Varda Bar-Kar, Writer/Director This book touched my heart. Remembering who we really are is our greatest task in life, and this book is a wonderful reminder of that. — Jamie-Lynn Sigler, singer & actress When Angeline set out to escape her troubles among the red rocks of Sedona, Arizona, she never imagined that she would discover her destiny. Five lives converge in this sleepy tourist town where the fate of the Earth hangs in the balance. As Angeline, Toby, Noah, Suna, and Leuters discover latent supernatural abilities and wisdoms from an ancient past, they race against time to dissolve the veils between the physical and spiritual worlds, determining whether the corruption of thousands of years of human civilization will be allowed to continue or whether humanity will get a fresh start. *The Secret of Mago Castle* is a fantasy novel

that addresses the real issues humanity currently faces. It is a call to bring out the best in the human spirit to save the place we all call home. By the end of this book, you'll be wishing . . . hoping . . . believing that it wasn't just a story.

The House on Mango Street Sandra Cisneros, 2013-04-30 NATIONAL BESTSELLER • A coming-of-age classic about a young girl growing up in Chicago • Acclaimed by critics, beloved by readers of all ages, taught in schools and universities alike, and translated around the world—from the winner of the 2019 PEN/Nabokov Award for Achievement in International Literature. “Cisneros draws on her rich [Latino] heritage...and seduces with precise, spare prose, creat[ing] unforgettable characters we want to lift off the page. She is not only a gifted writer, but an absolutely essential one.” —The New York Times Book Review The House on Mango Street is one of the most cherished novels of the last fifty years. Readers from all walks of life have fallen for the voice of Esperanza Cordero, growing up in Chicago and inventing for herself who and what she will become. “In English my name means hope,” she says. “In Spanish it means too many letters. It means sadness, it means waiting. Told in a series of vignettes—sometimes heartbreaking, sometimes joyous—Cisneros’s masterpiece is a classic story of childhood and self-discovery and one of the greatest neighborhood novels of all time. Like Sinclair Lewis’s Main Street or Toni Morrison’s Sula, it makes a world through people and their voices, and it does so in language that is poetic and direct. This gorgeous coming-of-age novel is a celebration of the power of telling one’s story and of being proud of where you’re from.

Can's Tago Mago Alan Warner, 2014-11-20 Finally, a brilliant exploration of the German rock band Can's 1971 album Tago Mago. This hugely unique and influential album deserves close analysis from a fan, rather than a musicologist. Novelist Alan Warner details the concrete music we hear on the album, how it was composed, executed and recorded—including the history of the album in terms of its release, promotion and art work. This tale of Tago Mago is also the tale of a young man obsessed with record collecting in the dark and mysterious period of pop music before Google. Warner includes a backtracking of the history of the band up to that point and also some description of Can's unique recording approach taking into account their home studio set up. Interviews with the two surviving members: drummer Jaki Liebezeit, keyboardist Irmin Schmidt and bassist Holger Czukay make this a hilariously personal and illuminating picture of Can.

Linus The Little Yellow Pencil Scott Magoon, 2019-06-04 Linus and his eraser, Ernie, don't always see eye to eye. But with the family art show drawing near, these two will have to sharpen their collaboration to make something neither one could do on their own! This ode to art by the illustrator of Spoon and Chopsticks points out the power of sharing the creative process and sticking with it.

El mago Michael Scott, 2011-03-21 Después de huir a Ojai, a Paris y escaparse de Londres, Josh y Sophie Newman están, por fin, en

The Adventures of Captain Mago Léon Cahun, 2015-02-23 The following pages pretend to no original or scientific research. It is their object to present, in a popular form, a picture of the world as it was a thousand years before the Christian Era, and to exhibit, mainly for the young, a summary of that varied information which is contained in books, many of which by their high price and exclusively technical character are generally unattainable. It would only have encumbered the fictitious narrative, which is the vehicle for conveying the instruction that is designed, to crowd every page with references; but it may be alleged, once for all, that for every statement which relates to the history of the period, and especially to the history of the Phœnicians, ample authority might be quoted from some one or other of the valuable books which have been consulted. Of the most important of these a list is here appended:— 1. F. C. Movers. Das Phönizische Alterthum. 2. Renan. Mission en Phénicie. 3. Daux. Recherches sur les Emporia phéniciens dans le Zeugis et le Byzacium. 4. Nathan Davis. Carthage and her Remains. 5. Wilkinson. Manners and Customs of Ancient Egyptians. 6. Hœckh. Kreta. 7. Grote. History of Greece. 8. Mommsen. Geschichte der Römischen Republik (Introduction and Chap. I.). 9. Bourguignat. Monuments mégalithiques du nord de l'Afrique. 10. Fergusson. Rude Stone Monuments. 11. Broca and A. Bertrand. Celtes, Gaulois et Francs. 12. Abbé Bargès. Interprétation d'une inscription phénicienne trouvée à Marseille. 13. Layard. Nineveh and its Remains. 14. Botta. Fouilles de Babylone. 15. Reuss. New translation of the Bible, in course of publication. A few foot-notes are subjoined by way of illustration of what might have been carried on throughout the volume; and an Appendix will be found at the end, containing some explanation of topics which the continuity of the fiction necessarily left somewhat obscure.

Celebrating Seasons of the Goddess (B/W) Mago Books, 2017-08-10 Celebrating Seasons of the Goddess restores the original vision of celebrating cultural and natural landmarks from the perspective of Goddess feminist activism. By taking such categories as time, seasons, nature and the female divine as a point of departure, this book brings modern minds out of patriarchal holiday conventions and invites the reader to join the sobering chorus, led by our 35 authors-writers, researchers, poets, artists, ritualists, photographers and activists from around the world. At an individual level, this book presents a wide range of theological expressions in 88 chapters that are self-transcending and metamorphic. Its Goddess Spirituality, which may be called Engaged Goddess Spirituality, is characterized by the impetus to derail the cultural and spiritual paradigm of patriarchal religions. In other words, this book, fueled by the commitment to feminist social change, undertakes the task of undercutting the main nerve of patriarchal advancements that peril the terrestrial community at an ever-magnifying scale. However, Celebrating Seasons of the Goddess does not stop there. Summoning the time/space of the Primordial Mother, HERE/NOW, it re-channels seemingly isolated spiritual practices of the world to the consciousness of WE in S/HE. In short, it is a multi-faceted practical book that accompanies one's process of awakening and commitment to Engaged Goddess Spirituality. This book aims at the following: Discovering and owning Nature's female rhythms Personalizing cosmic time Riding Earth's seasons Countering foreground patriarchal propagandas Politicizing female experiences as salvific Commemorating Goddesses and gynocentric cultures Befriending non-human members of the terrestrial community Supporting Indigenous struggles Exploring nature-based lifestyles Engaging spirituality with feminist activism Awakening the deep memory of WE Cultivating the primordial consciousness of the Creatrix Section titles are: Section One: Time, Nature and the Goddess Section Two: The Chorus in Poetry, Art and Ritual Section Three: The Wheel of Seasons Section Four: A New Beginning, Winter Solstice Sections One, Three, and Four follow thematic categories, while Section Two is a collection of such genres as poetry, prose, art, and photography, which therefore stands as an autonomous booklet that contains the themes of the other three sections. Readers may opt to read this book perennially (Section One, Two, and Three) and seasonally (Section Four for Winter Solstice).

Cross Disciplinary Biometric Systems Chengjun Liu, Vijay Kumar Mago, 2012-04-18 Cross disciplinary biometric systems help boost the performance of the conventional systems. Not only is the recognition accuracy significantly improved, but also the robustness of the systems is greatly enhanced in the challenging environments, such as varying illumination conditions. By leveraging the cross disciplinary technologies, face recognition systems, fingerprint recognition systems, iris recognition systems, as well as image search systems all benefit in terms of recognition performance. Take face recognition for an example, which is not only the most natural way human beings recognize the identity of each other, but also the least privacy-intrusive means because people show their face publicly every day. Face recognition systems display superb performance when they capitalize on the innovative ideas across color science, mathematics, and computer science (e.g., pattern recognition, machine learning, and image processing). The novel ideas lead to the development of new color models and effective color features in color science; innovative features from wavelets and statistics, and new kernel methods and novel kernel models in mathematics; new discriminant analysis frameworks, novel similarity measures, and new image analysis methods, such as fusing multiple image features from frequency domain, spatial domain, and color domain in computer science; as well as system design, new strategies for system integration, and different fusion strategies, such as the feature level fusion, decision level fusion, and new fusion strategies with novel similarity measures.

The Distance Between Us Reyna Grande,2012-08-28 In this inspirational and unflinchingly honest memoir, acclaimed author Reyna Grande describes her childhood torn between the United States and Mexico, and shines a light on the experiences, fears, and hopes of those who choose to make the harrowing journey across the border. Reyna Grande vividly brings to life her tumultuous early years in this “compelling...unvarnished, resonant” (BookPage) story of a childhood spent torn between two parents and two countries. As her parents make the dangerous trek across the Mexican border to “El Otro Lado” (The Other Side) in pursuit of the American dream, Reyna and her siblings are forced into the already overburdened household of their stern grandmother. When their mother at last returns, Reyna prepares for her own journey to “El Otro Lado” to live with the man who has haunted her imagination for years, her long-absent father. Funny, heartbreaking, and lyrical, *The Distance Between Us* poignantly captures the confusion and contradictions of childhood, reminding us that the joys and sorrows we experience are imprinted on the heart forever, calling out to us of those places we first called home. Also available in Spanish as *La distancia entre nosotros*.
