The Angel Chronicles the Angel Auberon, edited by Barberi P, 2002-01-07 *The Angel Chronicles* Books I-V *The Guardian Angels* by the Angel Auberon *The Angel Chronicles* tells the romantic tale of the beginning of human life and of the angels' concern for human beings that resulted in their forming an assembly of Guardian Angels. If you believe in angels, all the better. But, even if you do not believe in angels, and see them only as a symbol of beauty and perfection, you will want to read this book. In the context of an enchanting story beautifully told you will find many insights into human psychology and the human spirit. This unusual and inspiring book is a must for everyone. Hemmings P.G. Knight*** *The Angel Chronicles* is magic. It is a small book of big believing...it can change your life. Micheline Renauld*** *The Angel Chronicles* Books I-V *The Guardian Angels* by the Angel Auberon *** Auberon's Words of Introduction At the very beginning God asked the Angel Auberon, the most noble of the Principalities, to chronicle the events of all time. Auberon did as he was asked. In the year 2001 Auberon requested permission to come to Earth to tell his story. Auberon came to us at The White Notebook (R) Library, entrusting us with the story he wished to give to those who lived on Earth. The story he left behind is one of love and of angel beneficence. It is entitled *The Angel Chronicles*. In his book, Auberon describes how the world was created, how human life on Earth began and how the angels forever found ways to make a meaningful contribution to human beings. We at The White Notebook felt that Auberon left us with not only his words but with a greater respect for our potential as human beings, with intelligent optimism and, for many of us, a return to hopefulness. *** We have

listed for you below the Table of Contents and synopsis related to Book I. Book I The Primary Angels The Existence of Angels God Creates the Earth Silvond Names the Constellations The Twin Angels The Assignment of Guardian Angels The Guardian Angels According to Day of Birth The Angels in Guardianship of Domestic Pets The Primary Angels God decided that the time had come to create a universe of worlds. In it would be a planet called Earth. God sent the angels out from their home in the beyondness for He had decided that the Earth would be sung into existence by them. The angels set to begin their work. Their finely feathered wings carried them in flight until they reached the center of the vast space of time. There they stopped. They breathed their beautiful breaths as they looked about and considered what they were to accomplish. The angels first sang into existence the planets and stars and the sun and the moon. They next sang their angel music until the Earth was made. All things upon the Earth the angels next sang into being, the mountains and rivers, and also the variety of creatures God wished to inhabit the Earth. In this way the entire physical world emanated from purely spiritual beings: God and His angel emissaries. The angels thought they might rest. But Michael the Archangel came to them in a dream to remind them that they were also to sing into life the most wondrous of all creatures, the human beings. The angels were astonished. Nonetheless, they sang the most beautiful of alleluias and human beings were brought into existence. When the angels saw the first human beings walk about the Earth, they fell in love. It was inevitable that the angels would fall in love.

Looking for Angels ,

Visions of Angels Nelson Bloncourt,Karen Engelmann,2001-01-01 Offers stunning evidence of angels at work in our world, as seen through the eyes of world-renowned masters of the camera. This

collection of images was created by asking photographers such as Duane Michals, Sandi Fellman, Lois Greenfield, George Holz, Frank Ockenfels, David Seidner, Joyce Tenneson & Jerry Uelsmann to provide their conceptions of what an angel on earth looks like. Each image in this beautifully designed volume is combined with a list of angel names from a range of cultures that clearly reflect a theme represented or conjured by the image. Includes a description of each angel's earthly duties.

Angels Christopher Alan Byrne, 2013-01-07 *Angels* is photo essay. It is composed of dozen upon dozen color art and photo of Angel and Miracles. A most common description of Angels is messenger from God; while a most portrayed miracle is Archangel Gabriel in the 'Annunciation' to Mary to give birth to Jesus. Topic include assorted types of angel; such as to find art of Guardian Angel, and to suggest all in theory to be escorted through lifetime by Guardian angel. I provide art of miracles to heal and save, and to consider the angels to provide miracles. The essay has interpretation of actions to be seen of fairies and sprites; so to joke, prod or offer direction. Angels to heal or save have two Chapter of Jesus Christ; so prayers are said to call upon or invoke the Lord Jesus Christ to resolve illness. He is shown only son of the true God. Miracles occur of the skills or accomplishment of God; while to be called beyond known human ability. I suggest a most prominent miracle to be those to save a life; while it is common to note case of one or two such incident to a life. They are found from angel, and are noted to be common of set story; so angels occur set into a limited portrayal within a canon or accepted basis. Chapters include art of the five Archangels; while note Gabriel is called miracles of strengths to God. Michael is portrayed warrior angel, and to be defender of valor. Raphael is named 'God will heal', and is said to oversee illness or distresses from heaven. He claims responsibility to correct persons to a course of the Lord. Archangel Uriel oversees the infrastructure to words, and is said similar of swamp or desert, etc.. Uriel is noted responsible to oversee man - woman

relationships. My most favored art is of the Christ, and I have prepared art of set of symbols to form a basis in music. Collection or series of symbol create an overhead star. Jesus Christ is then form of story to the true lessons of God. Other topic include Avatar or avenging angels; such as to destory or assault cities in retaliation of wrongs. I review Lucifer or the fallen angel of the dawn; although the name is noted only once of the Bible in Isaiah 14. You find better Gothic art of fallen angel; such as to siege or attempt to slay 'The City of God'. A dejected appearance offers human view of the principle. Reference is provided by Augustine to deny God to likely have relations to lady or man; although animal like relations is said to avenge harms given to God. I also review cases of one principled demon; such as to name and describe the frowns of Jesus at the demon 'Legion'. He was unable to be chained, and portrayed numerous and violent; so to live only amongst the tombs. He was drowned by being cast into herds of swine. I have case study of Goddess Beatrice from Dante's 'The Divine Comedy', and Beatrice is shown in form to be a cat. See very excellent study of living angel and their antics. Angels to provide prophecy, false hope and comforts are noted from the Christ. Theory of world spirit as angels are discussed; such as to suggest the 'not I' used to walk humanity into an east. I suggest most prominent case of angels to be to find a technology to unite or redeem earth from such syndrome. The essay is closed at series of art of who and why encounters angels; such as those to get threats of lose to life, illness of the faithful or those that pray to heal harms. Study is made of the songs of God to provide humanity resource, and the logos are found renamed 'the word of God'. The Christ of Gospel of John noted an eternal phenomenon.

An Angel a Day Ann Spangler, 1994 Angels are part of God's ingenious provision for us, wonderful gifts he has given to protect, inspire, and lead us safely home to him. Because God cares for us and because the angels are his servants, we can claim them as our powerful friends. Thinking of angels can ease our sorrows, strengthen our faith, and lighten our hearts. Yet we often neglect the angels by failing to recognize their importance in Scripture and by ignoring the traces of their presence in our lives. *An Angel a Day* offers sixty brief meditations on angelic encounters in both Scripture and in the lives of ordinary men and women. Anything but tame, the angels show us what it means to worship God with true passion. They pull off stunning rescues, engage in spiritual battles, carry the dying to paradise, execute judgement against evil, convey messages from heaven to earth, and watch over us day and night. Far from distracting us from God, the angels can act as a window to him, offering a glimpse of his power, his goodness, and his loving intentions toward us. Here is a book to rekindle your hope and increase your desire to know the One to whom the angels bow their heads.

In-depth essays reveal the stories of fallen angels, angels in disguise, and angels who have given in to temptation. There are also inspiring accounts of those who have been visited by angels--Joan of Arc, King Lear, William Blake, Lot, Daniel, Jacob--and how each eventually overcame his hardship with the help of an angel. A full reference section is included in the back of the book, along with a visual glossary of images and illustrations describing each piece of art in detail and noting the name, date, location and artist.
