Seafurrers Philippa Sandall, 2018-04-03 A cat's-eye view of maritime history: "Priceless historic photographs . . . deep and wide-ranging research . . . a ball of spellbinding and hilarious sea yarns." —Richard J. King, author of *Ahab's Rolling Sea: A Natural History of "Moby-Dick"* We remember the bold seafarers of yore—from Magellan to Shackleton—for their extraordinary exploits: new lands discovered, storms weathered, and battles won. But somehow history has neglected the stalwart, hardworking species who made it all possible . . . yes, the noble cat! In *Seafurrers*, able sea cat Bart sets the record straight at last. "Fear of water" aside, cats were indispensable at sea—both as pest controllers and as beloved mascots. Thirty-eight tales recount the adventures of Trim (who circumnavigated Australia), Tom (the sole feline survivor of the sinking of the USS Maine), celebrity cat Simon (a veteran of the Yangtze Incident), and other furry heroes. Filled with nautical trivia, rare photographs, and whimsical illustrations, this deft genealogy of human–feline friendship will stir your regard for the incomparable cat—whether

on the couch or in the crow's nest.

Same, Same But Different Jenny Sue Kostecki-Shaw, 2011-09-13 Elliot lives in America, and Kailash lives in India. They are pen pals. By exchanging letters and pictures, they learn that they both love to climb trees, have pets, and go to school. Their worlds might look different, but they are actually similar. Same, same. But different! Through an inviting point-of-view and colorful, vivid illustrations, this story shows how two boys living oceans apart can be the best of friends.

Century of Silent Service Graham Seal, Lloyd Blake, 2014-03-03 Australia's Submariners are a group with an extremely strong sense of identity that goes well beyond occupational comradeship or the esprit de corps of military life in peace or war. Since 1914, the unique skills, attitudes, values and demands of the work they do and the environment in which they do it have forged unparalleled camaraderie. A camaraderie that extends beyond nationality, embracing submariners past and present of every other nation. No one but submariners understand the experience of diving deep beneath the waves in technology filled tubes of steel, each submariner totally dependent on the other for a safe return to the surface. The ethos of Australia's submariners is based upon these factors and remains strong even when they leave the sea and take up other occupations. Australia's future submarines will certainly present challenges in terms of sophistication, technology and capability however the characteristics of our

submariners evolved over previous generations will remain much the same; trained and equipped to meet the challenges; just as they have been met and surmounted so many times, in silence, over a century of service.

How to Love Yourself Cards ,

Papa Brings Me the World Jenny Sue Kostecki-

Shaw,2020-05-05 Jenny Sue Kostecki-Shaw's Papa Brings Me the World is a poignant picture book that celebrates the bond between parent and child, and follows their long-distance trip around the world. Most parents drive a car or ride a bus or train to work—but not Lulu's papa. He navigates mountains, deserts, and oceans, each time returning home with pockets full of treasures. There's an ancient calculator from China, a musical mbira from Zimbabwe, and a special game from Sumatra. But the best treasures are special stories Papa tells when he comes home—tales of playing peekaboo with rare birds in the Andes and befriending dragons in the Irish Sea. This long-distance love story between parent and child celebrates inclusivity, imagination, and the richness of global cultures. Christy Ottaviano Books
