The Little Winter Book of Gnomes Kirsten Sevig,2019-10-29 A cozy book of gnomes (and gnomes), just in time for the holidays Kirsten Sevig grew up hearing about little gnomes in great Nordic folktales. When she realized that a "gnome" was also another word for a proverb, she brought the two together. The result is a charming collection of Scandinavian wisdom accented by whimsical illustrations. There are gnome women chopping wood ("chop your own wood and it will warm you twice"), men surreptitiously knitting ("two balls of yarn are better than one"), and gnome kids making snow angels, skiing, and more. In The Little Winter Book of Gnomes, Sevig invites readers into a cozy wonderland of her own prolific imagination. With recipes for holiday favorites like mulled cider and gingerbread, this book is the perfect gift to inspire readers to take joy in all of winter's little happy-makers.

I'm a Gnome! Jessica Peill-Meininghaus,2019-08-13 Fans of Mo Willems and Dev Petty's I Don't Want to Be a Frog will love this humorous tale about one gnome's journey to prove he is unlike the other magical creatures in the forest. Join Gnome (that's spelled G-N-O-M-E--don't ask why the G is silent!) as he travels through the magical forest to attend the annual Gnome Festival. Along the way he encounters elves, dwarves, trolls, and fairies. But don't be mistaken. He is NOTHING like those magical creatures. Well, maybe he is . . . but only a little bit! When Gnome finally arrives at the festival, he realizes that all the traits he

thought made gnomes different from the others actually made them alike--and that's just fine.

The Geomantic Year Richard Leviton,2006-11-16 The spiritual world blesses the Earth at least 58 times a year-here's how you can join the party. Do you think folklore customs about solstices and equinoxes and other regular celebration days are quaint holdovers from the past? Not so. Do you sometimes wish there were a way to include the entire planet in a meditation practice? There is, and it's called the geomantic year. At least 58 times a year the spiritual world-angels, archangels, Ascended Masters, Star-Angels, even the Supreme Being-tunes in to the Earth, blesses, and even heals it in real-time day-long events. Our planet is constantly receiving input from the cosmos and heavenly realms. It's all part of a rhythmic maintenance calendar in which the Earth is enlivened, and all of humanity is invited to participate. This book shows you how. What kinds of events? On Epiphany, January 6, the Christ focuses on the planet to birth his Light. On Bifrost Paints the Planet, April 10, the Great Bear constellation envelopes the Earth in 14 rays of light. On Michaelmas, September 29, the Archangel Michael cleanses the Earth's sacred sites and all their plumbing. Other events in the geomantic year involve stars, Nature Spirits, holy mountains, River-gods, Pleiadians, Hollow Earth dwellers, Grail Kings, volcano spirits, the Great Mother, and much more. The Geomantic Year documents 58 festival dates that focus on the Earth through its sacred sites, and it provides 58 simple meditations to help you participate. And it

offers 12 informative essays linking Earth energies with hot topics such as the Illuminati and world control, parallel universes, the world's gold supply, the Ghost Dance, the Fall of Man, Earth and climate changes, and the apocalyptic year 2012. Why not get out your appointment book and pencil in a few dates: the Earth's expecting you!
