Los Angeles Police Department Thomas G. Hays, Arthur W. Sjoquist, 2005 No police force in history has gained as much fame and notoriety as the Los Angeles Police Department. The acronym LAPD is practically synonymous with the idea of professional law enforcement. The men in blue who patrol Hollywood and the sprawling metropolis of L.A. have been investigated by screenwriters more times than vice versa. With more than 9,300 sworn officers today, the LAPD endures seemingly endless controversies and media circuses. But then there's the other side of L.A.'s protective shield--the story of the force's evolution alongside the spectacular growth of its unique melting-pot city. This book's rare and often never-before-published photographs focus on that side: the excitement, danger, tragedy, and comedy of everyday beat cops and workaday detectives--with concessions to their limelight representations, including Jack Webb's *Dragnet* and *Adam-12*.

LAPD '53 James Ellroy, Glynn Martin, 2015-05-19 A remarkable portrait of “true L.A. noir” with archival photos from the Los Angeles Police Museum and text by legendary crime writer James Ellroy (Los Angeles Times). James Ellroy, the undisputed master of crime writing, has teamed up with the Los Angeles Police Museum to present a stunning text on 1953 L.A. While combing the museum’s photo archives, Ellroy discovered that the year featured a wide array of stark and unusual imagery—and to accompany the pictures, he has written text to illuminate the crimes and law enforcement of the era. Ellroy offers context along with wild detail and rich atmosphere—this is the cauldron that was police work in the city of the tarnished angels seven decades ago, revealed in more than 80 duotone photos throughout the book. “These crime images resemble the work of photographer Weegee, but, Ellroy argues, they’re superior because they resist artistry; they were taken by police officers doing their jobs.” —Chicago Tribune

Policing Los Angeles Max Felker-Kantor, 2018-09-25 When the Los Angeles neighborhood of Watts erupted in violent protest in August 1965, the uprising drew strength from decades of pent-up frustration with employment discrimination, residential segregation, and poverty. But the more immediate grievance was anger at the racist and abusive practices of the Los Angeles Police Department. Yet in the decades after Watts, the LAPD resisted all but the most limited demands for reform made by activists and residents of color, instead intensifying its power. In *Policing Los Angeles*, Max Felker-Kantor narrates the dynamic history of policing, anti-police abuse movements, race, and politics in Los Angeles from the 1965 Watts uprising to the 1992 Los Angeles rebellion. Using the explosions of two large-scale uprisings in Los Angeles as bookends, Felker-Kantor highlights the racism at the heart of the city's expansive police power through a range of previously unused and rare archival sources. His book is a gripping and timely account of the transformation in police power, the convergence of interests in support of law and order policies, and African American and Mexican American resistance to police violence after the Watts uprising.

Blue Joe Domanick, 2016-08-23 American policing is in crisis. Here, award-winning investigative journalist Joe Domanick reveals the troubled history of American policing over the past quarter century. He begins in the early 1990s with the beating of Rodney King and the L.A. riots, when the Los Angeles Police Department was caught between a corrupt and racist past and the demands of a rapidly changing urban population. Across the country, American cities faced similar challenges to law and order. In New York, William J. Bratton was spearheading the reorganization of the New York City Transit Police and later the 35,000-strong New York Police Department. His efforts resulted in a dramatic decrease in crime, yet introduced highly controversial policing strategies. In 2002, when Bratton was named the LAPD's new chief, he implemented the lessons learned in New York to change a department that previously had been impervious to reform. *Blue* ends in 2015 with the LAPD on its unfinished road to reform, as events in Los Angeles, New York, Baltimore, and Ferguson, Missouri, raise alarms about the very strategies Bratton pioneered, and about aggressive racial profiling and the militarization of police departments throughout the United States. Domanick tells his story through the lives of the people who lived it. Along with Bratton, he introduces William Parker, the legendary LAPD police chief; Tom Bradley, the first black mayor of Los Angeles; and Charlie Beck, the hard-nosed ex-gang cop who replaced Bratton as LAPD chief. The result is both intimate and expansive: a gripping narrative that asks big questions about what constitutes good and bad policing and how best to prevent crime, control police abuse, and ease tensions between the police and the powerless. *Blue* is not only a page-turning read but an essential addition to our scholarship.-- Adapted from book jacket.

Guardians of Angels James A Bultema, 2019-01-09 For 150 years, LAPD officers have pinned on a badge, holstered a gun and traveled the corridors of history, leaving behind the rich traditions that are today's LAPD. *Guardians of Angels* is a penetrating history of the Los Angeles Police Department since 1850. Thoroughly researched over eight years, containing scores of interviews and illustrated with hundreds of rare photographs, this book details how the department evolved from six officers administering frontier justice to today's high-tech professionals. It brings to life the accomplishments and disappointments of the men and women who unselfishly gave of themselves as the Guardians of Angels.

Extreme Justice Frank Sacks, 1994-05 The official book tie-in to the film *Extreme Justice*, starring Lou Diamond Phillips, Scott Glenn, and Chelsea Field, this is the true story of the L.A.P.D.'s Special Investigation Section and their assignment to stop dangerous repeat offenders.

Race, Police, and the Making of a Political Identity Edward J. Escobar, 2023-04-28 In June 1943, the city of Los Angeles was wrenched apart by the worst rioting it had seen to that point in the twentieth century. Incited by sensational newspaper stories and the growing public hysteria over allegations of widespread Mexican American juvenile crime, scores of American servicemen, joined by civilians and even police officers, roamed the streets of the city in search of young Mexican American men and boys wearing a distinctive style of dress called a Zoot Suit. Once found, the Zoot Suiters were stripped of their clothes, beaten, and left in the street. Over 600 Mexican American youths were arrested. The riots threw a harsh light upon the deteriorating relationship between the Los Angeles Mexican American community and the Los Angeles Police Department in the 1940s. In this study, Edward J. Escobar examines the history of the relationship between the Los Angeles Police Department and the Mexican American community from the turn of the century to the era of the Zoot Suit Riots. Escobar shows the changes in the way police viewed Mexican Americans, increasingly characterizing them as a criminal element, and the corresponding assumption on the part of Mexican Americans that the police were a threat to their community. The broader implications of this relationship are, as Escobar demonstrates, the significance of the role of the police in suppressing labor unrest, the growing connection between ideas about race and criminality,

changing public perceptions about Mexican Americans, and the rise of Mexican American political activism.

Policing Women Janis Appier,1998 Today, we take female police officers and workers for granted. But what is the truth behind the scenes? Author Janis Appier traces the origins of women in police work beginning in 1910, explaining how pioneer policewomen's struggles to gain footholds in big city police departments ironically helped to make modern police work one of the more male dominated occupations in the United States. 12 illustrations.

Scene of the Crime Tim B. Wride,2004-10 This collection contains never-before-published images of seminal LAPD cases, including the Black Dahlia murder, the Onion Field case, the Watts riots, the Manson murders, and more. Captions are culled from original police logs and newspaper accounts.

Predict and Surveil Sarah Brayne,2020-10-22 Predict and Surveil offers an unprecedented, inside look at how police use big data and new surveillance technologies. Sarah Brayne conducted years of fieldwork with the LAPD--one of the largest and most technically advanced law enforcement agencies in the world-to reveal the unmet promises and very real perils of police use of data--driven surveillance and analytics.

The Onion Field Joseph Wambaugh,2007-08-28 NEW YORK TIMES BESTSELLER • “A fascinating account of a double tragedy: one physical, the other psychological.”—Truman Capote This is the frighteningly true story of two young cops and two young robbers whose separate destinies fatally cross one March night in a bizarre execution in a deserted Los Angeles field. “A complex story of tragic proportions . . . more ambitious than In Cold Blood and equally compelling!”—The New York Times “Once the action begins it is difficult to put the book down. . . . Wambaugh’s compelling account of this true story is destined for the bestseller lists.”—Library Journal

The Chief Daryl F. Gates,Diane K. Shah,1993 The images of riot-torn Los Angeles have been seared into the American consciousness. Gates, chief of the Los Angeles Police Department, was in charge of the men who administered the beating to Rodney King. Having that dubious distinction has made him the object of much curiosity. This tape is no weak-willed apologia, as Gates honestly confronts the cold facts of the King videotape. Reading his own story in a voice that has a convincing tone of integrity, Gates offers a self-portrait that is critical & questioning. He shows himself to be the underprivileged child of a Depression-era family who grew up questioning authority. As a police officer rising in the ranks, he met with a good share of adversity, including the painful reality of his son's chronic drug abuse. Such episodes help to humanize Gates's otherwise supercop persona

The Lazarus Files Matthew McGough,2019-04-30 A deeply-reported, riveting account of a cold case murder in Los Angeles, unsolved until DNA evidence implicated a shocking suspect – a female detective within the LAPD’s own ranks. On February 24, 1986, 29-year-old newlywed Sherri Rasmussen was murdered in the home she shared with her husband, John. The crime scene suggested a ferocious struggle, and police initially assumed it was a burglary gone awry. Before her death, Sherri had confided to her parents that an ex-girlfriend of John’s, a Los Angeles police officer, had threatened her. The Rasmussens urged the LAPD to investigate the ex-girlfriend, but the original detectives only pursued burglary suspects, and the case went cold. DNA analysis did not exist when Sherri was murdered. Decades later, a swab from a bite mark on Sherri’s arm revealed her killer was in fact female, not male. A DNA match led to the arrest and conviction of veteran LAPD Detective Stephanie Lazarus, John’s onetime girlfriend. The Lazarus Files delivers the visceral experience of being inside a real-life murder mystery. McGough reconstructs the lives of Sherri, John and Stephanie; the love triangle that led to Sherri’s murder; and the homicide investigation that followed. Was Stephanie protected by her fellow officers? What did the LAPD know, and when did they know it? Are there other LAPD cold cases with a police connection that remain unsolved?

American Police Cars Cristina Berna,Eric Thomsen,2023-08-09 Police cars are usually very visible in our society, advertising the important role of police and loved by children. The role of the police is to enforce the law, to ensure the safety, health, and possessions of citizens, and to prevent crime and civil disorder. Law enforcement is as old as human society and the giving of laws itself. In ancient China, Babylon and Egypt there were special law enforcement bodies. Law enforcement is a part of the political process. Not all laws are fair, not all politicians are honest and the job can be risky. We honor all good police on this 4th of July 2023 and hope you will enjoy our selection of photos.

Hooray for Police Officers! Elle Parkes,2016-11-01 Carefully leveled text and fresh, vibrant photos engage young readers in learning about how police officers serve their community. Age-appropriate critical thinking questions and a photo glossary help build nonfiction learning skills.
