Silk and Cotton Susan Meller, 2018-12-15 The traditional textiles of Central Asia are unknown treasures. Straddling the legendary Silk Road, this vast region stretches from Russia in the west to China in the east. Whether nomadic or sedentary, its peoples created textiles for every aspect of their way of life, from ceremonial objects marking rites of passage, to everyday garments, to practical items for the home. There were suzanis for the marriage bed; prayer mats; patchwork quilts; bridal ensembles; bags for tea, scissors, and mirrors; lovingly embroidered hats and bibs; and robes of every color and pattern. Author Susan Meller has spent years assembling the 590 textiles illustrated in this book. She documents their history, use, and meaning through archival photographs and fascinating travelers' narratives spanning many centuries. Her book will be a revelation to designers, collectors, students of Central Asia, and travelers to the region. Silk and Cotton is destined to become a classic.

the book's step-by-step instructions. With a portable trim size and a beautifully designed interior, TINY HATS ON CATS is the perfect gift for every animal lover or for any reader who wants their cat to feel just a little more fancy.

Books of Adam Adam Ellis, 2013-07-09 Adam Ellis knew it was time to leave art school when a fellow student presented her final project to the class: I put a condom on the Virgin Mary, she announced, unveiling a cheap figurine sheathed in latex. The professor loved it. Baffled by the praise his classmate receives, and intent on becoming an artist on his own terms, Adam plots his escape to Portland, Oregon to begin his life in the real world--only to realize that adulthood is a lot harder than it looks. Based on the blog of the same name, BOOKS OF ADAM details Adam's hilarious trials and tribulations in his attempt to become a functioning member of society. From his arrest after shoplifting a bottle of chocolate milk to a misguided attempt to make friends that lands him in a shack with a hippie couple who have just skinned a rabbit and are trying to entice him into a three-some, Adam is an amicable guy who can't seem to keep himself out of trouble. Paired with his signature black and white illustrations, Adam's stories weave together an uproariously funny and ultimately charming narrative about a young man trying to find his place in the world.

Bedouin Weaving of Saudi Arabia and Its Neighbours Joy Totah Hilden, 2010 Portable and practical, tough and colourful, Bedouin textiles played until recent times a vital and functional part in the life of the Arab nomads. Bedouin women

were expected to master the art of making entire tents as well as a wide range of rugs, saddlebags and other equipment able to withstand the rigours of the desert. They took a fierce pride in their work and produced, on the simplest ground looms, textiles that were at once hard-wearing and of vibrant aesthetic appeal. The true craftspeople of the desert, Bedouin women wove to provide the very fabric of day-to-day living. Joy Hilden describes the weaving techniques of the Bedouin in the context of their transitional mode of life, as they adapt from their centuries-old nomadic existence to being both semi- and fully settled. She gathered her information on dyeing, spinning and weaving while living and travelling in Saudi Arabia between 1982 and 1994, extending her scope with trips to other parts of the Arabian Peninsula and adjacent Arab countries. She describes visits to Bedouin families, desert markets and urban centres where Bedouin gathered. Her work comes at a time when many tribal peoples are losing their cultural traditions and, with them, their crafts and the material of everyday life in the desert. This is the most exhaustive study to date of the weaving methods practised by the Bedouin of Saudi Arabia. Profusely illustrated, and giving thorough instruction in techniques, *Bedouin Weaving* is an essential companion for collectors and connoisseurs of flat-weave textiles, the category into which Bedouin weavings fall. It is aimed both at general readers and at weavers, craftspeople in general, students, ethnographers, and museum and textile authorities.

The Shape of a Year Jean Hersey,1967 A month-by-month account of a year in the rural life of a woman.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly

as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

The Best of Punk Magazine John

Holmstrom, 2012-12-18 Launched in 1976, Punk magazine announced an exploding youth movement, a new direction in American counterculture. Punk was to magazines what the stage at CBGB was to music: the gritty, live-wired, throbbing center of the punk universe. Despite its low-rent origins, the mag was an overnight success in the underground music scene, selling out every print run across the US and UK. Every musician who appeared on the cover of Punk became an icon of the era. But Punk not only championed music, it became a launching pad for writers, artists, cartoonists, and graphic designers. And the wacky, sardonic, slapstick vibe of the magazine resonated with an international army of music fanatics who were ready to burn their bell bottoms and stage-dive into the punk universe. The Best of Punk Magazine collects the best of these pages into the ultimate, must-have

anthology: Interviews with the Ramones, Sex Pistols, John Cale and Brian Eno Photos by Roberta Bayley David Godlis, and Bob Gruen Cartoons by R. Crumb, Bobby London, and John Holmstrom The articles that formed the groundwork for Please Kill Me, the legendary oral history of punk by Legs McNeil and Gillian McCain Two graphic novels—The Legend of Nick Detroit and Mutant Monster Beach Party—told through photographs featuring Debbie Harry, Joey Ramone, Richard Hell, Andy Warhol, Peter Wolf, and David Johansen The Best of Punk Magazine is a must-have for people who love punk rock music, comics, fanzines, Blondie, the Ramones, Lou Reed, the Velvet Underground, the Sex Pistols, and the legendary CBGB scene.

Around the House and in the Garden Dominique Browning, 2003-04-02 Presents a collection of essays about home life, covering home decoration, gardening, domestic life, and the intimate relationship between self and home.

Women and Ghosts Alison Lurie, 2012-10-17 The author of The War Between the Tates and the Pulitzer prize-winning Foreign Affairs now brings her irresistible wit to the ghost story. In nine spooky tales, Alison Lurie writes of women haunted by ghosts both literal and metaphorical: A woman about to marry Mr. Right is visited by the spirit of his first wife; a dead fiancé haunts a foreign service officer every time she has an intimate moment with another man; the ghost of a girl in a Halloween costume disconcerts the perfect housewife. A secretary on a diet begins to see obese people everywhere she looks; a self-

conscious poet is shadowed by her intrusive doppelganger; and a capricious, malevolent spirit seems to have inhabited an acquisitive matron's prized piece of furniture. Delightfully strange and beautifully told, these nine tales show Alison Lurie at her luminous best.
