**The Mastermind** Evan Ratliff,2019-01-29 The incredible true story of the decade-long quest to bring down Paul Le Roux—the creator of a frighteningly powerful Internet-enabled cartel who merged the ruthlessness of a drug lord with the technological savvy of a Silicon Valley entrepreneur. “A tour de force of shoe-leather reporting—undertaken, amid threats and menacing, at considerable personal risk.”—Los Angeles Times NAMED ONE OF THE BEST BOOKS OF THE YEAR BY The New York Times Book Review • NPR • Evening Standard • Kirkus Reviews It all started as an online prescription drug network, supplying hundreds of millions of dollars’ worth of painkillers to American customers. It would not stop there. Before long, the business had turned into a sprawling multinational conglomerate engaged in almost every conceivable aspect of criminal mayhem. Yachts carrying \$100 million in cocaine. Safe houses in Hong Kong filled with gold bars. Shipments of methamphetamine from North Korea. Weapons deals with Iran. Mercenary armies in Somalia. Teams of hit men in the Philippines. Encryption programs so advanced that the government could not break them. The man behind it all, pulling the strings from a laptop in Manila, was Paul Calder Le Roux—a reclusive programmer turned criminal genius who could only exist in the networked world of the twenty-first century, and the kind of self-made crime boss that American law enforcement had never imagined. For half a decade, DEA agents played a global game of cat-and-mouse with Le Roux as he left terror and chaos in his wake. Each time they came close, he would slip away. It would take relentless investigative work, and a shocking betrayal from within his organization, to catch him. And when he was finally caught, the story turned again, as Le Roux struck a deal to bring down his own organization and the people he had once employed. Award-winning investigative journalist Evan Ratliff spent four years piecing together this intricate puzzle, chasing Le Roux’s empire and his shadowy henchmen around the world, conducting hundreds of interviews and uncovering thousands of documents. The result is a riveting, unprecedented account of a crime boss built by and for the digital age. Praise for *The Mastermind* “The Mastermind is true crime at its most stark and vivid depiction. Evan Ratliff’s work is well done from beginning to end, paralleling his investigative work with the work of the many federal agents developing the case against LeRoux.”—San Francisco Book Review (five stars) “A wholly engrossing story that joins the worlds of El Chapo and Edward Snowden; both disturbing and memorable.”—Kirkus Reviews (starred review)

Straight Life: the Story of Art Pepper Art Pepper,Laurie Pepper,2022-11-03 Art Pepper was described as the greatest alto-saxophonist of the post-Charlie Parker generation. *Straight Life*, originally narrated on tape to his wife Laurie, is an explosive work chronicling his work amidst a life dealing with alcoholism, heroin addiction, armed robberies and imprisonment. The result is an autobiography like no other, a masterpiece of the spoken word, shaped into a genuine work of literature.

Surveillance Valley Yasha Levine,2018-02-06 The internet is the most effective weapon the government has ever built. In this fascinating book, investigative reporter Yasha Levine uncovers the secret origins of the internet, tracing it back to a Pentagon counterinsurgency surveillance project. A visionary intelligence officer, William Godel, realized that the key to winning the war in Vietnam was not outgunning the enemy, but using new information technology to understand their motives and anticipate their movements. This idea -- using computers to spy on people and groups perceived as a threat, both at home and abroad -- drove ARPA to develop the internet in the 1960s, and continues to be at the heart of the modern internet we all know and use today. As Levine shows, surveillance wasn't something that suddenly appeared on the internet; it was woven into the fabric of the technology. But this isn't just a story about the NSA or other domestic programs run by the government. As the book spins forward in time, Levine examines the private surveillance business that powers tech-industry giants like Google, Facebook, and Amazon, revealing how these

companies spy on their users for profit, all while doing double duty as military and intelligence contractors. Levine shows that the military and Silicon Valley are effectively inseparable: a military-digital complex that permeates everything connected to the internet, even coopting and weaponizing the antigovernment privacy movement that sprang up in the wake of Edward Snowden. With deep research, skilled storytelling, and provocative arguments, Surveillance Valley will change the way you think about the news -- and the device on which you read it.

**Possessing the Treasure** Mike Ratliff,2005-12-01 The Spirit-led Christian is living in a world that is diametrically opposed to every value of God. The maturing believer is called by God Himself to jettison all values that are not His so the believer's character can become Christ-like. Possessing the Treasure looks closely at our Spiritual Treasure. We are called to submit entirely to the regenerative process through which the Lord takes all of His true children. Those who endure the fires of sanctification will become the Christ-like believers who recognize their Treasure. The Christian walk of faith is accomplished successfully by those who understand they have entered into a blood covenant with their Savior. They value their citizenship in the Kingdom of God as their most valuable treasure.

**Performing Femininity** Lesa Lockford,2004-09-20 A personal, revealing, and sometimes humorous exploration of female experience, Performing Femininity challenges traditional and feminist perspectives on gender roles. Using ethnographic method, Lesa Lockford transforms herself into an image-obsessed weight watcher, an exotic dancer, and a theatrical performer. In several evocative narratives, Lockford uses this experimental methodology to rupture the conventional dichotomy of patriarchal versus feminist points of view, goading and challenging her audience as she breaches the borders of these typically opposed ideologies. She explores how both paradigms constrain women, but also how they are simultaneously enacted and subverted in the 'performances' women play in their daily lives. Performing Femininity will be a provocative read for the student of feminist thought and for those researchers looking at innovative ways to produce and present their research.

**Winners Take All - The 9 Fundamental Rules of High Tech Strategy** Tony Seba,2006-07-09 'Winners Take All' is about building a product and a company into a winner. Written by Tony Seba, a high tech entrepreneur and Stanford University lecturer, this book is an easy-to-read guide to the strategies, tools, templates, and step-by-step implementation frameworks that recent Silicon Valley winners have used to achieve market leadership. Seba, who teaches entrepreneurship and strategic marketing looked at recent winners like Google, Symantec, Netflix, Apple, Craigslist, Salesforce, and compared them to the competition (Yahoo, McAfee, Sony) in order to learn what differentiated these companies He found 9 really simple rules that winning companies can follow. To test the 9 Rules's predictive power, the author published two portfolios. 18 months later the results were compelling: 80% of the '9 Rules' companies beat the market and the portfolio had a 57% return (details: [www.tonyseba.com](http://www.tonyseba.com)). Winners Take All is refreshingly free of buzzwords and consultant-speak.

**Staging Holiness: The Case of Hospitaller Rhodes (ca. 1309-1522)** Sofia Zoitou,2020-12-15 The open access publication of this book has been published with the support of the Swiss National Science Foundation. In Staging Holiness: The Case of Hospitaller Rhodes (ca. 1309-1522) Sofia Zoitou offers a study of the history of relic collections, devotional rituals, and sites invested with special meaning on Rhodes, during a time when the island became one of the most frequented ports of call for ships carrying pilgrims from Venice to the Holy Land. Scrutinizing late medieval travel reports by pilgrims from all over Europe along with extant historical, archaeological, visual, and material evidence, Sofia Zoitou traces the various forms of the Rhodian cultic sites' evolution and perception, ultimately considered as an overall artistic strategy for the staging of the sacred.

**Case Studies in Emergency Medicine** Colin G. Kaide,Christopher E. San Miguel,2019-11-14 This book contains a variety of medical case studies from actual patients presenting to the emergency department. It includes not only typical cases that present to the ED but also less common, yet very important cases that one can't afford to miss. Each chapter begins with a case - or set of cases with typical and atypical aspects - of the disease in

question. This is followed by high-value learning points on the condition with introductory/background points, physiology and pathophysiology of the disease, how to make the diagnosis, and finally how to initiate treatment. The cases provide expert discussion with tips and tricks, personal experience with management of each of the cases, and a follow-up description of the outcome of the cases to provide the reader with closure. To supplement each case study, all 67 chapters include a pattern recognition component that identifies the key diagnostic features of the disease discussed. The chapters conclude with a summary of the diagnostic and treatment details of each condition. Using a concise, easy-to-read, bulleted format, the book helps readers to learn, evaluate, adopt new practices, right now (LEARN). *Emergency Medicine Case Studies - LEARNing Rounds: Learn, Evaluate, Adopt, Right Now* is an essential resource for a variety of emergency medicine clinicians including experienced physicians, residents, physician assistants, nurse practitioners, nurses, and medical students rotating in the emergency department. **The Porcupine of Truth** Bill Konigsberg, 2015-05-26 Stonewall Book Award winner. “Konigsberg weaves together a masterful tale of uncovering the past, finding wisdom, and accepting others as well as oneself.” —School Library Journal (starred review) Winner of the PEN Center USA Literary Award for Children’s/Young Adult A YALSA Best Fiction for Young Adults Selection Carson Smith is resigned to spending his summer in Billings, Montana, helping his mom take care of his father, a dying alcoholic he doesn’t really know. Then he meets Aisha Stinson, a beautiful girl who has run away from her difficult family, and discovers a secret regarding his grandfather, who disappeared without warning or explanation decades before. Together, Carson and Aisha embark on an epic road trip to try and save Carson’s dad, restore his fragmented family, and discover the “Porcupine of Truth” in all of their lives. “Words like ‘brilliant’ are so overused when praising novels—so I won’t use that word. I’ll just think it.” —Benjamin Alire Sáenz, author of *Aristotle and Dante Discover the Secrets of the Universe* “Undeniably human and unforgettably wise, this book is a gift for us all.” —Andrew Smith, author of *Grasshopper Jungle* “Konigsberg . . . crafts fascinating, multidimensional teen and adult characters. A friendship between a straight boy and a lesbian is relatively rare in YA fiction and is, accordingly, exceedingly welcome.” —Booklist (starred review) “The story tackles questions about religion, family, and intimacy with depth and grace . . . Equal parts funny and profound.” —Kirkus Reviews

*The Jazz Tradition* Martin Williams, 1993 A blend of musical history and criticism, this study of jazz includes chapters on King Oliver, Jelly Roll Morton, John Coltrane and Ornette Coleman. In addition to an expanded essay on Count Basie, this edition includes pieces on Eric Dolphy, Bill Evans and the World Saxophone Quartet.

**Faith Roots** Nicole Parker, 2018-12-16 Asher and his sister Zara are slaves in Egypt, along with their family and friends. The cruel taskmaster Nephi and his son Husani torment Asher and his friend Iru, as well as their fathers Joshua and Caleb, as they work all day in the brickyard. Even though Moses returns to Egypt and promises God is going to set them free, nothing good seems to result. Though they pray and obey God, they remain enslaved, and God seems silent. If God is so powerful, and He loves them so much, why doesn't He deliver them, as Moses keeps promising He will? Is He really more powerful than the Egyptian gods? As they seek to trust God, their suffering and their struggle with bitterness, anger and fear only seems to intensify. Why does God allow pain? Why does wrong seem to triumph over right so often, and bad people get away with sin unpunished? Will God ever make everything right, and if so, why doesn't He do it now? This story grapples with these and many other questions, in a tender, heart-wrenching story of injustice, heartache and hope. Inspiring gospel applications to life today are woven throughout this biblical tale. Written as a story so simple a young child can understand, but exploring the unfathomable depth of gospel themes of faith, humility, justice, mercy, forgiveness and love, the message of *Faith Roots* is for seekers of every age.

*Status Update* Alice E. Marwick, 2013-11-26 Presents an analysis of social media, discussing how a technology which was once heralded as

democratic, has evolved into one which promotes elitism and inequality and provides companies with the means of invading privacy in search of profits.

**Gothic effigy** David Annwn Jones, 2018-01-12 Gothic effigy brings together for the first time the multifarious visual motifs and media associated with Gothic, many of which have never received serious study before. This guide is the most comprehensive work in its field, a study aid that draws links between a considerable array of Gothic visual works and artifacts, from the work of Salvator Rosa and the first illustrations of Gothic Blue Books to the latest Gothic painters and graphic artists. Currently popular areas such as Gothic fashion, gaming, T.V. and film are considered, as well as the ghostly images of magic lantern shows. This groundbreaking study will serve as an invaluable reference and research book. In its wide range and closely detailed descriptions, it will be very attractive for students, academics, collectors, fans of popular Gothic culture and general readers.

**Extremities** Nancy K. Miller, Jason Daniel Tougaw, 2002 How do we come to terms with what can't be forgotten? How do we bear witness to extreme experiences that challenge the limits of language? This remarkable volume explores the emotional, political, and aesthetic dimensions of testimonies to trauma as they translate private anguish into public space. Nancy K. Miller and Jason Tougaw have assembled a collection of essays that trace the legacy of the Holocaust and subsequent events that have shaped twentieth-century history and still haunt contemporary culture. Extremities combines personal and scholarly approaches to a wide range of texts that bear witness to shocking and moving accounts of individual trauma: Toni Morrison's *Beloved*, Sylvia Plath's *Daddy* and *Lady Lazarus*, Kathryn Harrison's *The Kiss*, Tatana Kellner's Holocaust art, Ruth Klüger's powerful memoir *Still Alive*, and Benjamin Wilkomirski's controversial narrative of concentration camp suffering *Fragments*. The book grapples with the cultural and social effects of historical crises, including the Montreal Massacre, the Warsaw Ghetto Uprising, and the medical catastrophes of HIV/AIDS and breast cancer. Developing insights from autobiography, psychoanalysis, feminist theory and gender studies, the authors demonstrate that testimonies of troubling and taboo subjects do more than just add to the culture of confession--they transform identities and help reimagine the boundaries of community. Extremities offers an original and timely interpretive guide to the growing field of trauma studies. The volume includes essays by Ross Chambers, Sandra M. Gilbert, Susan Gubar, Marianne Hirsch, Wayne Koestenbaum, Eve Kosofsky Sedgwick, and others.

*The Middle Period, 1817-1858* John William Burgess, 1897

Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

**The Republic of Science** Ian C. Jarvie, 2022-06-13 This book offers a careful re-reading of Popper's classic falsificationist demarcation of science, stressing its institutional aspects. Popper's social thinking about science, individuals, institutions, and rationality is tracked through The

Poverty of Historicism and The Open Society and Its Enemies as he criticises and improves his earlier work. New links are established between the works of the 1935-1945 period, revealing them as a source for criticism of the institutions and governance of science.

**Radio Flyer** ,1992-01-01 Two young brothers, abused by their stepfather, try to escape their chaotic family life with dreams of flying. They attempt to transform their red wagon into a flying machine and in the process transform their lives into an extraordinary adventure.

*Hank Greenberg* John Rosengren,2014-03-04 Baseball during the Great Depression of the 1930s galvanized communities and provided a struggling country with heroes. Jewish player Hank Greenberg gave the people of Detroit—and America—a reason to be proud. But America was facing more than economic hardship. Hitler’s agenda heightened the persecution of Jews abroad while anti-Semitism intensified political and social tensions in the U.S. The six-foot-four-inch Greenberg, the nation’s most prominent Jew, became not only an iconic ball player, but also an important and sometimes controversial symbol of Jewish identity and the American immigrant experience. Throughout his twelve-year baseball career and four years of military service, he heard cheers wherever he went along with anti-Semitic taunts. The abuse drove him to legendary feats that put him in the company of the greatest sluggers of the day, including Babe Ruth, Jimmie Foxx, and Lou Gehrig. Hank’s iconic status made his personal dilemmas with religion versus team and ambition versus duty national debates. Hank Greenberg is an intimate account of his life—a story of integrity and triumph over adversity and a portrait of one of the greatest baseball players and most important Jews of the twentieth century.
