Bound Lives Rachel Sarah O'Toole,2012-04-15 Bound Lives chronicles the lived experience of race relations in northern coastal Peru during the colonial era. Rachel Sarah O'Toole examines the construction of a *casta* (caste) system under the Spanish government, and how this system was negotiated and employed by Andeans and Africans. Royal and viceregal authorities defined legal identities of "Indian" and "Black" to separate the two groups and commit each to specific trades and labor. Although they were legally divided, Andeans and Africans freely interacted and depended on each other in their daily lives. Thus, the caste system was defined at both the top and bottom of society. Within each caste, there were myriad subcategories that also determined one's standing. The imperial legal system also strictly delineated civil rights. Andeans were afforded greater protections as a "threatened" native population. Despite this, with the crown's approval during the rise of the sugar trade, Andeans were driven from their communal property and conscripted into a forced labor program. They soon rebelled, migrating away from the plantations to the highlands. Andeans worked as artisans, muleteers, and laborers for hire, and used their legal status as Indians to gain political representation. As slaves, Africans were subject to the judgments of local authorities, which nearly always sided with the slaveholder. Africans soon articulated a rhetoric of valuation, to protect themselves in disputes with their captors and in slave trading negotiations. To combat the ongoing diaspora from Africa, slaves developed strong kinship ties and offered communal support to the newly arrived. Bound Lives offers an entirely new perspective on racial identities in colonial Peru. It highlights the tenuous interactions of an imperial power, indigenous group, and enslaved population, and shows how each moved to establish its own power base and modify the existing system to its advantage, while also shaping the nature of colonialism itself.

The Vendetta Honoré de Balzac,2022-10-03 Fans of 'The Godfather' trilogy and 'The Sopranos' will know a thing or two about vendettas. In Honore de Balzac's The Vendetta', tragic consequences are laid bare. What begins as a love story between two Corsican immigrants, Ginevra and Luigi, soon becomes a tale of misery. Luigi is the sole survivor of a blood feud with Ginevra's family. And Ginevra's father Bartolomeo is determined to finish the job by killing Luigi. However, when the love-sick couple marries, he has to stay his hand - but he cuts them off, leaving them poverty-stricken. As Bartolomeo has an epiphany, his daughter is locked in a life-and-death struggle as she gives birth. Will she survive? And will her father get the chance to make things right? 'The Vendetta' is an excoriating attack on the nature of honour and a tale of tragic romance that calls to mind 'Romeo and Juliet' by William Shakespeare. Honoré de Balzac (1799-1850) was a French novelist and playwright, most famous for a sequence of novels, collectively called 'The Human Comedy'. His signature style was a warts-and-all representation of post-Napoleonic French life, rich in detail and featuring complex, unfiltered characters. The style means Balzac

is regarded as one of the pioneers of European literary realism. He is named as an influence on writers including Emile Zola, Henry James, Charles Dickens, and Gustave Flaubert. The first novel he published under his own name was 'Les Chouans' in 1829. In 1834 he hit upon the idea of grouping his novels together to record all of society. The result, over a period of years, was 'The Human Comedy', which comprised three categories: 'Analytic Studies'; 'Philosophical Studies'; and 'Studies of Manners'.
