Black's Veterinary Dictionary Edward Boden,Anthony Andrews,2015-03-26 Black's Veterinary Dictionary has been a bestseller for over 80 years. It is an essential reference tool for all with a professional or leisure interest in the care of animals. Much more than a list of veterinary terms, its practical approach ensures that readers gain an insight into the signs and symptoms of common, and less common, diseases, their diagnosis and treatment. For the 22nd edition much new and updated information has been included, reflecting the numerous developments that have taken place in animal care and husbandry, and welfare. There is greatly expanded coverage of topics relating to popular breeds of dog and cat, and the inheritable conditions that might affect their health. Advances in medicine, surgery and diagnostic techniques; descriptions of newly identified diseases such as Schmallenberg virus; the resurgence of old scourges such as TB in cattle, and ongoing enzootic infections such as bird flu are included in this new edition. The growing risk of exotic diseases such as heartworm being imported following the relaxation of travel arrangements for dogs and cats is reflected in new entries. Notes on many new species being farmed or kept as companion animals are among the thousands of topics covered. Whether your interest is in cats or cattle, horses or hamsters, puppies or pigeons, the A-Z of veterinary matters is covered in Black's Veterinary Dictionary.

Officer Daddy Jacqueline Diamond,2017-10-10 The doctor's going to be a mommy. When Dr. Nora Kendall meets handsome Officer Leo Franco at a wedding, sparks fly. After a wild night together, she discovers she's pregnant. Recovering from a painful divorce, Nora dreams of a loving husband and a baby. But although Leo's fascinated by the gorgeous doctor, he's focused on earning a promotion to detective, not on starting a family. Nora's willing to let Leo off the hook, until a crime at the counseling center where they both volunteer threatens her reputation and his promotion. They have to team up to investigate, but even with a baby-to-be claiming both their hearts, how long can this partnership last? Welcome to USA Today bestselling author Jacqueline Diamond's Safe Harbor Medical romances. "Plenty of passion and a mystery to boot," says Roundtablereviews of Officer Daddy. "This is a book to pick up even if you have not read the other books in the series. Be sure you have a few hours reading time because you might not want to put it down until you are done reading. I didn't."—Michele Schram, We Really Dig Romance Novels

A Descriptive Analysis of Adamorobe Sign Language (Ghana) Victoria Anna Sophie Nyst,2007 Adamorobe, a small Akan village in Ghana, has an unusually high incidence of hereditary deafness. As a result, a sign language came into being, Adamorobe Sign Language (AdaSL), which is unrelated to any other sign language described so far and is assumed to be about 200 years old. The present study describes selected aspects of AdaSL, notably phonology, lexicon, the expression of size and shape and the encoding of motion events. A comparison of these aspects with descriptions of other sign languages reveals interesting cross-linguistic differences in the use of iconicity as well as in the use of space and classifier constructions. Data were collected during three periods of fieldwork of nine months in total. Moreover, this study considers to what extent the social setting may influence the development of structural features in sign languages. This investigation nuances the impact the visual-spatial modality has on sign language structure. The book is of interest to scholars of sign linguistics, African linguistics, as well as contact linguistics and Deaf studies.

Star Wars: Darth Vader by Greg Pak Vol. 3 Greg Pak,2021-12-21 Darth Vader failed to turn his son, Luke Skywalker, to the dark side. Vader sought revenge against those who hid Luke from him for all these years...and in doing so nearly betrayed his master. It did not go unnoticed by Palpatine...and now it is time for Vader's next lesson. Now, left battered and broken by his punishment, the Dark Lord drags himself across the scorched surface of Mustafar with vengeance on his mind! But as Vader closes in on the key to Palpatine's greatest secret, the deadly assassin Ochi

of Bestoon stands in his way. Vader and Ochi are in for the fight of their lives, with the fate of the Emperor in the balance -- but how much of this deadly scenario is Palpatine's grand plan? COLLECTING: Star Wars: Darth Vader (2020) 6-11.

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

The Death of Socialism Robert Corfe, 2009 Socialism and the mindset of the traditional left have outlived their purpose. A new political philosophy is needed in the cause of creating a fair and egalitarian society for the peoples of our planet. This is a startling yet profound book which strikes at the foundations of established politics in the West. The author's conclusions are drawn from two directions: an analysis of the consequences of the transformation of society over the past 60 years in industrialised economies; and personal experiences as an activist, both locally and nationally, after 14 years within the Labour party. It is demonstrated that both the Labour party, and socialism in the wider world, is now counter-productive to its given purpose: i.e. it hinders rather than promotes the progress of the less fortunate people in our midst. The left is hampered by two great faults in its thinking and policy: its idolatrous commitment to collectivism, poisoning its good intentions; and its blind spot to the psychological need for the productive business instinct, described by the author as the missing gene of socialism. The author describes his attempts to modernise the Labour party and initiate free discussion, followed by the horrific experience of his public denunciation by an old stalwart for writing without the authority of the party leadership. This led to his resignation in 2008. Modern men and women are dependent on the promotion of a healthy individualism for personal success - and certainly in maintaining a free society. It is shown how political ideas need to follow in the wake of social and technological progress, and not vice versa. When ideologies outgrow their purpose society regresses. The future calls for a new progressive politics of universal humanity; a repudiation of class conflict which compounds rather than resolves substantive issues; the syncretising of political interests of relevance

to all humanity; and a return to the Enlightenment values of a former age. This is a book with a refreshing insight in brushing away the political cobwebs of the past.

A Study in Scarlet Illustrated Sir Arthur Conan Doyle,2020-06-19 A Study in Scarlet is an 1887 detective novel by Scottish author Arthur Conan Doyle. Written in 1886, the story marks the first appearance of Sherlock Holmes and Dr. Watson, who would become the most famous detective duo in popular fiction. The book's title derives from a speech given by Holmes, a consulting detective, to his friend and chronicler Watson on the nature of his work, in which he describes the story's murder investigation as his study in scarlet There's the scarlet thread of murder running through the colourless skein of life, and our duty is to unravel it, and isolate it, and expose every inch of it.
