**The Secret of the Fortune Wookiee (Origami Yoda #3)** Tom Angleberger, 2012-08-07 With Dwight attending Tippet Academy this semester, the kids of McQuarrie Middle School are on their own—no Origami Yoda to give advice and help them navigate the treacherous waters of middle school. Then Sara gets a gift she says is from Dwight—a paper fortune-teller in the form of Chewbacca. It's a Fortune Wookiee, and it seems to give advice that's just as good as Yoda's—even if, in the hands of the girls, it seems too preoccupied with romance. In the meantime, Dwight is fitting in a little too well at Tippet. Has the unimaginable happened? Has Dwight become normal? It's up to his old friends at McQuarrie to remind their kooky friend that it's in his weirdness that his greatness lies. This is the third case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of *Star Wars: Return of the Jedi: Beware the Power of the Dark Side*, showcasing his proven knack for authentically capturing the intrigues, fads, and dramas of middle school in “a satisfying tale of friendship and just resistance to authority” (Kirkus Reviews, starred review). Praise for *The Secret of the Fortune Wookiee* has crafted a worthy follow-up to his break **STARRED REVIEW** Angleberger's third in the series continues the fun. A chorus of spot-on middle school voices and plenty of laughs are wrapped around this tale of friendship and seasoned with Star Wars references. —Kirkus Reviews, starred review Tom Angleberger offers a hilarious third book in his best-selling series starring origami Star Wars characters. Angleberger's grasp of middle-school emotions, humor and behavior is spot-on, and parents who want to get a sense of what it's like be a preteen these days might consider reading this book. But you'll likely have to pry it out of your young reader's hands first. —Scripps Howard News Service Award 2013 ReadKiddoRead Kiddos - FINALIST

**The Strange Case of Origami Yoda (Origami Yoda #1)** Tom Angleberger, 2012-08-07 In this funny, uncannily wise portrait of the dynamics of a sixth-grade class and of the greatness that sometimes comes in unlikely packages, Dwight, a loser, talks to his classmates via an origami finger puppet of Yoda. If that weren't strange enough, the puppet is uncannily wise and prescient. Origami Yoda predicts the date of a pop quiz, guesses who stole the classroom Shakespeare bust, and saves a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight's classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of *Star Wars: Return of the Jedi: Beware the Power of the Dark Side*, and hailed by *School Library Journal* as “honest, funny, and immensely entertaining.” F&P Level: T F&P Genre: RF

**Darth Paper Strikes Back (Origami Yoda #2)** Tom Angleberger, 2012-08-07 The hilarious, clever, and much-anticipated follow-up to the breakout hit, *The Strange Case of Origami Yoda*! It is a dark time at Ralph McQuarrie Middle School. After suffering several Origami Yoda-related humiliations, Harvey manages to get Dwight suspended from school for being a “troublemaker.” Origami Yoda pleads with Tommy and Kellen to save Dwight by making a new case file—one that will show how Dwight's presence benefits McQuarrie. With the help of their friends, Tommy and Kellen record cases such as “Origami Yoda and the Pre-eaten Wiener,” “Origami Yoda and the Exploding Pizza Bagels,” and “Origami Yoda and Wonderland: The Musical.” But Harvey and his Darth Paper puppet have a secret plan that could make Dwight's suspension permanent . . . This is the second case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of *Star Wars: Return of the Jedi: Beware the Power of the Dark Side*, showcasing his proven knack for authentically capturing the intrigues, fads, and dramas of middle school in “a satisfying tale of friendship and just resistance to authority” (Kirkus Reviews, starred review). Praise for *Darth Paper Strikes Back* **STARRED REVIEW** “Angleberger's just-as-funny follow-up to *The Strange Case of Origami Yoda* delves deeper into the mystery of the helpful paper Yoda in a satisfying tale of friendship and just resistance to authority. Pitch-perfect middle-school milieu and enough Star Wars references (and laughs) to satisfy fans and win new ones.” —Kirkus Reviews, starred review “In this imaginative sequel...author Tom Angleberger has his finger puppet squarely on the erratic pulse of middle-school life, with its shifting allegiances, squeals, moans and misgivings.” —Washington Post “As with this story's predecessor, the well-observed middle-school dynamics (and Angleberger's sharp sense of humor) are greatly amplified by the book's design, which includes faux wrinkled pages, abundant doodles, and other scrawled marginalia. It's a natural step up from the *Wimpy Kid* series, with more text and narrative complexity, but just as much on-target humor and all-around fun.” —Publishers Weekly “This book is honest, funny, and immensely entertaining. The illustrations and design will engage readers. Based on the positive reception *Origami Yoda* has received, kids will be clamoring for this sequel. They won't be disappointed.” —School Library Journal “The Force is with Tom Angleberger in this sequel to his funny and clever novel/comics hybrid, *The Strange Case of Origami Yoda*. A sequel to equal the funny and clever novel/comics debut of the *Origami Yoda*, as Dwight's friends try to save him from reform school.—Shelf Awareness “With the same deft touch that made *The Strange Case of Origami Yoda* a pleasure, Angleberger takes readers through the ups and downs of adolescence.” —Portland Book Review “Darth Paper offers further proof that Angleberger really understands middle-schoolers and the daily dramas that engulf them, while still finding the humor inherent in their situations.—Scripps News

*X-Planes* Manfred Griehl,2012-10-24 Renowned German aviation specialist Manfred Griehl has collected a unique and valuable selection of photographs of Luftwaffe projects that never made it into battle. They remained on the drawing board or at prototype stage either because they were deemed unsuitable or the developers simply ran out of time and the projects never went into production. Most photographs come from the development sites and testing grounds of the major manufacturers of Nazi Germany: companies such as Dornier, Junkers, Focke-Wulf and Heinkel all received funding from the government to develop bigger and faster aircraft. A huge amount of private testing went on with major organizations such as Daimler-Benz, BMW and Siemens investing huge amounts in new engine systems and other advances such as radar. This book also details the innumerable alterations that were made to existing service aircraft to equip them for new roles. There are examples of Fw190s developed for the delivery of chemical and toxic weapons, the high altitude Junkers EF 61, the early prototype WNF 342 helicopter as well as numerous examples of developmental jet fighters that could very well have been realized had it not been for the effectiveness of the Allied bombing campaign in restricting the supply of necessary materials.
