What's Wrong with the Poor? Mical Raz, 2013-11-11 In the 1960s, policymakers and mental health experts joined forces to participate in President Lyndon Johnson's War on Poverty. In her insightful interdisciplinary history, physician and historian Mical Raz examines the interplay between psychiatric theory and social policy throughout that decade, ending with President Richard Nixon's 1971 veto of a bill that would have provided universal day care. She shows that this cooperation between mental health professionals and policymakers was based on an understanding of what poor men, women, and children lacked. This perception was rooted in psychiatric theories of deprivation focused on two overlapping sections of American society: the poor had less, and African Americans, disproportionately represented among America's poor, were seen as having practically nothing. Raz analyzes the political and cultural context that led child mental health experts, educators, and policymakers to embrace this deprivation-based theory and its translation into liberal social policy. Deprivation theory, she shows, continues to haunt social policy today, profoundly shaping how both health professionals and educators view children from low-income and culturally and linguistically diverse homes.

Kota Ezawa: The Crime of Art Kota Ezawa, 2018-06-26 The crime of art looks at Kota Ezawa's oeuvre using crime as a topical lens. The book presents

photographs and reproductions from Ezawa's exhibitions at Mead Art Museum and SITE Sante Fe, featuring remakes of paintings stolen from the Isabella Stewart Gardner Museum in Boston. In addition, the book draws connections from this project to other works by Ezawa from 2002 to 2017 that contemplate crime..

Warlike and Peaceful Societies Agner Fog, 2017-10-13 Are humans violent or peaceful by nature? We are both. In this ambitious and wide-ranging book, Agner Fog presents a ground-breaking new argument that explains the existence of differently organised societies using evolutionary theory. It combines natural sciences and social sciences in a way that is rarely seen. According to a concept called regality theory, people show a preference for authoritarianism and strong leadership in times of war or collective danger, but desire egalitarian political systems in times of peace and safety. These individual impulses shape the way societies develop and organise themselves, and in this book Agner argues that there is an evolutionary mechanism behind this flexible psychology. Incorporating a wide range of ideas including evolutionary theory, game theory, and ecological theory, Agner analyses the conditions that make us either strident or docile. He tests this theory on data from contemporary and ancient societies, and provides a detailed explanation of the applications of regality theory to issues of war and peace, the rise and fall of empires, the mass media, economic instability, ecological crisis, and much more. **Warlike and Peaceful Societies: The**

Interaction of Genes and Culture draws on many different fields of both the social sciences and the natural sciences. It will be of interest to academics and students in these fields, including anthropology, political science, history, conflict and peace research, social psychology, and more, as well as the natural sciences, including human biology, human evolution, and ecology.

Damien: A Stark Novel J. Kenner, 2019-01-08 From New York Times and USA Today bestselling author J. Kenner comes a new story in her Stark series... I am Damien Stark. From the outside, I have a perfect life. A billionaire with a beautiful family. But if you could see inside my head, you'd know I'm as f-ed up as a person can be. Now more than ever. I'm driven, relentless, and successful, but all of that means nothing without my wife and daughters. They're my entire world, and I failed them. Now I can barely look at them without drowning in an abyss of self-recrimination. Only one thing keeps me sane—losing myself in my wife's silken caresses where I can pour all my pain into the one thing I know I can give her. Pleasure. But the threats against my family are real, and I won't let anything happen to them ever again. I'll do whatever it takes to keep them safe—pay any price, embrace any darkness. They are mine. I am Damien Stark. Do you want to see inside my head? Careful what you wish for.

Walking the Bones Randall Silvis, 2018-01-23 When long-buried secrets come

back to the surface... The bones of seven young girls, picked clean and carefully preserved, discovered years ago... that's all Sergeant Ryan DeMarco knows about the unsolved crime he has unwittingly been roped into investigating during what is supposed to be a healing road trip with his new love, Jayme. DeMarco is still reeling from the case that led to death of his best friend months ago and wants nothing more than to lay low. Unfortunately, the small southern town of Jayme's idyllic youth is not exactly a place that lets strangers go unnoticed—especially strangers who have a history of solving violent crimes. And if there's anything DeMarco knows, it's that a killer always leaves clues behind, just waiting for the right person to come along and put all the pieces together... Walking the Bones is a story about things buried—memories, regrets, secrets, and bodies. Acclaimed author Randall Silvis delivers another heart-stopping investigation as DeMarco finds himself once again drawn into a case that will demand more of himself than he may be willing to give.

American Buffalo Steven Rinella, 2008-12-02 From the host of the Travel Channel's "The Wild Within." A hunt for the American buffalo—an adventurous, fascinating examination of an animal that has haunted the American imagination. In 2005, Steven Rinella won a lottery permit to hunt for a wild buffalo, or American bison, in the Alaskan wilderness. Despite the odds—there's only a 2 percent chance of drawing the permit, and fewer than 20 percent of those hunters are successful—Rinella managed to kill a buffalo on

a snow-covered mountainside and then raft the meat back to civilization while being trailed by grizzly bears and suffering from hypothermia. Throughout these adventures, Rinella found himself contemplating his own place among the 14,000 years' worth of buffalo hunters in North America, as well as the buffalo's place in the American experience. At the time of the Revolutionary War, North America was home to approximately 40 million buffalo, the largest herd of big mammals on the planet, but by the mid-1890s only a few hundred remained. Now that the buffalo is on the verge of a dramatic ecological recovery across the West, Americans are faced with the challenge of how, and if, we can dare to share our land with a beast that is the embodiment of the American wilderness. *American Buffalo* is a narrative tale of Rinella's hunt. But beyond that, it is the story of the many ways in which the buffalo has shaped our national identity. Rinella takes us across the continent in search of the buffalo's past, present, and future: to the Bering Land Bridge, where scientists search for buffalo bones amid artifacts of the New World's earliest human inhabitants; to buffalo jumps where Native Americans once ran buffalo over cliffs by the thousands; to the Detroit Carbon works, a "bone charcoal" plant that made fortunes in the late 1800s by turning millions of tons of buffalo bones into bone meal, black dye, and fine china; and even to an abattoir turned fashion mecca in Manhattan's Meatpacking District, where a depressed buffalo named Black Diamond met his fate after serving as the model for the American nickel. Rinella's erudition and exuberance, combined with

his gift for storytelling, make him the perfect guide for a book that combines outdoor adventure with a quirky blend of facts and observations about history, biology, and the natural world. Both a captivating narrative and a book of environmental and historical significance, *American Buffalo* tells us as much about ourselves as Americans as it does about the creature who perhaps best of all embodies the American ethos.

Good Bones Maggie Smith, 2020-07-15 Featuring “Good Bones”—called “Official Poem of 2016” by the BBC/Public Radio International. Maggie Smith writes out of the experience of motherhood, inspired by watching her own children read the world like a book they've just opened, knowing nothing of the characters or plot. These are poems that stare down darkness while cultivating and sustaining possibility, poems that have a sense of moral gravitas, personal urgency, and the ability to address a larger world. Maggie Smith's previous books are *The Well Speaks of Its Own Poison* (Tupelo, 2015), *Lamp of the Body* (Red Hen, 2005), and three prize-winning chapbooks: *Disasterology* (Dream Horse, 2016), *The List of Dangers* (Kent State, 2010), and *Nesting Dolls* (Pudding House, 2005). Her poem “Good Bones” has gone viral—tweeted and translated across the world, featured on the TV drama *Madam Secretary*, and called the “Official Poem of 2016” by the BBC/Public Radio International, earning news coverage in the *New York Times*, *Washington Post*, *Slate*, the *Guardian*, and beyond. Maggie Smith was named the 2016 Ohio Poet of the Year. “Smith's voice is clear and unmistakable as she unravels the universe, pulls

at a loose thread and lets the whole thing tumble around us, sometimes beautiful, sometimes achingly hard. Truthful, tender, and unafraid of the dark....”—Ada Limón “As if lost in the soft, bewitching world of fairy tale, Maggie Smith conceives and brings forth this metaphysical Baedeker, a guidebook for mother and child to lead each other into a hopeful present. Smith's poems affirm the virtues of humanity: compassion, empathy, and the ability to comfort one another when darkness falls. 'There is a light,' she tells us, 'and the light is good.'”—D. A. Powell “Good Bones is an extraordinary book. Maggie Smith demonstrates what happens when an abundance of heart and intelligence meets the hands of a master craftsman, reminding us again that the world, for a true poet, is blessedly inexhaustible.”—Erin Belieu

Lebanon Alicia Wayland, Ed Tollmann, Claire S. Krause, 2004-08 Historic Lebanon is best known for its role in the Revolutionary War. It was the home of rebel governor Jonathan Trumbull and William Williams, a signer of the Declaration of Independence. Museums and other sites that tell the story of Connecticut's important contributions to the patriot cause surround Lebanon's mile-long town green, listed on the National Register of Historic Places. Located thirty miles east of Hartford, Lebanon was first settled in the 1690s

and incorporated in 1700, and until 1804 included the present town of Columbia. While most residents now commute out of town to work, Lebanon remains primarily rural, striving to preserve its agricultural roots. This book tells the story of the people, places, and events that make Lebanon a town to celebrate.

Jack Frost William Joyce, 2020-09-15 The Guardians' powers are put to the ultimate test in their final battle in this thrilling conclusion to the epic chapter book series from William Joyce. When we last saw the Guardians, they were celebrating their victory during Bright Night, the final great Battle of the Moon, where they defeated Pitch once and for all. Or so they thought. Now, many years later, the Guardians have settled into their final selves, embracing their public images and the Earth Holidays. But the world has not been without evil since Pitch's imprisonment. All the Guardians feel the weight of lurking menace, but Jack Frost—now half human, half of his former self Nightlight—feels it the most. Jack's transition from Nightlight to Guardian was not an easy one. Always inclined to keep to himself, Jack has become especially isolated from the other Guardians since his transformation. Yet it is Jack who Ombric Shalazar (once a great wizard, now known as Father Time) trusts with a tremendous secret. But for Jack to fully understand this secret, he must revisit his past—and finally tell his story. Jack's story, however, isn't the only one to be reopened; an old enemy whose chapter we thought closed will reappear and with him bring a darkness and destruction

that will test the Guardians like never before. It's a battle of superlatives—the worse fighting the greatest, but where, oh where, is Jack?

Yotsuba&!, Vol. 5 Kiyohiko Azuma, 2011-12-12 Yotsuba met a robot at Ena's house! Betcha haven't met one ever! It was THIIIIIS big - but not bigger than Jumbo or anything - and it ate money! Yotsuba's never met anyone who ate money before! Maybe it gets more powers with more money!? Yotsuba should try giving it more money next time! Huh...what happens when money-eating robots get full? Do they have to go to the little robots' room? Hmmm...

Reframing Bodies Roger Hallas, 2009-01-01 In *Reframing Bodies*, Roger Hallas illuminates the capacities of film and video to bear witness to the cultural, political, and psychological imperatives of the AIDS crisis. He explains how queer films and videos made in response to the AIDS epidemics in North America, Europe, Australia, and South Africa challenge longstanding assumptions about both historical trauma and the politics of gay visibility. Drawing on a wide range of works, including activist tapes, found footage films, autobiographical videos, documentary portraits, museum installations, and even film musicals, Hallas reveals how such “queer AIDS media” simultaneously express both immediacy and historical consciousness. Queer AIDS media are neither mere ideological critiques of the dominant media representation of homosexuality and AIDS nor corrective attempts to produce “positive images” of people living with HIV/AIDS. Rather, they perform complex, mediated acts of bearing witness to the individual and collective

trauma of AIDS. Challenging the entrenched media politics of who gets to speak, how, and to whom, Hallas offers a bold reconsideration of the intersubjective relations that connect filmmakers, subjects, and viewers. He explains how queer testimony reframes AIDS witnesses and their speech through its striking combination of direct address and aesthetic experimentation. In addition, Hallas engages recent historical changes and media transformations that have not only displaced queer AIDS media from activism to the archive, but also created new witnessing dynamics through the logics of the database and the remix. Reframing Bodies provides new insight into the work of Gregg Bordowitz, John Greyson, Derek Jarman, Matthias Müller, and Marlon Riggs, and offers critical consideration of important but often overlooked filmmakers, including Jim Hubbard, Jack Lewis, and Stuart Marshall.

Beautiful Forevers Jessie Gussman, 2021-08-12 They both want to make things

work, but will their children come between them? Gage has been happy in Blueberry Beach, living above the store on the Main Street, working from home and raising his two girls. Alone. The tightknit community supports each other and his daughters enjoy working in the ice cream shop and playing in the beach band. When Zariah and her teenage niece, Macie, move in across the street, opening a clothing boutique, Gage's attraction to her is immediate. Their relationship seems too good to be true. Or maybe it's Macie that's too good to be true. When Macie is caught in a crime spree that includes stealing cars, destroying property and dealing drugs, the small community is shocked and appalled. Will Gage and Zariah's relationship be able to weather this storm? Will Blueberry Beach ever feel safe again? Reviews for Beautiful Forever: ★★★★★ The book was just all consuming, heart wrenching, wonderful, everyone should read this one, it speaks to your heart like no other story I have ever read. - KRP ★★★★★ God's grace is one of Gussman's favorite themes and she portrays it perfectly in Beautiful Forever. Grace isn't a magic wand. It can't negate the harm done or whisk away the consequences, but it can show the way forward to healing and redemption. I have loved all of the Blueberry Beach novels, but Beautiful Forever is my current favorite. - Charlene ★★★★★ Wow - This is way different than the books I've been reading. It also deals with issues we parents pray we'll never have to deal with. But life happens. And grace is there. And life goes on. - Kindle Customer ★★★★★ This is such an amazing story!!! I love how Ms. Gussman's romances

intermingle the problems of real life with the love story. I suppose I feel that way because that's the way it truly happens. Her stories always read more like a glimpse into someone's life, than a fictional tale! - Ballet in AK ★★★★★ Wow. I am, as always, blown away by the emotion and real-ness of Jessie Gussman's works. This book is such a great example of how someone (a teen, especially) may deal with grief. I was floored. - Janet Books in the Blueberry Beach series: Yesterday's Treasures Tomorrow's Blessings Beautiful Forevers Precious Memories Misty Mornings Sweet Afternoons

Day Sleeper Sam Contis, 2020 In this book, Sam Contis presents a new window onto the work of the American photographer Dorothea Lange. Drawing from Lange's extensive archive, Contis constructs a fragmented, unfamiliar world centred around the figure of the day sleeper - at once a symbol of respite and oblivion. The book shows us one artist through the eyes of another, with Contis responding to resonances between her and Lange's ways of seeing. It reveals a largely unknown side of Lange, and includes previously unseen photographs of her family, portraiture from her studio, and pictures made in the streets of San Francisco and the East Bay. Day Sleeper will be featured alongside other works of Contis's in the exhibition Dorothea Lange: Words & Pictures at the Museum of Modern Art, February-May 2020.
