Left with an infant to care for, they head to a nearby foundling home, where Mark encounters the woman he'd nearly married a decade ago. After failing at love, Katherine Palmer dedicated her life to caring for children, teaming up with Eliza Southerland to start Harmony House. From mixed ancestry, illegitimate, and female, Eliza understands the pain of not fitting society's mold. Yet those are the very attributes that lead her to minister to outcast children. The taciturn Jonah intrigues her with his courage and kindness, but there are secrets behind his eyes--ghosts from wars past and others still being waged. However, when a handful of urchin children from the area go missing, a pair of Horsemen are exactly what the women need. Working together to find the children, will these two couples find love as well?

The Second Life of Mirielle West Amanda Skenandore,2021-07-27 The glamorous world of a silent film star's wife abruptly crumbles when she's forcibly quarantined at the Carville Lepers Home in this page-turning story of courage, resilience, and reinvention set in 1920s Louisiana and Los Angeles. Based on little-known history, this timely book will strike a chord with readers of Fiona Davis, Tracey Lange, and Marie Benedict. Based on the true story of America's only leper colony, The Second Life of Mirielle West brings vividly to life the Louisiana institution known as Carville, where thousands of people were stripped of their civil rights, branded as lepers, and forcibly quarantined throughout the entire 20th century. For Mirielle West, a 1920's socialite married to a silent film star, the isolation and powerlessness of the Louisiana Leper Home is an unimaginable fall from her intoxicatingly chic life of bootlegged champagne and the star-studded parties of Hollywood's Golden Age. When a doctor notices a pale patch of skin on her hand, she's immediately branded a leper and carted hundreds of miles from home to Carville, taking a new name to spare her family and famous husband the shame that accompanies the disease. At first she hopes her exile will be brief, but those sent to Carville are more prisoners than patients and their disease has no cure. Instead she must find community and purpose within its walls, struggling to redefine her self-worth while fighting an unchosen fate. As a registered nurse, Amanda Skenandore's medical background adds layers of detail and authenticity to the experiences of patients and medical professionals at Carville – the isolation, stigma, experimental treatments, and disparate community. A tale of repulsion, resilience, and the Roaring '20s, The Second Life of Mirielle West is also the story of a health crisis in America's past, made all the more poignant by the author's experiences during

another, all-too-recent crisis. PRAISE FOR AMANDA SKENANDORE'S BETWEEN EARTH AND SKY "Intensely emotional...Skenandore's deeply introspective and moving novel will appeal to readers of American history." –Publishers Weekly

The Dakota Hunter Hans Wiesman,2015-03-19 A tale of a lifelong passion for a WWII aircraft that changed the author's life: "It is almost like an adventure novel except it is true" (Air Classics). This book tells the story of a Dutch boy who grew up during the 1950s in postwar Borneo, where he had frequent encounters with an airplane, the Douglas DC-3, a.k.a. the C-47 Skytrain or Dakota, of World War II fame. For a young boy living in a remote jungle community, the aircraft reached the proportions of a romantic icon as the essential lifeline to a bigger world for him, the beginning of a special bond. In 1957, his family left the island and all its residual wreckage of World War II, and he attended college in The Hague. After graduation, he started a career as a corporate executive—and met the aircraft again during business trips to the Americas. His childhood passion for the Dakota flared up anew, and the fascination pulled like a magnet. As if predestined, or maybe just looking for an excuse to come closer, he began a business to salvage and convert Dakota parts, which meant first of all finding them. As the demand for these war relic parts and cockpits soared, he began to travel the world to track down surplus, crashed, or derelict Dakotas. He ventured deeper and deeper into remote mountains, jungles, savannas, and the seas where the planes are found, usually as ghostly wrecks but sometimes still in full commercial operation. In hunting the mythical Dakota, he often encountered intimidating or dicey situations in countries plagued by wars or revolts, others by arms and narcotics trafficking, warlords, and conmen. The stories of these expeditions take the reader to some of the remotest spots in the world, but once there, one is often greeted by the comfort of what was once the West's apex in transportation—however now haunted by the courageous airmen of the past.

The Lincoln Highway Amor Towles,2021-10-05 #1 NEW YORK TIMES BESTSELLER More than ONE MILLION copies sold A TODAY Show Read with Jenna Book Club Pick A New York Times Notable Book, and Chosen by Oprah Daily, Time, NPR, The Washington Post, Bill Gates and Barack Obama as a Best Book of the Year "Wise and wildly entertaining . . . permeated with light, wit, youth." –The New York Times Book Review "A classic that we will read for years to come." –Jenna Bush Hager, Read with Jenna book club "Fantastic. Set in 1954, Towles uses the story of two brothers to show that our personal journeys are never as linear or predictable as we might hope." –Bill Gates "A real joyride . . . elegantly constructed and compulsively readable." –NPR The bestselling author of A Gentleman in Moscow and Rules of Civility and master of absorbing, sophisticated fiction returns with a stylish and propulsive novel set in 1950s America In June, 1954, eighteen-year-old Emmett Watson is driven home to Nebraska by the warden of the juvenile work farm where he has just served fifteen months for involuntary manslaughter. His mother long gone, his father recently deceased, and the family farm foreclosed upon by the bank, Emmett's intention is to pick up his eight-year-old brother, Billy, and head to California where they can start their lives anew. But when the warden drives away, Emmett discovers that two friends from the work farm have hidden themselves in the trunk of the warden's car. Together, they have hatched an altogether different plan for Emmett's future, one that will take them all on a fateful journey in the opposite direction—to the City of New York. Spanning just ten days and told from multiple points of view, Towles's third novel will satisfy fans of his multi-layered literary styling while providing them an array of new and richly imagined settings, characters, and themes. "Once again, I was wowed by Towles's writing—especially because The Lincoln Highway is so different from A Gentleman in Moscow in terms of setting, plot, and themes. Towles is not a one-trick pony. Like all the best storytellers, he has range. He takes inspiration from famous hero's journeys, includingThe Iliad, The Odyssey, Hamlet, Huckleberry Finn, and Of Mice and Men. He seems to be saying that our personal journeys are never as linear or predictable as an interstate highway. But, he suggests, when something (or someone) tries to steer us off course, it is possible to take the wheel." – Bill Gates

Building Chicago's Subways David Sadowski,2018 While the elevated Chicago Loop is justly famous as a symbol of the city, the fascinating history of its subways is less well known. The City of Chicago broke ground on what would become the Initial System of Subways during the Great Depression and finished 20 years later. This gigantic construction project, a part of the New Deal, would overcome many obstacles while tunneling through Chicago's soft blue clay, under congested downtown streets, and even beneath the mighty Chicago River. Chicago's first rapid transit subway opened in 1943 after decades of wrangling over routes, financing, and

logistics. It grew to encompass the State Street, Dearborn-Milwaukee, and West Side Subways, with the latter modernizing the old Garfield Park L into the median of Chicago's first expressway. Take a trip underground and see how Chicago's I Will spirit overcame challenges and persevered to help with the successful building of the subways that move millions. Building Chicago's subways was national news and a matter of considerable civic pride--making it a Second City no more

Paddle to the Amazon Don Starkell,1994-09-03 It was crazy. It was unthinkable. It was the adventure of a lifetime. When Don and Dana Starkell left Winnipeg in a tiny three-seater canoe, they had no idea of the dangers that lay ahead. Two years and 12,180 miles later, father and son had each paddled nearly twenty million strokes, slept on beaches, in jungles and fields, dined on tapir, shark, and heaps of roasted ants. They encountered piranhas, wild pigs, and hungry alligators. They were arrested, shot at, taken for spies and drug smugglers, and set upon by pirates. They had lived through terrifying hurricanes, food poisoning, and near starvation. And at the same time they had set a record for a thrilling, unforgettable voyage of discovery and old-fashioned adventure. Courageous . . . Exciting and always immediate. -- The New York Times Book Review
