Bianca, born to two vampires, has always been told her destiny is to become one of them. But Bianca fell in love with Lucas—a vampire hunter sworn to destroy her kind. They were torn apart when his true identity was revealed, forcing him to flee the school. Although they may be separated, Bianca and Lucas will not give each other up. She will risk anything for the chance to see him again, even if it means coming face-to-face with the vampire hunters of Black Cross—or deceiving the powerful vampires of Evernight. Bianca's secrets will force her to live a life of lies. Yet Bianca isn't the only one keeping secrets. When Evernight is attacked by an evil force that seems to target her, she discovers the truth she thought she knew is only the beginning. . . .

photographs, historical notes, and practical information on stargazing.

From Casual Stargazer to Amateur Astronomer Dave Eagle, 2013-10-16 The beginning astronomical observer passes through a series of stages. The initial stage is hugely exciting and gives the beginner a real buzz as he discovers some of the faint fuzzy objects, markings on the planets, rings around Saturn and the craters on the Moon. But as the novice observer progresses, he or she wants to know what more there is than looking at faint fuzzy blobs or indistinct planet markings. Many jump to the conclusion – wrongly – that they need to spend lots of money on expensive equipment to progress. “From Casual Stargazer to Amateur Astronomer” has been written specifically to address this group of budding stargazers. Astronomy is much more than a quick sightseeing tour. Patient observers who can develop their skills will start to appreciate what they are seeing, and will know exactly what to look out for on any particular night. And equally important, they will learn what not to expect to see. “From Casual Stargazer to Amateur Astronomer” is for those who want to develop observing skills beyond mere sightseeing, and learn some of the techniques used to carry out enjoyable – and scientifically useful – observations. It will also direct readers to make informed choices about what can be seen and when. This book is for anyone keen to develop their skills as an amateur astronomer.

The Stargazer Michele Jaffe, 2014-01-07 The midnight shadows of Renaissance Venice conceal intrigue, romance...and murder. Combines historical context with lush sensuality and nuanced wit. — Publisher's Weekly Bianca Salva's love of science has led her to defy the conventions of her day and illicitly practice medicine among the poor of Venice. She's managed to keep her pass time a

secret—until she is discovered over the lifeless body of a young courtesan, by the last person she'd ever want to see. Ian Foscari, Conte d'Aosto, is known for being rich, handsome...and heartless. Finding Bianca over the dead body, he concludes she's the murderer. Yet for reasons he cannot explain, her protests move him. He offers to give her one week to prove her innocence, but she'll have to move into his house and be his prisoner. Her other option: the authorities and certain death. Bianca has no choice but to agree to his maddening terms. She's furious at having to cede her hard won freedom, and unprepared for the effect of his presence on her, for the longings he awakes in parts of her body she's only studied in books. As Bianca struggles to focus on finding the killer, Ian fights his own battle between the undeniable attraction he feels for her and the painful scars of his past. When their mutual attraction blazes to life, they are both dazzled by it's force. Passion burns through their reserves, teaching them both to trust again. Love again. But this fragile alliance is soon tested. Lured into a web of scheming and betrayal, Bianca and Ian find themselves in a race against the clock to save their lives, their hearts, and the city of Venice itself. Jaffe...develops a sensual, exciting, and amusing tale, richly embellished with details of Renaissance life. — Library Journal Jaffe's characters are intriguing, and the plot's many twists and turns are wonderfully entertaining. — Booklist

**The Tale Teller** Anne Hillerman, 2019-04-09 Don't miss the TV series, *Dark Winds*, based on the Leaphorn, Chee, & Manuelito novels, now on AMC and AMC+! **NEW YORK TIMES BESTSELLER** Legendary Navajo policeman Lieutenant Joe Leaphorn takes center stage in this riveting atmospheric mystery from New York Times bestselling author Anne Hillerman that combines crime, superstition, and tradition and brings the desert Southwest vividly alive. Joe Leaphorn may have retired from the Tribal Police, but he finds himself knee-deep in a perplexing case involving a

priceless artifact—a reminder of a dark time in Navajo history. Joe’s been hired to find a missing bill, a traditional dress that had been donated to the Navajo Nation. His investigation takes a sinister turn when the leading suspect dies under mysterious circumstances and Leaphorn himself receives anonymous warnings to beware—witchcraft is afoot. While the veteran detective is busy working to untangle his strange case, his former colleague Jim Chee and Officer Bernie Manuelito are collecting evidence they hope will lead to a cunning criminal behind a rash of burglaries. Their case takes a complicated turn when Bernie finds a body near a popular running trail. The situation grows more complicated when the death is ruled a homicide, and the Tribal cops are thrust into a turf battle because the murder involves the FBI. As Leaphorn, Chee, and Bernie draw closer to solving these crimes, their parallel investigations begin to merge . . . and offer an unexpected opportunity that opens a new chapter in Bernie’s life.

*The Last Stargazers* Emily Levesque, 2020-08-04 The story of the people who see beyond the stars—an astronomy book for adults still spellbound by the night sky. Humans from the earliest civilizations through today have craned their necks each night, using the stars to orient themselves in the large, strange world around them. Stargazing is a pursuit that continues to fascinate us: from Copernicus to Carl Sagan, astronomers throughout history have spent their lives trying to answer the biggest questions in the universe. Now, award-winning astronomer Emily Levesque shares the stories of modern-day stargazers in this new nonfiction release, the people willing to adventure across high mountaintops and to some of the most remote corners of the planet, all in the name of science. From the lonely quiet of midnight stargazing to tall tales of wild bears loose in the observatory, *The Last Stargazers* is a love letter to astronomy and an affirmation of the crucial role that humans can and must play in the future of scientific discovery. In this sweeping work of

narrative science, Levesque shows how astronomers in this scrappy and evolving field are going beyond the machines to infuse creativity and passion into the stars and space and inspires us all to peer skyward in pursuit of the universe's secrets.

Star Gazer Chris Platt,2014-08-19 Will a city girl's horse dreams ever come true? For Jordan McKenzie, moving from Los Angeles to rural Michigan was a big change. In LA, she was used to giant shopping malls and classmates who came to school in makeup and heels. In North Adams, Michigan, the nearest Walmart is thirty miles away. Since Jordan is a jeans-and-sneakers kind of girl, she hoped she'd fit in better here—plus, there are horses in Michigan! She has wanted one forever, but in LA they were too expensive. Draft horses—gentle giants—are her favorites, with their dependable demeanors, huge size, and muscle power. Even though all the North Adams kids have horses, Jordan's busy mother barely agrees to let her coop a couple of chickens on their newly rented farm. Jordan's wish may never come true. Then she meets Star Gazer, a Percheron mare, at a farm auction and makes a desperate bid to save the aging horse from the slaughterhouse. Jordan is thrilled to bring her home, but Star Gazer is lame and skittish. Can Jordan's loving care nurse her back to health? And can she make Star Gazer a part of the family before her mother decides to find her a new home?

**Stargazer** Miguel Conner,2009-10-31 After living in the shadows for centuries vampires have finally gained dominance over the Earth by instigating a nuclear holocaust that has blotted out the sun. Humans are now treated as animals, kept in concentration camp-like farms. Byron, the Moon Queen's favorite creation, is assigned the task of stopping an insurrection at one of the human farms. But while investigating a religious cult among the humans, he begins to question his own reality. As he digs deeper for the truth, he becomes a renegade outcast among his own--and humanity's last chance for salvation.Five hundred years ago the Stargazers, let by their immortal Moon Queen, sparked global nuclear war, blotted out the sun, conquered the world, and rewrote history. Now humans are cattle whose blood feeds the master race, the glorious rulers of high-tech

cities. And no one calls Stargazers by their true name. Vampires. Yet some impulse is stirring in the slave farms, an echo of a forgotten pride. Byron, a rebellious young Stargazer, is assigned to investigate the 'Warm One's--in other words, destroy any threat. But when a beautiful human shaman shows him unbelievable truths about his past, his origin, and his destiny, a vampire will discover that his immortal enemy is his living Goddess, The Moon Queen.

Inspired by Mindy Remi Carrington, 2022-02-07 A great new job, a gorgeous new place to live, and the most frustrating landlord in the world. I guess I can't have everything I want. The Cowboy Chef has a reputation as a heartbreaker, but that doesn't stop my heart from going pitter-patter whenever he's around. It's not because I'm over forty and single. There are other reasons. But I'm not going to risk opening my heart to a man with his reputation. Any man for that matter. Then I end up living across the driveway from him, and he calls a truce. Being nice to each other only makes the heart-thumping worse. He oozes charm like the sun gives off heat. But it's clear he's not interested. When we're stranded in a freak snowstorm, I snap and unleash a heap of brutal honesty. His response catches me completely off guard. What do I do now?
