Hip Hop in America: East Coast and West Coast Mickey Hess,2010 This book looks at the rise of American hip hop as a series of distinct regional events, with essays covering the growth of hip hop culture in specific cities across the nation. In the three decades since its beginnings on the streets of the Bronx, hip hop has become a signature genre of American music, a genuine cultural phenomenon. Although hip hop was once defined by its legendary East Coast/West Coast rivalries, New York and LA are not the whole story. Around the nation, places as unlikely as Honolulu and Louisville have put their own distinctive spin on the music. In tune with the culture, this work profiles two dozen specific hip hop scenes across the United States, showing how each place shaped a singular identity. Through its geographic perspective, it captures the astonishing diversity of a genre that has captivated the nation and the world. In two volumes organized by broad regions (East Coast, West Coast and Midwest and the Dirty South), it spans the complete history of rap from its 1970s origins to the rap battles between Queens and the Bronx in the 1980s, from the well-publicized East Coast v. West Coast conflicts in the 1990s, to the rise of the Midwest and South over the past ten years. Each essay showcases the history of the local scene, including the MCs, DJs, b-boys and b-girls, label owners, hip hop clubs, and radio shows that have created distinct styles of hip hop culture.

Fashion History Linda Welters, Abby Lillethun, 2018-02-08 Fashion History: A Global View proposes a new perspective on fashion history. Arguing that fashion has occurred in cultures beyond the West throughout history, this groundbreaking book explores the geographic places and historical spaces that have been largely neglected by contemporary fashion studies, bringing them together for the first time. Reversing the dominant narrative that privileges Western Europe in the history of dress, Welters and Lillethun adopt a cross-cultural approach to explore a vast array of cultures around the globe. They explore key issues affecting fashion systems, ranging from innovation, production and consumption to identity formation and the effects of colonization. Case studies include the cross-cultural trade of silk textiles in Central Asia, the indigenous dress of the Americas and of Hawai'i, the cosmetics of the Tang Dynasty in China, and stylistic innovation in sub-Saharan Africa. Examining the new lessons that can be deciphered from archaeological findings and theoretical advancements, the book shows that fashion history should be understood as a global phenomenon, originating well before and beyond the fourteenth century European court, which is continually, and erroneously, cited as fashion's birthplace. Providing a fresh framework for fashion history scholarship, Fashion History: A Global View will inspire inclusive dress narratives for students and scholars of fashion, anthropology, and cultural studies.

Papertoy Monsters Brian Castleforte, 2010-12-29 A breakthrough paper-folding book for kids—paper airplanes meet Origami meets Pokemon. Papertoys, the Internet phenomenon that's hot among graphic designers and illustrators around the world, now comes to kids in the coolest new book. Created and curated by Brian Castleforte, a graphic designer and papertoy pioneer who rounded up 25 of the hottest papertoy designers from around the world (Indonesia, Japan, Australia, Italy, Croatia, Chile, even Jackson, Tennessee), Papertoy Monsters offers 50 fiendishly original die-cut designs that are ready to pop out, fold, and glue. The book interleaves card stock with paper stock for a unique craft package; the graphics are colorful and hip, combining the edginess of anime with the goofy fun of Uglydolls and other collectibles. Plus each character comes with its own back-story. And the results are delicious: meet Pharaoh Thoth Amon, who once ruled Egypt but is now a mummy who practices dark magic in his sarcophagus. Or Zumbie the Zombie, who loves nothing more than a nice plate of brains and yams. NotSoScary, a little monster so useless at frightening people that he has to wear a scary mask. Yucky Chuck, the lunchbox creature born in the deepest depths of your school bag. Plus Zeke, the monster under your bed, Nom Nom, eater of cities, and Grumpy Gramps, the hairy grandpa monster with his very own moustache collection.

Imperial Women in Byzantium 1025-1204 Barbara Hill,2014-06-11 This book will be essential reading for anyone studying Byzantine history in this period. It ranges in time from the death of the emperor Basil II in 1025 to the sacking of the city of Constantinople by the Fourth Crusaders in 1204, spanning the rise and fall of the successful Komnenos dynasty. Eleventh-century Byzantine history is unusual in that imperial women were able to wield immense power and in this ground-breaking book Dr Hill explores why this was possible and, equally, why they lost their position of influence a century later.
