Wild Rituals Caitlin O'Connell, 2021-01-12 Wild Rituals explores how embracing the rituals of the animal kingdom can make us more connected to ourselves, nature, and others. Behavioral ecologist and world-renowned elephant scientist Caitlin O'Connell dives into the rituals of elephants, apes, zebras, rhinos, lions, whales, flamingos, and many more. This fascinating read helps us better understand how we are similar to wild animals, and encourages us to find healing, self-awareness, community, and self-reinvention. • Filled with fascinating stories on 10 different animal rituals • Features original full-color photos, from the Caribbean to the African savannah • Demonstrates the profound way we are similar to the wild creatures who captivate us Wild Rituals journeys into the desert, tundra, and rainforest to reveal the importance of rituals and how they can help us find a simpler, more meaningful way of living. In a culture of technology where we find ourselves living at a greater distance from nature and each other, this remarkable book taps into the unspoken languages of creatures around the world. • Caitlin O'Connell is on the faculty at Harvard Medical School and an award-winning author who spent more than 30 years studying animals in the wild. • Makes a great gift for anyone curious about nature, animals, and how humans compare to and interact with both • Add it to the shelf with books like *Beyond Words: What Animals Think and Feel* by Carl Safina; *Are We Smart Enough to Know How Smart Animals Are?* by Frans de Waal; *The Inner Life of Animals: Love, Grief, and Compassion—Surprising Observations of a Hidden World* by Peter Wohlleben; and *The Soul of an Octopus: A Surprising Exploration into the Wonder of Consciousness* by Sy Montgomery.

**The Federalist Papers** Alexander Hamilton, John Jay, James Madison, 2018-08-20 Classic Books Library presents this brand new edition of “The Federalist Papers”, a collection of separate essays and articles compiled in 1788 by Alexander Hamilton. Following the United States Declaration of Independence in 1776, the

governing doctrines and policies of the States lacked cohesion. "The Federalist", as it was previously known, was constructed by American statesman Alexander Hamilton, and was intended to catalyse the ratification of the United States Constitution. Hamilton recruited fellow statesmen James Madison Jr., and John Jay to write papers for the compendium, and the three are known as some of the Founding Fathers of the United States. Alexander Hamilton (c. 1755-1804) was an American lawyer, journalist and highly influential government official. He also served as a Senior Officer in the Army between 1799-1800 and founded the Federalist Party, the system that governed the nation's finances. His contributions to the Constitution and leadership made a significant and lasting impact on the early development of the nation of the United States.

The Elephant Scientist Caitlin O'Connell, Donna M. Jackson, 2011 Describes the work and observations of American scientist Caitlin O'Connell during her studies of the African elephant in Etosha National Park in Namibia.

**Paper Zoo** Oscar Sabini, 2015-10-06 This ingenious and charming activity book makes it possible for anybody, ages three and up, to create colorful animal collages. Young artists tear apart decorated sheets of patterned paper, either their own or those found in the back of the book, paste them onto blank cards, also provided, and then slip them into the book's cleverly designed paper pockets with eight different animal-shaped windows, including a roaring lion, a splashing hippo, a colorful toucan, a trumpeting elephant, a snapping crocodile, a naughty monkey, a dashing bear, and a group portrait!

If I Ran the Zoo Dr. Seuss, 2013-10-22 Animals abound in Dr. Seuss's Caldecott Honor-winning picture book *If I Ran the Zoo*. Gerald McGrew imagines the myriad of animals he'd have in his very own zoo, and the adventures he'll have to go on in order to gather them all. Featuring everything from a lion with ten feet to a Fizza-ma-Wizza-ma-Dill, this is a classic Seussian crowd-pleaser. In

fact, one of Gerald's creatures has even become a part of the language: the Nerd!

**The Executive and the Elephant** Richard L. Daft, 2010-08-02  
Lessons for leaders on resolving the ongoing struggle between instinct and the creative mind Kings, heads of government, and corporate executives lead thousands of people and manage endless resources, but may not have mastery over themselves. Often leaders know that right action is important, but have little (if any) understanding of what prevents them from acting in accordance with their intentions. In this important book, leadership expert Richard Daft portrays this dilemma as a struggle between instinct (elephant) and intention (the executive) using the most current research on the intentional vs. the habitual mind to explain how this phenomenon occurs. Based on current research and real-life examples Offers leaders a method for directing themselves more productively Written by an expert in leadership, organizational performance, and change management Through real-life examples and recent studies in psychology, management and Eastern spirituality Daft provides guidance to all of us who struggle finding our own balance and cultivating the behavior of others.

*Origamido* Michael G. LaFosse, 2000 This book showcases the finest examples of origami art from around the world. Several diagrams are included that reveal the secrets behind some of the masters' most famous pieces.

**Making Museums Matter** Stephen Weil, 2012-01-11 In this volume of 29 essays, Weil's overarching concern is that museums be able to "earn their keep"—that they make themselves matter—in an environment of potentially shrinking resources. Also included in this collection are reflections on the special qualities of art museums, an investigation into the relationship of current copyright law to the visual arts, a detailed consideration of how the museums and legal system of the United States have coped with the problem of Nazi-era art, and a series of delightfully

provocative training exercises for those anticipating entry into the museum field.

**Leveled Books (K-8)** Irene C. Fountas, Gay Su Pinnell, 2006  
For ten years and in two classic books, Irene Fountas and Gay Su Pinnell have described how to analyze the characteristics of texts and select just-right books to use for guided reading instruction. Now, for the first time, all of their thinking and research has been updated and brought together into *Leveled Books, K-8* to form the ultimate guide to choosing and using books from kindergarten through middle school. Fountas and Pinnell take you through every aspect of leveled books, describing how to select and use them for different purposes in your literacy program and offering prototype descriptions of fiction and nonfiction books at each level. They share advice on: the role of leveled books in reading instruction, analyzing the characteristics of fiction and nonfiction texts, using benchmark books to assess instructional levels for guided reading, selecting books for both guided and independent reading, organizing high-quality classroom libraries, acquiring books and writing proposals to fund classroom-library purchases, creating a school book room. In addition, Fountas and Pinnell explain the leveling process in detail so that you can tentatively level any appropriate book that you want to use in your instruction. Best of all, *Leveled Books, K-8* is one half of a new duo of resources that will change how you look at leveled books. Its companion-  
[www.FountasandPinnellLeveledBooks.com](http://www.FountasandPinnellLeveledBooks.com)-is a searchable and frequently updated website that includes more than 18,000 titles. With *Leveled Books, K-8* you'll know how and why to choose books for your readers, and with  
[www.FountasandPinnellLeveledBooks.com](http://www.FountasandPinnellLeveledBooks.com), you'll have the ideal tool at your fingertips for finding appropriate books for guided reading. Book jacket.

Goodbye, Vitamin Rachel Khong, 2017-07-11 Named a Best Book of the Year by NPR, O, The Oprah Magazine, Vogue, San Francisco Chronicle, Esquire, Huffington Post, Nylon,

Entertainment Weekly, BuzzFeed, Booklist, and The Independent Winner of the California Book Award for First Fiction Los Angeles Times Book Prize Finalist for First Fiction A quietly brilliant disquisition . . . told in prose that is so startling in its spare beauty that I found myself thinking about Khong's turns of phrase for days after I finished reading.—Doree Shafrir, The New York Times Book Review One of those rare books that is both devastating and light-hearted, heartfelt and joyful. . . . Don't miss it.—Buzzfeed Hello, Rachel Khong. Kudos for this delectable take on familial devotion and dementia.—NPR Her life at a crossroads, a young woman goes home again in this funny and inescapably moving debut from a wonderfully original new literary voice. Freshly disengaged from her fiancé and feeling that life has not turned out quite the way she planned, thirty-year-old Ruth quits her job, leaves town and arrives at her parents' home to find that situation more complicated than she'd realized. Her father, a prominent history professor, is losing his memory and is only erratically lucid. Ruth's mother, meanwhile, is lucidly erratic. But as Ruth's father's condition intensifies, the comedy in her situation takes hold, gently transforming her all her grief. Told in captivating glimpses and drawn from a deep well of insight, humor, and unexpected tenderness, Goodbye, Vitamin pilots through the loss, love, and absurdity of finding one's footing in this life.

**Same, Same But Different** Jenny Sue Kostecki-Shaw, 2011-09-13 Elliot lives in America, and Kailash lives in India. They are pen pals. By exchanging letters and pictures, they learn that they both love to climb trees, have pets, and go to school. Their worlds might look different, but they are actually similar. Same, same. But different! Through an inviting point-of-view and colorful, vivid illustrations, this story shows how two boys living oceans apart can be the best of friends.

**The Wisdom of Crowds** James Surowiecki, 2005-08-16 In this fascinating book, New Yorker business columnist James Surowiecki explores a deceptively simple idea: Large groups of people are

smarter than an elite few, no matter how brilliant—better at solving problems, fostering innovation, coming to wise decisions, even predicting the future. With boundless erudition and in delightfully clear prose, Surowiecki ranges across fields as diverse as popular culture, psychology, ant biology, behavioral economics, artificial intelligence, military history, and politics to show how this simple idea offers important lessons for how we live our lives, select our leaders, run our companies, and think about our world.

*Pangolins*, 2019-11-23 *Pangolins: Science, Society and Conservation* brings together experts from around the world to document the most up-to-date scientific knowledge on pangolins and their conservation. It chronicles threats facing the species, explores the current initiatives required to protect them, and looks ahead at the future of pangolin science and conservation efforts. Led by a team of editors with more than 20 years collective experience in pangolin conservation, this book includes accounts of the species' evolution, morphology, and systematics. It discusses the role of pangolins in historically symbolic, mythological, and ritualistic practices across Africa, Asia, and Europe, as well as contemporary practices including international trafficking. Chapters in the latter portion of this book focus on conservation solutions, including law enforcement and international policy, behavior change, local community engagement, ex situ conservation, tourism, and other interventions needed to secure the future of the species. *Pangolins: Science, Society and Conservation* is the latest volume in Elsevier's species-specific series, *Biodiversity of the World: Conservation from Genes to Landscapes*. This book is a valuable resource for researchers and students in species conservation science, planning, and policymaking. Provides detailed accounts of the natural history and conservation status of each pangolin species Explores the cultural significance of pangolins, historic and contemporary use, and international trade and trafficking Discusses conservation solutions ranging from law enforcement

and local community engagement to ex situ conservation, innovative finance, and tourism

**Computer-Aided Architectural Design. Future**

**Trajectories** Gülen Çağdaş, Mine Özkar, Leman Figen Gül, Ethem Gürer, 2017-06-20 This book constitutes selected papers of the 17th International Conference on Computer-Aided Architectural Design Futures, CAAD Futures 2017, held in Istanbul, Turkey, in July 2017. The 22 revised full papers presented were carefully reviewed and selected from numerous submissions. The papers are organized in topical sections on modeling urban design; support systems for design decisions; studying design behavior in digital environments; materials, fabrication, computation; shape studies.

*Book of Beasts* Elizabeth Morrison, 2019 A celebration of the visual contributions of the bestiary--one of the most popular types of illuminated books during the Middle Ages--and an exploration of its lasting legacy. Brimming with lively animals both real and fantastic, the bestiary was one of the great illuminated manuscript traditions of the Middle Ages. Encompassing imaginary creatures such as the unicorn, siren, and griffin; exotic beasts including the tiger, elephant, and ape; as well as animals native to Europe like the beaver, dog, and hedgehog, the bestiary is a vibrant testimony to the medieval understanding of animals and their role in the world. So iconic were the stories and images of the bestiary that its beasts essentially escaped from the pages, appearing in a wide variety of manuscripts and other objects, including tapestries, ivories, metalwork, and sculpture. With over 270 color illustrations and contributions by twenty-five leading scholars, this gorgeous volume explores the bestiary and its widespread influence on medieval art and culture as well as on modern and contemporary artists like Pablo Picasso and Damien Hirst. Published to accompany an exhibition on view at the J. Paul Getty Museum at the Getty Center May 14 to August 18, 2019.

*Elephant Moon* John Sweeney, 2014

**Boys' Life** ,1992-01 Boys' Life is the official youth magazine for the Boy Scouts of America. Published since 1911, it contains a proven mix of news, nature, sports, history, fiction, science, comics, and Scouting.

**Elephants Are Not Birds** St Clair Ashley,Brave Books,2021-07 Upcoming topics in this Saga: Sanctity of life -- Capitalism -- Cancel culture -- Critical Race Theory -- Right to bear arms.--Cover.
