H, Little O, and Baby Em are stuck in the city for the summer with only their pet goldfish—Barracuda, Patch, and Fiss—for company. It's looking like it might be a pretty boring vacation, but one day, something exciting happens. H, Little O, and Baby Em can't wait to send their goldfish on vacation, and the fish, well, they seem pretty excited too. Based on the true story of Hamilton Fountain in New York City, this charming tale of one special summer will delight readers young and old. Author's Note included. **Bible Sticks** Ron Vance,2016-09-06 Bible Sticks: An Unlikely Calling is a book that illustrates more than a hobby; it describes a ministry. How often does one have the opportunity to take a simple hobby, wood carving, and use it to inspire thousands around the world? Ron has had no training and uses only an X-ACTO knife, so it is obvious that God has called him to a very unlikely ministry. These unique carvings started out as modest teaching tools for the young people at his church. Now they are used to motivate others not only by teaching Gods Word in a most unique way but also by encouraging the listener to find their own ministry. This book is filled with photos and descriptions of the Bible sticks, telling the story of each one. Each Bible stick takes over a year to carve, so you can understand the detail. *The Circle* Dave Eggers,2013-10-08 INTERNATIONAL BESTSELLER • A bestselling dystopian novel that tackles surveillance, privacy and the frightening intrusions of technology in our lives—a “compulsively readable parable for the 21st century” (Vanity Fair). When Mae Holland is hired to work for the Circle, the world’s most powerful internet company, she feels she’s been given the opportunity of a lifetime. The Circle, run out of a sprawling California campus, links users’ personal emails, social media, banking, and purchasing with their universal operating system, resulting in one online identity and a new age of civility and transparency. As Mae tours the open-plan office spaces, the towering glass dining facilities, the cozy dorms for those who spend nights at work, she is thrilled with the company’s modernity and activity. There are parties that last through the night, there are famous musicians playing on the lawn, there are athletic activities and clubs and brunches, and even an aquarium of rare fish retrieved from the Marianas Trench by the CEO. Mae can’t believe her luck, her great fortune to work for the most influential company in the world—even as life beyond the campus grows distant, even as a strange encounter with a colleague leaves her shaken, even as her role at the Circle becomes increasingly public. What begins as the captivating story of one woman’s ambition and idealism soon becomes a heart-racing novel of suspense, raising questions about memory, history, privacy, democracy, and the limits of human knowledge.

*Fahrenheit 451* Ray Bradbury,2003-09-23 Set in the future when firemen burn books forbidden by the totalitarian brave new world regime.

*A Curious Man* Neal Thompson,2013-06-06 One of the most successful entertainment figures of his time, Robert Ripley’s life is the stuff of a classic American fairy tale. Bucktoothed and hampered by shyness, Ripley turned his sense of being an outsider into an appreciation of the weird and wonderful. He sold his first cartoon to LIFE magazine at eighteen, but it was his wildly popular ‘Believe It or Not!’ radio shows that won him international fame, and spurred him on to search the globe’s farthest corners for bizarre facts, human curiosities and shocking phenomena. Ripley delighted in making preposterous declarations that somehow turned out to be true – such as that Charles Lindburgh was only the sixty-seventh man to fly across the Atlantic or that ‘The Star Spangled Banner’ was not the USA’s national anthem. And he demanded respect for those who were labelled ‘eccentrics’ or ‘freaks’ – whether it be E. L. Blystone, who wrote 2,871 alphabet letters on a grain of rice, or the man who could swallow his own nose. By the 1930s, Ripley possessed a wide fortune, a private yacht and a huge mansion stocked with such oddities as shrunken heads and medieval torture devices. His pioneering firsts in print, radio and television tapped into something deep in the American consciousness – a taste for the titillating and exotic, and a fascination with the fastest, biggest, wackiest and weirdest – and ensured a worldwide legacy that continues today. This compelling biography portrays a man who was dedicated to exalting the strange and unusual – but who may have been the most amazing oddity of all.
