People Who Look Like Me Alice Shaw, 2006-01-01 Cultural Writing. Art. Photography. The first artist in the 1 Artist 1 Concept series is San Francisco resident Alice Shaw. Her book, PEOPLE WHO LOOK LIKE ME, involves having herself

photographed with friends, family, and other bystanders whom she feels she shares common traits with. Her project is a conceptual act in which Alice, as Director, creates an enlightening scene. It is not about the photographic document as much as it is about the activity of uniting people in a search for identity. She reveals the beauty in our shared connections. In this body of work she has taken the theory that sometimes when we photograph, we are pointing the camera at something we see reflected in ourselves. What she has done is come out from behind the camera and posed for the photographs with a subject she sees mirrored in herself.

Highlights what we know about the pathways pursued by embryos and evolution, and stresses what we do not yet know.

Variable Star Robert A. Heinlein, Spider Robinson, 2010-12-07 A never-before-published masterpiece from science fiction's greatest writer, rediscovered after more than half a century. When Joel Johnston first met Jinny Hamilton, it seemed like a dream come true. And

when she finally agreed to marry him, he felt like the luckiest man in the universe. There was just one small problem. He was broke. His only goal in life was to become a composer, and he knew it would take years before he was earning enough to support a family. But Jinny wasn't willing to wait. And when Joel asked her what they were going to do for money, she gave him a most unexpected answer. She told him that her name wasn't really Jinny Hamilton---it was Jinny Conrad, and she was the granddaughter of Richard Conrad, the wealthiest man in the solar system. And now that she was sure that Joel loved her for herself, not for her wealth, she revealed her family's plans for him---he would be groomed for a place in the vast Conrad empire and sire a dynasty to carry on the family business. Most men would have jumped at the opportunity. But Joel Johnston wasn't most men. To Jinny's surprise, and even his own, he turned down her generous offer and then set off on the mother of all benders. And woke up on a colony ship heading out into space, torn between regret over his rash decision and his determination to forget Jinny and make a life for himself among the stars. He was on his way to succeeding when his plans--and the plans of billions of others--were shattered by a cosmic cataclysm so devastating it would take all of humanity's strength and ingenuity just to survive. The Cat Who Came for Christmas Cleveland Amory, 2013-10-22 A cat charms its way into a curmudgeon's heart one hilarious holiday season in

this extraordinary bestselling Christmas classic (Parade), the perfect gift for the animal lover in your life. 'Twas the night before Christmas when a bedraggled white feline entered the heart -- and home -- of Cleveland Amory. To say it is a friendly takeover is an understatement. For the cat who came for Christmas is clearly of the Independent Type, and Cleveland Amory, cranky or not, is a pushover where animals are concerned. Toe to toe they stand -- Amory at six feet three, the cat at six inches -- and eyeball to eyeball with each other on every issue: whether or not to come when called; to recognize one's name; to take a trip, a pill, a bath, or a walk on a leash; to be civil to New People; or even in an age when Thin Is In, why anyone in his right mind would want to be the Last Fat Cat. We will not spoil The Cat Who Came For Christmas by telling you who blinks first. Suffice it to say that in this hilarious battle, nine times out of ten, it is not the cat.

Cat Summer Mollie Hunt, 2019-08-27 Lise has a special destiny: to help a clowder of sentient cats save the world from an evil older than history itself. It is a terrible battle, but Lise and her feline comrades prevail, putting an end to war, poverty, ignorance and want. The world is a better place. Or is it? A century later, it becomes clear that something has been lost. The new civilization produces no artists, no musicians, no scientists, no philosophers. Inertia has taken hold. Lise, now at the end of her life, must join her cat-friends once more to restore the Spark of the Human Spirit, but the goal cannot be reached without sacrifice. Is there enough time left for them to save the world for future generations?

The Meow Guardians Maria Vermisoglou, 2021-12-06 This Christmas the holiday spirit is under threat and only a special stray can save it! The name's Ginger, AKA Agent Meow 01. Usually, I spend my free time searching for scraps and getting chased by dogs, like the stray cat that I am. But this Christmas, everything changes. When the dog agents from PAWs mess up and leave the human world hanging by a thread, it's Ginger to the rescue. With my combination of brains, stealth, and daring, I'm the agent they call when the fur starts to fly. Except this time, I've got a new partner. A house cat. With the clock ticking, this mission seems doomed to failure with so many pheromones about. Will the Christmas spirit be saved, or will we turn our tails and let the world burn?
