Evil Geniuses Kurt Andersen,2020-08-11 NEW YORK TIMES BESTSELLER • When did America give up on fairness? The author of Fantasyland tells the epic history of how America decided that big business gets whatever it wants, only the rich get richer, and nothing should ever change—and charts a way back to the future. "Essential,

absorbing . . . a graceful, authoritative guide . . . a radicalized moderate's moderate case for radical change."—The New York Times Book Review During the twentieth century, America managed to make its economic and social systems both more and more fair and more and more prosperous. A huge, secure, and contented middle class emerged. All boats rose together. But then the New Deal gave way to the Raw Deal. Beginning in the early 1970s, by means of a long war conceived of and executed by a confederacy of big business CEOs, the superrich, and right-wing zealots, the rules and norms that made the American middle class possible were undermined and dismantled. The clock was turned back on a century of economic progress, making greed good, workers powerless, and the market all-powerful while weaponizing nostalgia, lifting up an oligarchy that served only its own interests, and leaving the huge majority of Americans with dwindling economic prospects and hope. Why and how did America take such a wrong turn? In this deeply researched and brilliantly woven cultural, economic, and political chronicle, Kurt Andersen offers a fresh, provocative, and eye-opening history of America's undoing, naming names, showing receipts, and unsparingly assigning blame—to the radical right in economics and the law, the high priests of high finance, a complacent and complicit Establishment, and liberal "useful idiots," among whom he includes himself. Only a writer with Andersen's crackling energy, deep insight, and ability to connect disparate dots and see complex systems with clarity could make such a book both intellectually formidable and vastly entertaining. And only a writer of Andersen's vision could reckon with our current high-stakes inflection point, and show the way out of this man-made disaster.

Ethnic Cleansing During the Cold War Tomasz Kamusella, 2018-07-17 In mid-1989, the Bulgarian communist regime seeking to prop up its legitimacy played the ethnonational card by expelling 360,000 Turks and Muslims across the Iron Curtain to neighboring Turkey. It was the single largest ethnic cleansing during the Cold War in Europe after the wrapping up of the postwar expulsions ('population transfers') of ethnic Germans from Central Europe in the latter half of the 1940s. Furthermore, this expulsion of Turks and Muslims from Bulgaria was the sole unilateral act of ethnic cleansing that breached the Iron Curtain. The 1989 ethnic cleansing was followed by an unprecedented return of almost half of the expellees, after the collapse of the Bulgarian communist regime. The return, which partially reversed the effects of this ethnic cleansing, was the first-ever of its kind in history. Despite the unprecedented character of this 1989 expulsion and the subsequent return, not a single research article, let alone a monograph, has been devoted to these momentous developments yet. However, the tragic events shape today's Bulgaria, while the persisting attempts to suppress the remembrance of the 1989 expulsion continue sharply dividing the country's inhabitants. Without remembering about this ethnic cleansing it is impossible to explain the fall of the communist system in Bulgaria and the origins of ethnic cleansing during the Yugoslav wars. Faltering Yugoslavia's future ethnic cleansers took a good note that neither Moscow nor Washington intervened in neighboring Bulgaria to stop the 1989 expulsion, which in light of international law was then still the legal instrument of 'population transfer.' The as yet unhealed wound of the 1989 ethnic cleansing negatively affects the Bulgaria's relations with Turkey and the European Union. It seems that the only way out of this debilitating conundrum is establishing a truth and reconciliation commission that at long last would ensure transitional justice for all Bulgarians irrespective of language, religion or ethnicity.
