America in the Round Donatella Galella,2019-03-15 More than a chronicle, America in the Round is a critical history that reveals how far Washington D.C.'s Arena Stage could go with its budget and racially liberal politics, and how Arena both disputed and duplicated systems of power. With an innovative in the round approach, the narrative simulates sitting in different parts of the arena space to see the theatre through different lenses--economics, racial dynamics, and American identity.

*Their Own Best Creations* Annie Berke, 2022-01-04 A rich account that combines media-industry history and cultural studies, *Their Own Best Creations* looks at women writers' contributions to some of the most popular genres of postwar TV: comedy-variety, family sitcom, daytime soap, and suspense anthology. During the 1950s, when the commercial medium of television was still being defined, women writers navigated pressures at work, constructed public personas that reconciled traditional and progressive femininity, and asserted that a woman's point of view was essential to television as an art form. The shows they authored allegorize these professional and personal pressures and articulate a nascent second-wave feminist consciousness. Annie Berke brings to light the long-forgotten and under-studied stories of these women writers and crucially places them in the historical and contemporary record.
