BLUEHOLME Prentice Rules Michael Thomas, 2014-12-07
Perfect bound edition. BLUEHOLME(TM) Prentice Rules is a table top fantasy roleplaying game that emulates the game play of the original basic rule book, popularly known as the Holmes Edition or simply the Blue Book. The rules in this book allow for characters of 1st to 3rd levels, and include everything the referee could possibly need to create and run a campaign in the Underworld: monsters, magic, treasure, and ... well, what more do you need?

Shadowforce Archer Alderac Entertainment Group, Patrick Kapera, Kevin Wilson, 2002-07

Treehouses Elizabeth Kuti, 2000-04-13 A new play from an award-winning playwright, published as part of the innovative Abbey Theatre playscript series On the day of her father's funeral, Eva - a young woman - is still haunted by the betrayal she witnessed from her childhood haven - the treehouse in the garden. On the same day another woman, Magda, relives the ghosts of another hiding place and a different betrayal - ghosts from which she still seeks forgiveness. Interweaving lives and secrets Treehouses is a magical tale of refuge, treachery and of love lost and found.

The End of the World Fantasy Flight Games, 2015 The supernatural enters the physical world in Wrath of the Gods, the second book in The End of the World roleplaying line! With the scenarios included in this book, you can take up arms with heroes of yore and the Norse gods, or flee from the mind-bending terror of Cthulhu. You may hide from the Four Horsemen as the events of Revelation take place, speak to Quetzalcoatl as the Mayan apocalypse unfolds, or battle wild beasts as Earth itself turns on us. Wrath of the Gods brings you as close as you can (safely) come to supernatural powers ending civilization! This roleplaying game offers you the chance to play as yourself during the tumult of the apocalypse, using an elegant, narrative ruleset. Wrath of

the Gods contains five unique scenarios, each offering a different take on the end of humanity by divine wrath. Each scenario also contains an apocalypse and a post-apocalypse, allowing you to survive the initial panic and make your way in life after the world's ending.

The Thieves of Fortress Badabaskor Robert Conley, 2007

Qelong Lamentations of the Flame Princess, 2017-07 Two barely conceivable beings have fought a war for a generation over Sajavedra, a barely legendary land far to the southeast. They wish to claim its rich harvests of souls and fields, its intricate networks of ley lines and temples, for their own. They have devastated it utterly. A forgotten weapon in their war, a neglected sorcery fallen from a distracted archons attention, lies in the Qelong River valley at the edge of this near-cosmic battlefield. Qelong is Kenneth Hites hellish southeast Asian setting inspired by fantasy quest drama and war stories like Valhalla Rising, Apocalypse Now, and The Good, the Bad, and the Ugly. Suitable for character levels 4-6, usable with LotFP Weird Fantasy Role-Playing and other traditional role-playing games.

Dark Albion RPGPundit, Dominique Crouzet, 2015-07-05 Dark Albion: The Rose War is a 275 pages long, OSR RPG campaign setting, set in a fantasy medieval England during the War of the Roses (15th century). Think England + sorcery + demons and fairies + some fantasy twists to the world. 80% of the book is system neutral, so can be used with most role-playing games. Nonetheless, this book is designed with OSR games in mind, and will run best with Fantastic Heroes & Witchery (also available on Createspace/Amazon), and similar games such as Osric, Swords & Wizardry, etc. Note lastly that layout and art have been given great care to make the most visually pleasing book as possible: this means 10 maps, and two illustrations per pages on most of the 275 pages!

Machinations of the Space Princess (Monochrome) James Desborough,2018-06-29 *Machinations of the Space Princess* is a Science-Fantasy role-playing game. That means it's very much about style over substance, mixing science-fiction, magic and psionics in a game world that owes much more to Metal Hurlant and Star Wars than it does to 2001 or Bova's Grand Tour. This is a game of strangeness and fun, of space pirates and beautiful alien princesses, of living planets and robot hordes, of blasters at noon. This is... Sexy, sleazy, swords and sci-fi! A full game combining old and new school thinking, packed with GM and player advice and with simple tools for creating your own monsters, adversaries, weapons, armour, ships and alien races.

Dark Places And Demogorgons (Soft Cover) Eric Bloat,Josh Palmer,2017-08-05 Written by Eric Bloat & Josh Palmer Following in the tradition of SURVIVE THIS!! Zombies! comes SURVIVE THIS!! *Dark Places & Demogorgons*, a tabletop roleplaying game that uses the Original 1970s Fantasy Roleplaying game rules but mutates it into this retro nightmare. It's sleek, slender and

creepy as Hell. In DP&D, you play as high school students during the early 1980s. The town you live in has had a rash of disappearances and strange happenings. The adults seem lost as to what to do, the police are as clueless as ever. It's up to you and your friends to figure out what's going on and stop it from happening again!

Villains Victorious Martin Harry Greenberg,John Helfers,2001
