What Happened, Miss Simone? Alan Light, 2016-02-09 Inspired by the Academy Award-nominated Netflix documentary What Happened, Miss Simone?, an intimate and vivid look at the legendary life of Nina Simone, the classically trained pianist who evolved into a chart-topping chanteuse and committed civil rights activist. From music journalist and former Spin and Vibe editor-in-chief Alan Light comes a biography of incandescent soul singer and Black Power icon Nina Simone, one of the most influential, provocative, and least understood artists of our time. Drawn from a trove of rare archival footage, audio recordings and interviews (including Simone's remarkable private diaries),

this nuanced examination of Nina Simone's life highlights her musical inventiveness and unwavering quest for equality, while laying bare the personal demons that plagued her from the time of her Jim Crow childhood in North Carolina to her self-imposed exile in Liberia and Paris later in life. Harnessing the singular voice of Miss Simone herself and incorporating candid reflections from those who knew her best, including her only daughter, Light brings us face to face with a legend, examining the very public persona and very private struggles of one of our greatest artists.

The Funerary Art of Ancient Egypt abeer el shahawy, 2005 Ancient Egyptian artists produced masterpieces and works of funerary art on a scale never seen before or since. This book is the first to discuss the artistic development of funerary scenes over the four hundred years of the New Kingdom, covering the different reigns of the period. It shows the sequence of events in the funeral processions and how they developed over the course of time. Moreover, it covers many different sites in the Theban necropolis, including scenes from many closed and unpublished tombs. This first-ever survey describes the pictorial drama that was the funeral procession, explores rare and unique scenes, and shows the echoes that remain from these ancient funerals in modern Egypt today.

The 1930s Scrapbook, 1997 Celebrates this decade through evocative images.

Death and the Afterlife in Ancient Egypt John H. Taylor, 2001-04 Of all the ancient peoples, the Egyptians are perhaps best known for the fascinating ways in which they grappled with the mysteries of death and the afterlife. This beautifully illustrated book draws on the British Museum's world-famous collection of mummies and other funerary evidence to offer an accessible account of Egyptian beliefs in an afterlife and examine the ways in which Egyptian society responded materially to the challenges these beliefs imposed. The author describes in detail the numerous provisions made for the dead and the intricate rituals carried out on their behalf. He considers

embalming, coffins and sarcophagi, shabti figures, magic and ritual, and amulets and papyri, as well as the mummification of sacred animals, which were buried by the millions in vast labyrinthine catacombs. The text also reflects recent developments in the interpretation of Egyptian burial practices, and incorporates the results of much new scientific research. Newly acquired information derives from a range of sophisticated applications, such as the use of noninvasive imaging techniques to look inside the wrappings of a mummy, and the chemical analysis of materials used in the embalming process. Authoritative, concise, and lucidly written, *Death and the Afterlife in Ancient Egypt* illuminates aspects of this complex, vibrant culture that still perplex us more than 3,000 years later.
