Integration of the Armed Forces, 1940-1965 Morris J. MacGregor,2020-06-18 In the quarter century that followed American entry into World War II, the nation's armed forces moved from the reluctant inclusion of a few segregated Negroes to their routine acceptance in a racially integrated military establishment. Nor was this change confined to military installations. By the time it was over, the armed forces had redefined their traditional obligation for the welfare of their members to include a promise of equal treatment for black servicemen wherever they might be. In the name of equality of treatment and opportunity, the Department of Defense began to challenge racial injustices deeply rooted in American society. For all its sweeping implications, equality in the armed forces obviously had its pragmatic aspects. In one sense it was a practical answer to pressing political problems that had plagued several national administrations. In another, it was the services' expression of those liberalizing tendencies that were permeating American society during the era of civil rights activism. But to a considerable extent the policy of racial equality that evolved in this quarter century was also a response to the need for military efficiency. So easy did it become to demonstrate the connection between inefficiency and discrimination that, even when other reasons existed, military efficiency was the one most often evoked by defense officials to justify a change in racial policy._x000D_ Morris J. MacGregor, Jr., received the A.B. and M.A. degrees in history from the Catholic University of America. He continued his graduate studies at the Johns Hopkins University and the University of Paris on a Fulbright grant. Before joining the staff of the U.S. Army Center of Military History in 1968 he served for ten years in the Historical Division of the Joint Chiefs of Staff.

The Black Jacobins C.L.R. James,2023-08-22 A powerful and impassioned historical account of the largest successful revolt by enslaved people in history: the Haitian Revolution of 1791–1803 “One of the seminal texts about the history of slavery and abolition.... Provocative and empowering.” —The New York Times Book Review The Black Jacobins, by Trinidadian historian C. L. R. James, was the first major analysis of the uprising that began in the wake of the storming of the Bastille in France and became the model for liberation movements from Africa to Cuba. It is the story of the French colony of San Domingo, a place where the brutality of plantation owners toward enslaved people was horrifyingly severe. And it is the story of a charismatic and barely literate enslaved person named Toussaint L’Ouverture, who successfully led the Black people of San Domingo against successive invasions by overwhelming French, Spanish, and English forces—and in the process helped form the first independent post-colonial nation in the Caribbean. With a new introduction (2023) by Professor David Scott.

Of the Nature of Things T. Lucretius Carus,2022-09-15 Of the Nature of Things is a first-century BCE didactic poem by the Roman poet and philosopher Lucretius to explain Epicurean philosophy to a Roman audience. In this work, T. Lucretius Carus presents the view that the world can be described by the function of material forces and natural laws. So, one should not fear the gods or death.

Open and Shut David Rosenfelt,2008-11-15 Edgar-award nominated author David Rosenfelt's hilarious hero, Andy Carpenter, takes on a high-profile murder case, with his favorite golden retriever, Tara, by his side--now with a new cover look. Whether dueling with new forensics or the local old boys' network, irreverent defense attorney Andy Carpenter always leaves them awed with his biting wit and winning fourth-quarter game plan. But Andy prefers the company of his best friend, Tara, to the people he encounters in the courtroom. Tara, a golden retriever, is clearly smarter than half the lawyers who clog the courts of PassaicCounty. However, just as it seems Andy has everything figured out, his dad, New Jersey's legendary ex-D.A., drops dead in front of him at a game in Yankee Stadium. The shocks pile on as he discovers his dad left him with two unexpected legacies: a fortune of \$22 million that Andy never knew existed . . . and a murder case with enough racial tinder to burn down City Hall. Struggling to serve justice and bring honor to his father, Andy must dig up some explosive political skeletons--and an astonishing family secret that can close his case (and his mouth) for good.

Den of Thieves James B. Stewart,2012-11-20 A #1 bestseller from coast to coast, Den of Thieves tells the full story of the insider-trading scandal that nearly destroyed Wall Street, the men who pulled it off, and the chase that finally brought them to justice. Pulitzer Prize-winner James B. Stewart shows for the first time how four of the eighties’ biggest names on Wall Street—Michael Milken, Ivan Boesky, Martin Siegel, and Dennis Levine—created the greatest insider-trading ring in financial history and almost walked away with billions, until a team of downtrodden detectives triumphed over some of America’s most expensive lawyers to bring this powerful quartet to justice. Based on secret grand jury transcripts, interviews, and actual trading records, and containing explosive new revelations about Michael Milken and Ivan Boesky, Den of Thieves weaves all the facts into an unforgettable narrative—a portrait of human nature, big business, and crime of unparalleled proportions.

Big Money Kenneth Vogel,2014-06-03 Mark Hanna—the turn-of-the-century iron-and-coal-magnate-turned-operative who leveraged massive contributions from the robber barons—was famously quoted as saying: “There are two things that are important in politics. The first is money, and I can’t remember what the second one is.” To an extent that would have made Hanna blush, a series of developments capped by the Supreme Court’s 2010 Citizens United decision effectively crowned a bunch of billionaires and their operatives the new kings of politics. Big Money is a rollicking tour of a new political world dramatically reordered by ever-larger flows of cash. Ken Vogel has breezed into secret gatherings of big-spending Republicans and Democrats alike—from California poolsides to DC hotel bars—to brilliantly expose the way the mega-money men (and rather fewer women) are dominating the new political landscape. Great wealth seems to attach itself to outsize characters. From the casino magnate Sheldon Adelson to the bubbling nouveau cowboy Foster Friess; from the Texas trial lawyer couple, Amber and Steve Mostyn, to the micromanaging Hollywood executive Jeffrey Katzenberg—the multimillionaires and billionaires are swaggering up to the tables for the hottest new game in politics. The prize is American democracy, and the players’ checks keep getting bigger.

Grilled Leah Garcés,2019-09-05 'An animal activist's journey to the other side' Joanna Lumley This is the story of what happens when we cross enemy lines to look for solutions. Leah Garcés has dedicated her career to fighting for the rights of the animals that end up on our plates. As the former US Executive Director of Compassion in World Farming and the current President of the non-profit group Mercy for Animals, she has led the fight against the sprawling chicken industry that raises billions of birds in cruel conditions – all to satisfy our appetite for meat. Grilled is Leah's story of working alongside the food and farming industry for animal welfare and ethical food. Instead of fighting and protesting and shaming – approaches that simply haven't worked previously – Garcés has instead tried to find common ground with producers. She has worked alongside owners of the megafarms, befriending them, having frank conversations with them, and ultimately encouraging change through dialogue and discussion. Leah is helping to directly improve the lives of millions of farm animals, and pushing alternatives such as plant-based substitutes and lab-grown meats to the top of the agenda, with some of the mega-farm conglomerates joining forces with her to explore these avenues. When she started her journey, Leah Garcés did not have much empathy to spare for the contract chicken farmer –until she actually met one and tried to understand the difficulties they faced. This is the story of giving in to discomfort for the sake of progress. It's a story of the power of human connection, and what happens when we practice empathy toward our enemies.

The Pilgrim Church E.H. Broadbent, The History of the Church or company of those who by faith have received Christ and become His followers, is still in the making, not yet complete. On this account and because of its immense extent, although it is of supreme importance, parts only of it can be written and from time to time. The following pages are a contribution to the unfolding story.

Echo of Distant Water J B Fisher,2019-08-05 In December 1958, Ken Martin, his wife Barbara, and their three young daughters left their home in Northeast Portland to search for Christmas greens in the Columbia River Gorge—and never returned. The Martins' disappearance spurred the largest missing persons search in Oregon history and the mystery has remained perplexingly unsolved to this day. For the past six years, JB Fisher (Portland on the Take) has pored over the case after finding in his garage a stack of old Oregon Journal newspaper articles about the story. Through a series of serendipitous encounters, Fisher obtained a wealth of first-hand and never-before publicized information about the case including police reports from several agencies, materials and photos belonging to the Martin family, and the personal notebooks and papers of Multnomah County Sheriff's Detective Walter E. Graven, who was always convinced the case was a homicide and worked tirelessly to prove it. Graven, however, faced real resistance from his superiors to bring his findings to light. Used as a trail left behind after his 1988 death to guide future researchers, Graven's personal documents provide fascinating insight into the question of what happened to the Martins—a path leading to abduction and murder, an intimate family secret, and civic corruption going all the way to the Kennedys in Washington, DC.
