The Sacred Depths of Nature Ursula Goodenough,2023 When people talk about religion, most soon mention the major religious traditions of our times, but then, thinking further, most mention as well the religions of Indigenous peoples and of such vanished civilizations as ancient Greece and Egypt and Persia. That is, we have come to understand that there are-and have been-many different religions; anthropologists estimate the total in the thousands. They also estimate that there have been thousands of human cultures, which is to say that the making of a culture and the making of its religion go together: each religion is embedded in its cultural history. True, certain religions have attempted, and variously succeeded, in crossing cultural boundaries to convert the heathens, but the invaded cultures usually put their unmistakable stamp on what they import, as evinced by the pulsating percussive Catholic masses sung in Africa. In the end, each of these religions addresses two fundamental human concerns: How Things Are and Which Things Matter. How Things Are is articulated as a Cosmology or Cosmos: How the natural world came to be, how humans came to be, what happens after we die, the origins of evil and tragedy and natural disaster and love. Which Things Matter becomes codified as a Morality or Ethos: the Judaic Ten Commandments, the Christian Sermon on the Mount, the Five Pillars of Islam, the Buddhist Vinaya, the Confucian Five Relations, and the understandings inherent in numerous Indigenous traditions. The role of a religion is to integrate the Cosmology and the Morality, to render the cosmological narrative so rich and compelling that it elicits our allegiance and our commitment to its attendant moral understandings. As a culture evolves, a distinctive Cosmos and Ethos appears in its co-evolving religion. For billions of us, back to the early humans, the stories, ceremonies and art associated with our religions-of-origin have been central to our lives. I stand in awe of these religions. I have no need to take on their contradictions or immiscibility, any more than I would quarrel with the fact that Scottish bagpipe ceremonies coexist with Japanese tea ceremonies. And indeed, the failure of Soviet Marxism to obliterate Russian Orthodoxy, and of Maoism to obliterate Buddhism, Confucianism, or Daoism, and of Christianity to obliterate Indigenous understandings, reminds us that projects designed to overthrow religious traditions face strong headwinds--

Kumba Africa Sampson Ejike Odum,2020-11-03 'KUMBA AFRICA', is a compilation of African Short Stories written as fiction by Sampson Ejike Odum, nostalgically taking our memory back several thousands of years ago in Africa, reminding us about our past heritage. It digs deep into the traditional life style of the Africans of old, their beliefs, their leadership, their courage, their culture, their wars, their defeat and their victories long before the emergence of the white man on the soil of Africa. As a talented writer of rich resource and superior creativity, armed with in-depth knowledge of different cultures and traditions in Africa, the Author throws light on the rich cultural heritage of the people of Africa when civilization was yet unknown to the people. The book reminds the readers that the Africans of old kept their pride and still enjoyed their own lives. They celebrated victories when wars were won, enjoyed their New yam festivals and villages engaged themselves in seasonal wrestling contest etc; Early morning during harmattan season, they gathered firewood and made fire inside their small huts to hit up their bodies from the chilling cold of the harmattan. That was the Africa of old we will always remember. In Africa today, the story have changed. The people now enjoy civilized cultures made possible by the influence of the white man through his scientific and technological process. Yet there are some uncivilized places in Africa whose people haven't tested or felt the impact of civilization. These people still maintain their ancient traditions and culture. In everything, we believe that days when people paraded barefooted in Africa to the swamp to tap palm wine and fetch firewood from there farms are almost fading away. The huts are now gradually been replaced with houses built of blocks and beautiful roofs. Thanks to modern civilization. Donkeys and camels are no longer used for carrying heavy loads for merchants. They are now been replaced by heavy trucks and lorries. African traditional methods of healing are now been substituted by hospitals. In all these, I will always love and remember Africa, the home of my birth and must respect her cultures and traditions as an AFRICAN AUTHOR.

Thomas Jefferson Christopher Hitchens,2009-10-13 A balanced, readable portrait. A refreshing perspective.” —New York Times Book Review With intelligence, insight, eloquence, and wit, bestselling author Christopher Hitchens gives us an artful portrait of a complex, formative figure in American history and his turbulent era. In this unique biography of Thomas Jefferson, leading journalist and social critic Christopher Hitchens offers a startlingly new and provocative interpretation of our Founding Father—a man conflicted by power who wrote the Declaration of Independence and acted as ambassador to France yet yearned for a quieter career in the Virginia legislature. A masterly writer, Jefferson was an awkward public speaker. A professed proponent of emancipation, he elided the issue of slavery from the Declaration of Independence and continued to own human property. A reluctant candidate, he left an indelible presidential legacy.

Barnen Ifran Frostmofjaellet Laura Fitinghoff, 2016-04-17 Here is the love story of a beautiful Irish girl who rode horses like an Arizona cowboy, whose hair was red as flame, and whose lover was an English gentleman. But then, there was the Spaniard, too! Hot-headed, he was, passionate and lawless as a Tartar. Needless to say the story takes some startling turns. The end is surprising. And the satisfying conclusion it all comes to is this, that the eternal feminine still responds to courage in the male.
