Three Years in Tibet Ekai Kawaguchi,2022-05-28

This book is about an amazing three-year journey from 1899 to 1902 of a Buddhist monk from Japan making his way into Tibet which was closed to almost all foreigners at the time. The author provides a fascinating view of the culture, society, justice, domestic relations, politics, religion, etc. Kawaguchi a very admirable and knowledgeable figure also provides insight to the politics of Japan, Britain, Russia and the international relationships in Central Asia.

Queen Mío and the Egyptian Sphinx Augustus Le Plongeon,1896

Treasures from the Ark Vrej

Nersessian,2001-06-21 Armenia was the first country to recognize Christianity as the official state religion in 301 AD, twelve years before Constantine's decree granting tolerance to Christianity within the Roman Empire. Ever since, Armenia has claimed the privilege of being the first Christian nation, and the wealth of Christian art produced in Armenia since then is testimony to the fundamental importance of the Christian faith to the Armenian people. This extensive new survey of Armenian Christian art, published to accompany a major exhibition at The British Library, celebrates the Christian art tradition in Armenia during the last 1700 years. The extraordinary quality and range of Armenian art which is documented includes sculpture, metalwork, textiles, ceramics, wood carvings and illuminated manuscripts and has been drawn

together from collections throughout the world—many of the examples have never before been seen outside Armenia. In his authoritative text, Dr. Vrej Nersessian, Curator at The British Library, charts the development of Christianity in Armenia. This fascinating history is essential to an understanding of the art and religious tradition of Armenia, a country in which the sense of the sacred extends well beyond the purely religious, infiltrating the entire fabric of Armenian affairs to create a fascinating culture. This sumptuously illustrated book will be of immense value to anyone with an interest in Byzantine art and culture, the history of Christianity and the history of Armenia and the Middle Orient.

Consecration of Images and Stûpas in Indo-Tibetan Tantric Buddhism Yael Bentor, 2023-08-14
The present work is an investigation of the Indo-Tibetan ritual for consecrating images, stûpas, books and temples. It is based on a thorough examination of the relevant Tibetan textual material contained in Tantras, commentaries, ritual manuals and explanatory works on consecration. As rituals are meant to be performed, this textual study is combined with observations of performances and interviews with performers. The book opens with a general discussion of certain principles of tantric rituals and the foundations of Indo-Tibetan consecration. The main part focuses on a specific performance of the ritual in a Tibetan monastery located in the Kathmandu Valley. This volume contributes to the often neglected field of Indo-

Tibetan Buddhist rituals. It is concerned with the sacred nature of objects for worship as well as with the main Buddhist tantric transformation into a chosen tantric Buddha.

An English-Persian Dictionary Arthur Naylor
Wollaston, 1882

The Classical Tibetan Language Stephan V. Beyer, 1992-01-01 Among Asian languages, Tibetan is second only to Chinese in the depth of its historical record, with texts dating back as far as the eighth and ninth centuries, written in an alphabetic script that preserves the contemporaneous phonological features of the language. The Classical Tibetan Language is the first comprehensive description of the Tibetan language and is distinctive in that it treats the classical Tibetan language on its own terms rather than by means of descriptive categories appropriate to other languages, as has traditionally been the case. Beyer presents the language as a medium of literary expression with great range, power, subtlety, and humor, not as an abstract object. He also deals comprehensively with a wide variety of linguistic phenomena as they are actually encountered in the classical texts, with numerous examples of idioms, common locutions, translation devices, neologisms, and dialectal variations.

ORDER OF THE DAY Daljit Singh Jawa, 2016-09-21 An important aspect of any Sikh religious service is the reading from the Guru Granth, or taking Hukam Nama. The Guru Granth Sahib is a hefty tome of 1430 pages. Sikh tradition is that from roughly the middle half of the Guru Granth, usually at the beginning of a randomly selected page (or the previous page if the hymn started there) one hymn is selected. This is read as the Hukam Nama, or The Order Of The Day. Clearly many Sikhs living outside the Punjabi ambience would have great difficulty figuring out its meaning.
