Bane of All Things Leo Valiquette, 2021-12-07 A winner!" –Ed Greenwood, internationally bestselling creator of The Forgotten Realms® In the Four Kingdoms, the Holy Clerisy preaches that the gods are dead, and prayer is the path to Hell. Anyone who defies doctrine is punished for heresy. But blind faith can damn a soul as surely as betrayal. Ryn Ruscroft, once sworn to serve as the Clerisy's loyal soldier, finds himself torn between conscience and duty one bitter winter's night. Those slain include his best friend, felled by his own hand. Josalind Aumbrae has been tormented all her life by the Voices and their visions—an affliction that could have her facing a witch's pyre. If only she could understand what they want. Banished to Dragon's Claw Abbey at the edge of the world, Ryn and Josalind discover a place built on more than penance and forgetting. What they find at the Claw will turn them into fugitives hunted by hellspawn, heretics, and Ryn's former commander. But more sinister forces have awoken—ancient things eager to settle old scores and find pawns among the outcast. When they cry for vengeance, the Living Sword must have a hand to wield it. A mortal it can reshape into the Earth Breaker, the Soul Taker, the Bane of All Things.

SAAB 37 Viggen Walk Around - Op Mikhail Putnikov,2013 For the 30 years the Saab 37 Viggen thundered over Sweden, a resolute Cold War deterrent against any potential aggression. Named for the thunderclap that resounded when the god Thor banged his hammer, and developed to replace the Saab 32 Lansen as an attacker and Saab 35 Draken as a fighter, Viggen was designed as a multirole combat aircraft capable of perfuming fighter, strike and reconnaissance duties. Saab adopted a novel and extremely advanced aerodynamic configuration of a main delta wing combined with delta-shaped foreplanes. Viggen became the first canard-equipped military aircraft to enter production since aviation's 'stick-and-string' days. Viggen easily met the strict Swedish Air Force specification of combat operations from 500-meter runways and public roads - a performance standard that few other attack jets in the world could equal. Significantly, the Viggen was the first aircraft to be equipped with both afterburner and reverse thrust. Continually upgraded during its career, the Viggen produced a number of variants, including a two-seater trainer as well as photo-reconnaissance, ground-attack, and all-weather interceptor versions, which came to an end with the last Viggen flight in Swedish military service in June 2007. This volume contains photos seen here for the first time, as well as detailed drawings based on original Saab technical manuals. Outstanding among the few publications in the world devoted to Saab 37, this book will be of interest to modelers and aircraft enthusiasts alike. Illustrated with 196 photographs, color profiles and numerous line drawings.

Armentrout returns with book one of the all-new, compelling Flesh and Fire series—set in the beloved Blood and Ash world. Born shrouded in the veil of the Primals, a Maiden as the Fates promised, Seraphena Mierel's future has never been hers. Chosen before birth to uphold the desperate deal her ancestor struck to save his people, Sera must leave behind her life and offer herself to the Primal of Death as his Consort. However, Sera's real destiny is the most closely guarded secret in all of Lasania—she's not the well protected Maiden but an assassin with one mission—one target. Make the Primal of Death fall in love, become his weakness, and then...end him. If she fails, she dooms her kingdom to a slow demise at the hands of the Rot. Sera has always known what she is. Chosen. Consort. Assassin. Weapon. A specter never fully formed yet drenched in blood. A monster. Until him. Until the

Primal of Death's unexpected words and deeds chase away the darkness gathering inside her. And his seductive touch ignites a passion she's never allowed herself to feel and cannot feel for him. Seen from the point of view of a young, inexperienced engineer, a group of terran space scavengers hope to pull off the job of their lifetimes, ignoring a recent United Earth Directorate treaty to pillage a derelict protoss ship. The scavengers' dangerous plan is compounded by the fact that the protoss ship is in a decaying orbit above a backwater planet. The Lost Nation Raven Storm, 2023-04-26 Surviving torture and certain death, Wren now faces a different challenge closer to home. She's spent months in captivity with Thad, who appears to have embraced his half-breed status and joined up with the demons. Not only that, but he's become their leader. How can she reconcile the male who saved her life with the one who tortured and collared her? Not to mention, her three mates hate him. Kali is Queen of Aldur after her father's brutal murder and mother's subsequent suicide. Her people are in turmoil as the war has finally threatened their way of life, convinced that the only way forward is for Kali to marry and give them a king. Too bad her sights are set on a particularly fiery, red-headed pirate queen. Xana had finally been rescued from the demon fortress, only to find out that freedom isn't exactly what it was all cracked up to be. Her unmated status has the males on the island threatening her safety and sanity, and the other rescued females won't hear any talk of leaving their safe, warded homes. War is here, and the only way forward is together--or not at all. It all comes to head in the 4th book of the Rise of the Draken series.
