Big City Fire Trucks: 1900-1950 Donald F. Wood, Wayne Sorensen, 1996 Call out the monster trucks, exotic equipment, and unique apparatus of professional departments. Donald F. Wood and Wayne Sorensen include year of manufacture, make of truck chassis, commercial outfitter, and equipment for each listing.

Integration of the Armed Forces, 1940-1965 Morris J. MacGregor, 2020-06-18 In the quarter century that followed American entry into World War II, the nation's armed forces moved from the reluctant inclusion of a few segregated Negroes to their routine acceptance in a racially integrated military establishment. Nor was this change confined to military installations. By the time it was over, the armed forces had redefined their traditional obligation for the welfare of their members to include a promise of equal treatment for black servicemen wherever they might be. In the name of equality of treatment and opportunity, the Department of Defense began to challenge racial injustices deeply rooted in American society. For all its sweeping implications, equality in the armed forces obviously had its pragmatic aspects. In one sense it was a practical answer to pressing political problems that had plagued several national administrations. In another, it was the services' expression of those liberalizing tendencies that were permeating American society during the era of civil rights activism. But to a considerable extent the policy of racial equality that evolved in this quarter century was also a response to the need for military efficiency. So easy did it become to demonstrate the connection between inefficiency and discrimination that, even when other reasons existed, military efficiency was the one most often evoked by defense officials to justify a change in racial

policy. Morris J. MacGregor, Jr., received the A.B. and M.A. degrees in history from the Catholic University of America. He continued his graduate studies at the Johns Hopkins University and the University of Paris on a Fulbright grant. Before joining the staff of the U.S. Army Center of Military History in 1968 he served for ten years in the Historical Division of the Joint Chiefs of Staff.

She is invincible. They decide their highest priority is to find a missing princess that was taken to another world far away.It's Christmas Eve 1964 and Lizzy Albright is celebrating her 10th birthday with her family in Overland Park, Kansas. Later that day the family make a journey to Cordelia, Kansas to spend Christmas week in the old family mansion with Lizzy's granny, Esther McHale.That night, Lizzy discovers an old quilt in a secret drawer of the cedar chest in the attic. The names of the quilt blocks spark her imagination. She is allowed to sleep under

the quilt but is awoken by a tapping noise. She discovers a goose outside the attic window as a winter storm is raging. The goose urges Lizzy to come with her because their kingdom has befallen a curse. The goose believes that Lizzy is the lost princess and is the only one who can break the curse. In the Kingdom of Ailear, we learn that Calixta, a sorceress, and Beatrice, the queen, are related. Beatrice is barren and desperately wants a child. Calixta assists by making a fertility potion, with the caveat that Queen Beatrice's first grandchild is handed over to the sorceress. Beatrice has her child and years pass. The royal grandchild is born, Beatrice has schemed to betray Calixta by sending the child with a goose through the Tunnel of Stars. The sorceress returns and puts the Groaning Stone Curse on the castle and its inhabitants and informs everyone that the only one who can reverse the curse is the royal child. For ten years the mages are doing what they must in order to find the child, but also find a way to save her from the hands of the sorceress. The plot ultimately succeeds and the kingdom is saved. There are unexpected plot twists that are revealed during the final chapters of the story. Ricky Tims - Kat Bowser 2020

All the Lives We Ever Lived Katharine Smyth, 2020-01-21 A wise, lyrical memoir about the power of literature to help us read our own lives—and see clearly the people we love most. “Transcendent.”—The Washington Post • “You’d be hard put to find a more moving appreciation of Woolf’s work.”—The Wall Street Journal NAMED ONE OF THE BEST BOOKS OF THE YEAR BY TOWN & COUNTRY Katharine Smyth was a student at Oxford when she first read Virginia Woolf’s modernist masterpiece *To the Lighthouse* in the comfort of an English sitting room, and in the companionable silence she shared with her father. After his death—a calamity that claimed her favorite person—she returned to that beloved novel as a way of wrestling with his memory and understanding her own grief. Smyth’s story moves between the New England of her childhood and Woolf’s Cornish shores and Bloomsbury squares, exploring universal questions about family, loss, and homecoming. Through her inventive, highly personal reading of *To the Lighthouse*, and her artful adaptation of its groundbreaking structure, Smyth guides us toward a new vision of Woolf’s most demanding and rewarding novel—and crafts an elegant reminder of literature’s ability to clarify and console. Braiding memoir, literary criticism, and biography, *All the Lives We Ever Lived* is a wholly original debut: a love letter from a daughter to her father, and from a reader to her most cherished author. Praise for *All the*

Lives We Ever Lived “This searching memoir pays homage to *To the Lighthouse*, while recounting the author’s fraught relationship with her beloved father, a vibrant figure afflicted with alcoholism and cancer. . . . Smyth’s writing is evocative and incisive.”—The New Yorker “Like *H Is for Hawk*, Smyth’s book is a memoir that’s not quite a memoir, using Woolf, and her obsession with Woolf, as a springboard to tell the story of her father’s vivid life and sad demise due to alcoholism and cancer. . . . An experiment in twenty-first century introspection that feels rooted in a modernist tradition and bracingly fresh.”—Vogue “Deeply moving – part memoir, part literary criticism, part outpouring of longing and grief... This is a beautiful book about the wildness of mortal life, and the tenuous consolations of art.”—The Times Literary Supplement “Blending analysis of a deeply literary novel with a personal story... gently entwining observations from Woolf’s classic with her own layered experience. Smyth tells us of her love for her father, his profound alcoholism and the unpredictable course of the cancer that ultimately claimed his life.”—Time

Den of Thieves James B. Stewart, 2012-11-20 A #1 bestseller from coast to coast, *Den of Thieves* tells the full story of the insider-trading scandal that nearly destroyed Wall Street, the men who pulled it off, and the chase that finally brought them to justice. Pulitzer Prize-winner James B. Stewart shows for the first time how four of the eighties’ biggest names on Wall Street—Michael Milken, Ivan Boesky, Martin Siegel, and Dennis Levine—created the greatest insider-trading ring in financial history and almost walked away with billions, until a team of downtrodden detectives triumphed over some of America’s most expensive lawyers to bring this powerful quartet to justice. Based on

secret grand jury transcripts, interviews, and actual trading records, and containing explosive new revelations about Michael Milken and Ivan Boesky, Den of Thieves weaves all the facts into an unforgettable narrative—a portrait of human nature, big business, and crime of unparalleled proportions.

The New Tycoons Jason Kelly,2012-09-11 Inside the Trillion Dollar Industry That Owns Everything What do Dunkin' Donuts, J. Crew, Toys R Us, and Burger King have in common? They are all currently or just recently were owned, operated, and controlled by private equity firms. The New Tycoons: Inside the Trillion Dollar Private Equity Industry That Owns Everything takes the reader behind the scenes of these firms: their famous

billionaire founders, the overlapping stories of their creation and evolution, and the outsized ambitions that led a group of clever bankers from small shops operating in a corner of Wall Street into powerhouse titans of capital. This is the story of the money and the men who handle it. Go inside the private worlds of founders Henry Kravis, Steve Schwarzman, David Bonderman, and more in *The New Tycoons*, and discover how these men have transformed the industry and built some of the most powerful and most secretive houses of money in the world. With numerous private equity firms going public for the first time, learn how these firms operate, where their money comes from and where it goes, and how every day millions of customers, employees, and retirees play a role in that complex tangle of money. Author Jason Kelly tells the story of how thirty some years ago a group of colleagues with \$120,000 of their own savings founded what would become one of the largest private equity shops in the world, completing the biggest buyout the world has ever seen, and making them all billionaires in the process. Presents a never-before-seen look inside a secretive and powerful world on the verge of complete transformation as the industry and its leaders gain public profiles, scrutiny, and political positions. Analyzing the founders and the firms at a crucial moment, when they've elevated themselves beyond their already lofty ambitions into the world of public opinion and valuation, *New Tycoons* looks at one of the most important, yet least examined, trillion-dollar corners of the global economy and what it portends for these new tycoons.

Marine Park Mark Chiusano,2014-07-29 • Recipient of a 2015 PEN/Hemingway Award Honorable Mention • “Chiusano . . . [has] formidable talents. It will be worth watching what he does when he leaves the neighborhood.”—John Williams, *The New York Times* An astute, lively, and heartfelt debut story collection by an exciting new voice in contemporary fiction *Marine Park*—in the far reaches of Brooklyn, train-less and tourist-free—finds its literary chronicler in Mark Chiusano. Chiusano’s dazzling stories delve into family, boyhood, sports, drugs, love, and all the weird quirks of growing up in a tight-knit community on the edge of the city. In the tradition of Junot Díaz’s *Drown*, Stuart Dybek’s *The Coast of Chicago*, and Russell Banks’s *Trailerpark*, this is a poignant and piercing collection—announcing the arrival of a distinct new voice in American fiction.

Godard On Godard Jean-luc Godard,1986-03-22 Jean-Luc Godard, like many of his European contemporaries, came to filmmaking through film criticism. This collection of essays and interviews, ranging from his early efforts for *La Gazette du Cinéma* to his later writings for *Cahiers du Cinéma*, reflects his dazzling intelligence, biting wit, maddening judgments, and complete unpredictability. In writing about Hitchcock, Welles, Bergman, Truffaut, Bresson, and Renoir, Godard is also writing about himself-his own experiments, obsessions, discoveries. This book offers evidence that he may be even more original as a thinker about film than as a director. Covering the period of 1950-1967, the years of *Breathless*, *A Woman Is a Woman*, *My Life to Live*, *Alphaville*, *La Chinoise*, and *Weekend*, this book of writings is an important document and a fascinating study of a vital stage in Godard's career. With commentary by Tom Milne and Richard Roud, and an extensive new

foreword by Annette Michelson that reassesses Godard in light of his later films, here is an outrageous self-portrait by a director who, even now, continues to amaze and bedevil, and to chart new directions for cinema and for critical thought about its history.

Who Killed These Girls? Beverly Lowry, 2017-07-25 "A true-crime page-turner.... Lowry exhausts every possible scenario behind the shocking, unsolved quadruple murder ... and offers a theory on what really happened." —New York Post Gripping, moving, and as good as any depiction of a murder case since *In Cold Blood*.... Brilliant. —Ann Patchett, award-winning, bestselling author The facts are brutally straightforward. On December 6, 1991, the naked, bound-and-gagged, burned bodies of four girls—each one shot in the head—were found in a frozen yogurt shop in Austin, Texas. Grief, shock, and horror overtook the city. But after eight years of misdirected investigations, only two suspects (teenagers at the time of the crime) were tried; their convictions were later overturned and detectives are still working on what is now a very cold case. The story has grown to include DNA technology, coerced false confessions, and other developments in crime and punishment. But this story belongs to the scores of people involved, and from them Beverly Lowry has fashioned a riveting saga that reads like a novel, heart-stopping and thoroughly engrossing.
