Following his more than 160 black and white photos is a full-color section of photos by long-time firefighter and fire apparatus photographer Dennis J. Maag. fire service, architectural history, or the history of St. Louis itself, St. Louis Fire Stations provides a fascinating look at one of the longest longest-serving fire departments in the United States.

Lucretius Carus, 2022-09-15 *Of the Nature of Things* is a first-century BCE didactic poem by the Roman poet and philosopher Lucretius to explain Epicurean philosophy to a Roman audience. In this work, T. Lucretius Carus presents the view that the world can be described by the function of material forces and natural laws. So, one should not fear the gods or death.

**The Traders' War** Charles Stross, 2014-01-07 The Traders' War -- an omnibus edition of the third and fourth novels in Charles Stross's Merchant Princes series. Miriam was an ambitious business journalist in Boston. Until she was fired--then discovered, to her shock, that her lost family comes from an alternate reality. And although some of them are trying to kill her, she won't stop digging up secrets. Now that she knows she's inherited the family ability to walk between worlds, there's a new culture to explore. Her alternate home seems located around the Middle Ages, making her world-hopping relatives top dogs when it comes to importing guns and other gadgets from modern-day America. Payment flows from their services to U.S. drug rings--after all, world-skipping drug runners make great traffickers. In a land where women are property, she struggles to remain independent. Yet her outsider ways won't be tolerated, and a highly political arranged marriage is being brokered behind her back. If she can stay alive for long enough to protest. These books are immense fun.--Locus At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

**The Black Jacobins** C. L. R. James, 2001-05-31 In 1789 the West Indian colony of San Domingo supplied two-thirds of the overseas trade of France. The

entire structure of what was arguably the most profitable colony in the world rested on the labour of half a million slaves. In 1791 the waves of unrest inspired by the French Revolution reached across the Atlantic dividing the loyalties of the white population of the island. The brutally treated slaves of Saint Domingo seized at this confusion and rose up in rebellion against masters. In this classic work, CLR James chronicles the only successful slave revolt in history and provides a critical portrait of their leader, Toussaint L'Ouverture, 'one of the most remarkable men of a period rich in remarkable men'.

**Blood Stain** Peter Lalor, 2002-11-01 The true story of Katherine Knight, the mother and abattoir worker who became Australia's worst female killer. A must for true crime fans. 'There are murders and there are murders. There are bodies and there are bodies, and then there's what lies waiting behind the front door of the little brick house with its blinds drawn and air conditioner droning on, working against the oppressive Hunter Valley heat. A glimpse into the dark, cockroach corners of the soul. A lot of the blokes at the scene that day will never be the same.' On 29 February 2000, Katherine Knight committed an unspeakable act. A mother of four and a grandmother, she seduced and then stabbed John Price 37 times. A former abattoir worker, she skinned him. A loving partner, she cooked him with vegetables, making a soup with his head. Made gravy. Left him on plates for his family. Why? Pricey was her de facto and he wanted out. She didn't like that. People said that most

of the time Katherine Knight seemed normal, until she got angry. She was judged to be legally sane when she committed a crime so horrible that the media shied away from the detail. Journalist Peter Lalor covered the trial and wanted to know what made Knight go way over the borderline. In this unflinching account he uncovers the layers of her dysfunction, opening the door of 84 St Andrews Street and taking us into the lives of Knight's ex-partners, her family and the locals of Aberdeen, NSW. Katherine Knight is currently the only woman serving a life sentence in Australia. She is never to be released.

**A Naturalist Goes Fishing** James McClintock, 2015-10-27 Internationally recognized marine biologist Jim McClintock combines his deep expertise as a marine biologist with his personal passion for fishing in a beautifully written narrative

**American Dreams** Ian Brown, 2020-08-25 A powerful, moving collection of 170 portraits of Americans and their handwritten statements about what the American dream means to them. Shot by one photographer over twelve years, fifty states, and eighty thousand miles, American Dreams is a poignant, defining look at people from every walk of life and a remarkable exploration of what it means to be an American. Long fascinated by the idea of the "American Dream," Canadian photographer Ian Brown set out to document, in photographs and words, what that dream means to Americans of all ages, races, identities, classes, religions, and ideologies. Over the course of twelve

years, Brown traveled more than eighty thousand miles in an old truck, visiting all fifty states and connecting with hundreds of Americans. He knocked on people's doors; met them at town halls, diners, and factories; and approached them on main streets in small towns. He shot their portraits and asked them to write down their own American dreams. Their dreams and stories—which range from hopeful, moving, and optimistic to defiant, bitter, and heartbreaking—offer a fascinating, unparalleled perspective of the striking diversity and deep nuance of the American experience.

Careless Whispers Carlton Stowers, 2001-01-15 When the bodies of three teenagers were found on the shores of Lake Waco, Texas in July, 1982, even seasoned lawmen were taken aback by the savage mutilation and degradation they had been subjected to. Yet only 52 days after the gruesome triple-murder was discovered, frustrated authorities suspended the case indefinitely. Patrol Sergeant Truman Simons, who had been called to the scene that night, saw the carnage first-hand -- and vowed to find the ferocious killer or killers. He soon became a man with a mission, risking his career and his family's safety in search of evidence. Plunging himself into a netherworld of violence and evil, Simons finally got close enough to a murderous ringleader to hear his careless whispers--and ultimately, put him and his three accomplices behind bars for the brutal slayings. Now, in his Edgar Award-winning account of the Lake Waco killings, acclaimed true crime writer Carlton Stowers lays bare the facts behind the tragic crimes, the twisted

predators, and the heroic man who broke the investigation--with important updated information based on new developments in the case.

**The Magic of Thinking Big** David J. Schwartz, 2014-12-02 The timeless and practical advice in *The Magic of Thinking Big* clearly demonstrates how you can: Sell more Manage better Lead fearlessly Earn more Enjoy a happier, more fulfilling life With applicable and easy-to-implement insights, you'll discover: Why believing you can succeed is essential How to quit making excuses The means to overcoming fear and finding confidence How to develop and use creative thinking and dreaming Why making (and getting) the most of your attitudes is critical How to think right towards others The best ways to make "action" a habit How to find victory in defeat Goals for growth, and How to think like a leader Believe Big," says Schwartz. "The size of your success is determined by the size of your belief. Think little goals and expect little achievements. Think big goals and win big success. Remember this, too! Big ideas and big plans are often easier -- certainly no more difficult - than small ideas and small plans.

**The Kill Jar** J. Reuben Appelman, 2018-08-14 Now the subject of the Discovery+ series *Children of the Snow*, a cold case murder investigation is cracked open by "a powerful, confident voice in the new true crime memoir genre" (James Renner, author of *True Crime Addict*). Four children were abducted and murdered outside of Detroit during the winters of 1976 and 1977, their bodies eventually dumped in snow banks around the city. J. Reuben

Appelman was only six years old when the murders began and even evaded an abduction attempt during that same period, fueling a lifelong obsession with what became known as the Oakland County Child Killings. Autopsies showed that the victims had been fed while in captivity, reportedly held with care. And yet, with equal care, their bodies had allegedly been groomed post-mortem, scrubbed-free of evidence that might link to a killer. There were few credible leads, and equally few credible suspects. That's what the cops had passed down to the press, and that's what the city of Detroit, and Appelman, had come to believe. When the abductions mysteriously stopped, a task force operating on one of the largest manhunt budgets in history shut down without an arrest. Although no more murders occurred, Detroit remained haunted. Eerily overlaid upon the author's own decades-old history with violence, *The Kill Jar* tells the gripping story of Appelman's ten-year investigation into buried leads, apparent police cover-ups, con men, child pornography rings, and high-level corruption saturating Detroit's most notorious serial killer case. "Always deft, often sublime, Appelman uses his investigation to draw us into his personal journey through darkness, to light and life" (Chip Johannessen, producer of *Dexter*).

**NFPA 1977 Standard on Protective Clothing and Equipment for Wildland Fire Fighting** National Fire Protection Association, 2021-07-12

*Hell's Half-Acre* Susan Jonusas, 2022-03-01 One of NPR's Books We Love New York Times Book Review's The Best True Crime of 2022 Rich in historical

perspective and graced by novelistic touches, grips the reader from first to last.”—Wall Street Journal A suspense filled tale of murder on the American frontier—shedding new light on a family of serial killers in Kansas, whose horrifying crimes gripped the attention of a nation still reeling from war. In 1873 the people of Labette County, Kansas made a grisly discovery. Buried by a trailside cabin beneath an orchard of young apple trees were the remains of countless bodies. Below the cabin itself was a cellar stained with blood. The Benders, the family of four who once resided on the property were nowhere to be found. The discovery sent the local community and national newspapers into a frenzy that continued for decades, sparking an epic manhunt for the Benders. The idea that a family of seemingly respectable homesteaders—one among the thousands relocating farther west in search of land and opportunity after the Civil War—were capable of operating a human slaughter pen appalled and fascinated the nation. But who the Benders really were, why they committed such a vicious killing spree and whether justice ever caught up to them is a mystery that remains unsolved to this day. Set against the backdrop of postbellum America, Hell’s Half-Acre explores the environment capable of allowing such horrors to take place. Drawing on extensive original archival material, Susan Jonusas introduces us to a fascinating cast of characters, many of whom have been previously missing from the story. Among them are the families of the victims, the hapless detectives who lost the trail, and the fugitives that helped the murderers escape. Hell’s Half-Acre is a journey

into the turbulent heart of nineteenth century America, a place where modernity stalks across the landscape, violently displacing existing populations and building new ones. It is a world where folklore can quickly become fact and an entire family of criminals can slip through a community's fingers, only to reappear in the most unexpected of places.

*Flight of the Intruder* Stephen Coonts, 2006-06-27 A smash bestseller that spent over six months on the New York Times bestseller list, *Flight of the Intruder* became an instant classic. No one before or since ever captured the world of Navy carrier pilots with the gripping realism of Vietnam veteran Stephen Coonts, who lived the life he wrote about. More than a flying story, *Flight of the Intruder* is also one of the best novels ever written about the Vietnam experience. It's all here—the flying, the dying, the blood and bombs and bullets, and the sheer joy—and terror—of life at full throttle. Gripping...Smashing. —The Wall Street Journal Grazing the Vietnam treetops at night at just under the speed of sound, A-6 Intruder pilot Jake Cool Hand Grafton knows exactly how precarious life is. Landing on a heaving aircraft carrier, dodging missiles locked on his fighter, flying through clouds of flak—he knows each flight could be his last. Yet he straps himself into a cockpit every day. Extraordinary!—Tom Clancy Then a bullet kills his bombardier while they're hitting another 'suspected' truck depot. Jake wonders what his friend died for—and why? Hitting pointless targets selected by men piloting desks just doesn't make sense. Maybe it's time to do

something worthwhile. Something that will make a difference... Superbly written. – Washington Times Jake and his new bombardier, ice-cold Tiger Cole, are going to pick their own target and hit the enemy where it hurts. But to get there and back in one piece is going to take a lot of nerve, even more skill, and an incredible amount of raw courage. Before it's over, they're going to fly into hell.

**Trinity** Leon Uris, 1977 Ever since the publication of *Battle Cry* more than thirty years ago, Leon Uris has continued to write bestselling novels. Each displays all of the author's skill, for he is a writer at his best when the subject seems almost too big to handle. One of the most popular storytellers of the twentieth century, more than 5,500,000 copies of his novels have been sold in Corgi alone. In *Trinity*, he writes passionately about the tragedy of Ireland - from the famine of the 1840s to the Easter Rising of 1916, a powerful and stirring novel about the loves and hates, the defeats and triumphs of three families - a terrible and beautiful drama spanning more than half a century.

*Empire of Man* David Weber, John Ringo, 2014-02-04 New York Times best-selling series - Omnibus - *March Upcountry* and *March to the Sea*, Books 1 and 2 in the *Empire of Man* Series. Roger Ramius MacClintock was young, handsome, athletic, an excellent dresser, and third in line for the Throne of Man. It probably wasn't too surprising that someone in his position should react by becoming spoiled, self\_centered, and petulant. After all, what else did he have to do

with his life? Then warships of the Empire of Man's worst rivals shoot his crippled vessel out of space and Roger is shipwrecked on the planet Marduk, whose jungles are full of deadly predators and barbarian hordes with really bad dispositions. Now all Roger has to do is hike halfway around the entire planet, then capture a spaceport from the Bad Guys, somehow commandeer a starship, and then go home to Mother for explanations. Fortunately, Roger has an ace in the hole: Bravo Company of Bronze Battalion of The Empress' Own Regiment. If anyone can get him off Marduk alive, it's the Bronze Barbarians. At the publisher's request, this title is sold without DRM (Digital Rights Management). About The Empire of Man Series: \_Will fascinate sophisticated readers (the manual of arms for a fourarmed, 10 foot soldier is a thing of beauty) . . . [and] grip straightforward action lovers.Ó ¾Publishers Weekly \_Coauthors Weber and Ringo excel in depicting the lives and times of soldiers both on and off the battlefield.Ó ¾Library Journal.

**Shallow Graves** Maureen Boyle,2017-09-05 Eleven women went missing over the spring and summer of 1988 in New Bedford, Massachusetts, an old fishing port known as the Whaling City, where Moby Dick, Frederick Douglass, textile

mills, and heroin-dealing represent just a few of the many threads in the community's diverse fabric. In *Shallow Graves*, investigative reporter Maureen Boyle tells the story of a case that has haunted New England for thirty years. **The Crimes:** The skeletal remains of nine of the women, aged nineteen to thirty-six, were discovered near highways around New Bedford. Some had clearly been strangled, others were so badly decomposed that police were left to guess how they had died. **The Victims:** All the missing women had led troubled lives of drug addiction, prostitution, and domestic violence, including Nancy Paiva, whose sister was a hard-working employee of the City of New Bedford, and Debra Greenlaw DeMello, who came from a solidly middle-class family but fell into drugs and abusive relationships. In a bizarre twist, Paiva's clothes were found near DeMello's body. **The Investigators:** Massachusetts state troopers Maryann Dill and Jose Gonsalves were the two constants in a complex cast of city, county, and state cops and prosecutors. They knew the victims, the suspects, and the drug-and-crime-riddled streets of New Bedford. They were present at the beginning of the case and they stayed to the bitter end. **The Suspects:** Kenneth Ponte, a New Bedford attorney and deputy sheriff with an appetite for drugs and prostitutes, landed in the investigative crosshairs from the start. He was indicted by a grand jury in the murder of one of the victims, but those charges were later dropped. Anthony DeGrazia was a loner who appeared to fit the classic serial-killer profile: horrific childhood abuse, charming, charismatic, but prone to bursts

of violence. He hunted prostitutes in the city by night and served at a Catholic church by day. Which of these two was the real killer? Or was it someone else entirely? Maureen Boyle first broke the story in 1988 and stayed with it for decades. In *Shallow Graves* she spins a riveting narrative about the crimes, the victims, the hunt for the killers, and the search for justice, all played out against the backdrop of an increasingly impoverished community beset by drugs and crime. Drawing on more than one hundred interviews, along with police reports, first-person accounts, and field reporting both during the killings and more recently, *Shallow Graves* brings the reader behind the scenes of the investigation, onto the streets of the city, and into the homes of the families still hoping for answers.
