*Panoramas of Portugal* Laine Cunningham,2017-06-14 Portugal has a long and varied history. In 711 CE, the nation was firmly established. Portugal is perhaps best known for being the first truly global empire. Its maritime exploration during the early part of the Age of Discovery, the 15th and 16th centuries, provided an influx of wealth through the spice trade. During the Joane era, gold, wheat, copperware, cloths, tools, wine, and horses were all traded. Today Portugal is a striking place for tourism with unique architecture, a sunny climate, and Mediterranean culture. The cuisine is renowned, and fresh seafood spiced with chili and black peppers, saffron and olive oil can be found at inexpensive restaurants. Wander through this astonishing place with the forty color photos in *Panoramas of Portugal*.

**The Magic Carriage** M. P. Grace, 2013-07-26 The Queen's new carriage, covered in gold and set with diamonds, vanishes. It is whisked into other realms, by supernatural energy. The Little penguins, and their mythological friends face perils dusted with drama and sprinkled with magic, to get the coach safely home to London. The Magic Carriage ventures to times, places and people, with very un-boring history. The Coachmaker, one of the last of his kind in the world, is a treasure hunter of unusual objects. After recycling a hundred bits and pieces collected from famous inventions, buildings, ships, aircraft and the like, he decorated the interior of the Queen's new coach with them. Here a bit of Spitfire, there a piece of Shakespeare's mulberry tree. Though his collection seems far-fetched, this part of the story is true. These artefacts possess supernatural energy, which draws the magic carriage and its unlikely travelling companions into realms not always of the here and now. Happenstance unites them in a mission to guard the Magic Carriage and get it safely home to London. Five little Australian penguins, The Lion and the Unicorn, The Harp of Ireland, The Goddess Britannia, St. George and his Dragon, each play their part to protect crown property, as they face perils beyond their wildest dreams. Imagine the Queen's response when her beautiful new coach arrives unexpectedly in London packed with little penguins. Let the Magic Carriage convey you and your loved ones, for generations to come, into a timeless fairy penguin tale, where blended facts and fiction brings to life some truly wonderful people, places and mythology from around the globe.

**Barbarians at the Gate** Bryan Burrough, John Helyar, 2009-10-13 "One of the finest, most compelling accounts of what happened to corporate America and Wall Street in the 1980's." —New York Times Book Review A #1 New York Times bestseller and arguably the best business narrative ever written, *Barbarians at the Gate* is the classic account of the fall of RJR Nabisco. An enduring masterpiece of investigative journalism by Bryan Burrough and John Helyar, it includes a new afterword by the authors that brings this remarkable story of greed and double-dealings up to date twenty years after the famed deal. The Los Angeles Times calls *Barbarians at the Gate*, "Superlative." The Chicago Tribune raves, "It's hard to imagine a better story...and it's hard to imagine a better account." And in an era of spectacular business crashes and federal bailouts, it still stands as a valuable cautionary tale that must be heeded.

*The Beauty of the Cross* Richard Viladesau, 2006-01-05 Viladesau focuses on poetry and the visual arts as he seeks to understand 'The Beauty of the Cross' as it developed in theology and art from the early Christian era through the middle ages.

*The Boys' Book of Engine-building* Archie Frederick Collins, 1918

*Endometriosis in Adolescents* Ceana H. Nezhat, 2020-11-13 Adolescent endometriosis is a previously overlooked disease in children, the true prevalence of which is still unknown but has been estimated between 19-73%. There are numerous initial challenges faced by adolescents suffering from delayed or undiagnosed endometriosis apart from experiencing chronic pain, such as: school/work absenteeism, false diagnoses/treatments, erroneous physician referrals, unnecessary radiological studies, radiation exposure, and emergency room visits as well as early exposure to narcotic pain medications and subsequent drug tolerance, resistance or even addiction. This text presents a clear history of physician and patient understanding and awareness of endometriosis in adolescents. It lays the groundwork for this condition with background information on endometriosis in general followed by a more focused look at endometriosis in adolescents. Leading experts in the field provide chapters on the different locations where endometriotic lesions can present in adolescents as well as identified risk factors and concomitant diseases of which it is important to be aware. In addition to the clinical presentation, this book also provides information on breaking down existing barriers, such as stigma, and current activism and awareness of this condition. Adolescent Endometriosis is a first-of-its-kind text that focuses exclusively on endometriosis in the adolescent population. Written by experts in the field, this book is a comprehensive resource for clinicians in all medical disciplines that treat adolescent age girls.

*Intoxicated with Babylon* Steve Gallagher, 2007 Babylon is not a place but rather the seducing spirit of Antichrist, which has quietly infiltrated the pulpits, pews, bookstores and homes of the Christian ranks. Armed with a vast array of worldly charms and enchanting indulgences, she has deceived believers into exchanging a vibrant life in God for the empty shell of powerless religion. *Intoxicated with Babylon* rips the mask off this harlot's face and exposes how she has subtly woven her mindset into the fabric of the end-times Church. It is a sobering wake-up call to a slumbering and sensuous Church to return to holy living.

**The Archko Volume** William Dennes Mahan, 1905

*Acoustics of Musical Instruments* Antoine Chaigne, Jean Kergomard, 2016-05-12 This book, the first English-language translation of *Acoustique des instruments de musique*, Second Edition, presents the necessary foundations for understanding the complex physical phenomena involved in musical instruments. What is the function of the labium in a flute? Which features of an instrument allow us to make a clear audible distinction between a clarinet and a trumpet? With the help of numerous examples, these questions are addressed in detail. The authors focus in particular on the significant results obtained in the field during the last fifteen years. Their goal is to show that elementary physical models can be used with benefit for various applications in sound synthesis, instrument making, and sound recording. The book is primarily addressed to graduate students and researchers; however it could also be of interest for engineers, musicians, craftsmen, and music lovers who wish to learn about the basics of musical acoustics.

**Boundary-Layer Theory** Hermann Schlichting (Deceased), Klaus Gersten, 2016-10-04 This new edition of the near-legendary textbook by Schlichting and revised by Gersten presents a comprehensive overview of boundary-layer theory and its application to all areas of fluid mechanics, with particular emphasis on the flow past bodies (e.g. aircraft aerodynamics). The new edition features an updated reference list and over 100 additional changes throughout the book, reflecting the latest advances on the subject.

**The 1921 Tulsa Race Massacre** Karlos K. Hill, 2021-03-18 On the evening of May 31, 1921, and in the early morning hours of June 1, several thousand white citizens and authorities violently attacked the African American Greenwood District of Tulsa, Oklahoma. In the course of some twelve hours of mob violence, white Tulsans reduced one of the nation's most prosperous black communities to rubble and killed an estimated 300 people, mostly African Americans. This richly illustrated volume, featuring more than 175 photographs, along with oral testimonies, shines a new spotlight on the race massacre from the vantage point of its victims and survivors. Historian and Black Studies professor Karlos K. Hill presents a range of photographs taken before, during, and after the massacre, mostly by white photographers. Some of the images are published here for the first time. Comparing these photographs to those taken elsewhere in the United States of lynchings, the author makes a powerful case for terming the 1921 outbreak not a riot but a massacre. White civilians, in many cases assisted or condoned by local and state law enforcement, perpetuated a systematic and coordinated attack on Black Tulsans and their property. Despite all the violence and devastation, black Tulsans rebuilt the Greenwood District brick by brick. By the mid-twentieth century, Greenwood had reached a new zenith, with nearly 250 Black-owned and Black-operated businesses. Today the citizens of Greenwood, with support

from the broader community, continue to work diligently to revive the neighborhood once known as “Black Wall Street.” As a result, Hill asserts, the most important legacy of the Tulsa Race Massacre is the grit and resilience of the Black survivors of racist violence. The 1921 Tulsa Race Massacre: A Photographic History offers a perspective largely missing from other accounts. At once captivating and disturbing, it will embolden readers to confront the uncomfortable legacy of racial violence in U.S. history.

**Teenager** Bud Smith, 2022-05-10 Two teenagers, in love and insane, journey across the United States in this Bonnie and Clyde-like adventure, pursuing a warped American dream, where Elvis is still king and the corn dog is the “backbone of this great country.” “There is a typo on page 14. Other than that, this book is perfect.” —Bill Callahan “He told her he was a one-woman man and she was it for him. Teal said that was good because he was it for her. It and It. Both of them were It.” Kody Rawlee Green is stuck in juvie. Tella “Teal Cartwheels” Carticelli is packing her bags for Rome--on the orders of her parents, who want her as far from Kody as possible. But teenage love is too strong a force for the obstacles of reality. And the highway beckons. Leaving their abusive pasts behind them in Jersey, Kody and Teal set off on a cross-country road trip equal parts self-destruction and self-discovery, making their way, one stolen car at a time, toward bigger, wider, bluer skies. Along the road, of course, there’s time to stop at Graceland, classic diners, a fairgrounds that smells of “pony shit and kettle corn, and time for run-ins with outsize personalities like the reincarnated Grand Canyon tour guide Dead Bob and the spurious Montana rancher Bill Gold. On their heels, all the while, is Teal’s brother, Neil Carticelli, who’s abandoned his post in the navy to rescue the sister he left behind. But does she really need saving? These all too American tropes find new expression in Bud Smith’s own freewheeling prose—and in Rae Buleri’s original illustrations—filling Teenager with humor, poetry, and a joy that’s palpable in every unforgettable sentence.
