The Ballad of Songbirds and Snakes (A Hunger Games Novel)

Suzanne Collins, 2020-05-19 Ambition will fuel him. Competition will drive him. But power has its price. It is the morning of the reaping that will kick off the tenth annual Hunger Games. In the Capitol, eighteen-year-old Coriolanus Snow is preparing for his one shot at glory as a mentor in the Games. The once-mighty house of Snow has fallen on hard times, its fate hanging on the slender chance that Coriolanus will be able to outcharm, outwit, and outmaneuver his fellow students to mentor the winning tribute. The odds are against him. He's been given the humiliating assignment of mentoring the female tribute from District 12, the lowest of the low. Their fates are now completely intertwined - every choice Coriolanus makes could lead to favor or failure, triumph or ruin. Inside the arena, it will be a fight to the death. Outside the arena, Coriolanus starts to feel for his doomed tribute . . . and must weigh his need to follow the rules against his desire to survive no matter what it takes.

Hunger Roxane Gay,2017-06-13 From the New York Times bestselling author of Bad Feminist: a searingly honest memoir of food, weight, self-image, and learning how to feed your hunger while taking care of yourself. “I ate and ate and ate in the hopes that if I made myself big, my body would be safe. I buried the girl I was because she ran into all kinds of trouble. I tried to erase every

memory of her, but she is still there, somewhere. . . . I was trapped in my body, one that I barely recognized or understood, but at least I was safe.” In her phenomenally popular essays and long-running Tumblr blog, Roxane Gay has written with intimacy and sensitivity about food and body, using her own emotional and psychological struggles as a means of exploring our shared anxieties over pleasure, consumption, appearance, and health. As a woman who describes her own body as “wildly undisciplined,” Roxane understands the tension between desire and denial, between self-comfort and self-care. In *Hunger*, she explores her past—including the devastating act of violence that acted as a turning point in her young life—and brings readers along on her journey to understand and ultimately save herself. With the bracing candor, vulnerability, and power that have made her one of the most admired writers of her generation, Roxane explores what it means to learn to take care of yourself: how to feed your hungers for delicious and satisfying food, a smaller and safer body, and a body that can love and be loved—in a time when the bigger you are, the smaller your world becomes.

All That She Carried Tiya Miles, 2022-02-01 NATIONAL BOOK AWARD WINNER • NEW YORK TIMES BESTSELLER • A renowned historian traces the life of a single object handed down through three generations of Black women to craft a “deeply layered and insightful” (The Washington Post) testament to people who are left out of the archives. WINNER: Frederick Douglass Book Prize, Harriet Tubman Prize, PEN/John Kenneth Galbraith Award, Anisfield-Wolf Book Award, Ralph Waldo Emerson Prize, Lawrence W. Levine Award, Darlene Clark Hine Award, Cundill History Prize, Joan Kelly Memorial Prize, Massachusetts Book Award ONE OF THE TEN BEST BOOKS OF THE YEAR: The Washington Post, Slate, Vulture, Publishers Weekly “A history told with brilliance and tenderness and fearlessness.”—Jill Lepore, author of *These Truths: A History of the United States* In 1850s South Carolina, an enslaved woman named Rose faced a crisis: the imminent sale of her daughter Ashley. Thinking quickly, she packed a cotton bag for her with a few items, and, soon after, the nine-year-old girl was separated from her mother and sold. Decades later, Ashley’s granddaughter Ruth embroidered this family history on the sack in spare, haunting language. Historian

Tiya Miles carefully traces these women's faint presence in archival records, and, where archives fall short, she turns to objects, art, and the environment to write a singular history of the experience of slavery, and the uncertain freedom afterward, in the United States. *All That She Carried* is a poignant story of resilience and love passed down against steep odds. It honors the creativity and resourcefulness of people who preserved family ties when official systems refused to do so, and it serves as a visionary illustration of how to reconstruct and recount their stories today FINALIST: MAAH Stone Book Award, Kirkus Prize, Mark Lynton History Prize, Chatauqua Prize ONE OF THE BEST BOOKS OF THE YEAR: The New York Times, NPR, Time, The Boston Globe, The Atlantic, The Atlanta Journal-Constitution, Smithsonian Magazine, St. Louis Post-Dispatch, Ms. magazine, Book Riot, Library Journal, Kirkus Reviews, Booklist

The Hunger Games and Philosophy George A. Dunn, Nicolas Michaud, 2012-01-26 A philosophical exploration of Suzanne Collins's New York Times bestselling series, just in time for the release of The Hunger Games movie Katniss Everdeen is the girl who was on fire, but she is also the girl who made us think, dream, question authority, and rebel. The post-apocalyptic world of Panem's twelve districts is a divided society on the brink of war and struggling to survive, while the Capitol lives in the lap of luxury and pure contentment. At every turn in the Hunger Games trilogy, Katniss, Peeta, Gale, and their many allies wrestle with harrowing

choices and ethical dilemmas that push them to the brink. Is it okay for Katniss to break the law to ensure her family's survival? Do ordinary moral rules apply in the Arena? Can the world of The Hunger Games shine a light into the dark corners of our world? Why do we often enjoy watching others suffer? How can we distinguish between what's Real and Not Real? This book draws on some of history's most engaging philosophical thinkers to take you deeper into the story and its themes, such as sacrifice, altruism, moral choice, and gender. Gives you new insights into the Hunger Games series and its key characters, plot lines, and ideas Examines important themes such as the state of nature, war, celebrity, authenticity, and social class Applies the perspective of some of world's greatest minds, such as Charles Darwin, Thomas Hobbes, Friedrich Nietzsche, Plato, and Immanuel Kant to the Hunger Games trilogy Covers all three books in the Hunger Games trilogy An essential companion for Hunger Games fans, this book will take you deeper into the dystopic world of Panem and into the minds and motivations of those who occupy it.
