Available as an eBook for the first time. David Staunton, the son of Percy Boyd Staunton, travels to Switzerland. As he undergoes Jungian analysis for a lifetime of unhappiness and the trauma left by the death of his father, he repeatedly encounters a manticore—a monster with the head of a man, the body of lion, and the tail of a scorpion. The Aryan race warrior. A Mexican drug lord. A Korean hit man. A career stick-up man. The wrong guy at the wrong place at the wrong time. The puke Cho-mo-kiddy-toucher. And you! This ain't the Breakfast Club and these are ain't your new friends. Welcome to the Protective Housing Unit (PHU), home to some of world's worst criminals—many of whom so reviled they must not only be shielded from the American public, but the general prison population. This is your new life. Simon, a white-collar criminal, is a new transfer to Pensacola Federal Prison Camp. He's having a hard time adjusting to prison culture, and his newfound friends aren't all that interested in making his new life any easier. Everyone in the PHU has his own agenda; alliances are, at best, temporary; and even the notion of friendship is laughable. But all that is about to change. This brutal yet familiar life they've all grown accustomed to is about to come to an end as a mysterious stranger is transferred to their unit and these hardened inmates start to die... Horribly. One at a time. Manticore is a 5-part prison horror comic book series by the talented duo, Keith Miller and Ian Gabriel. Keith is the writer behind Triboro Tales, Insensitives, and the forthcoming Rat Ronin zombie tale, Infest. This is Ian's first professional comic book title.

Project Manticore Ryan Bunting,2020-05-13 Joseph Marquez's only crime was hunger, and taking back what was already stolen from him. In the Democratic Republic of the Americas, the sentence for theft of government property is public execution. His sentence was commuted, despite pleading guilty, in exchange for his help. What exactly he's supposed to help with has been intentionally kept from him, but the rumors about the atrocities at Petty Island don't bode well for him and the other prisoners. Nothing is known for sure about Petty Island, but for Marquez and three other prisoners, their very lives are at stake as they struggle to determine friend or foe.

Marianne, the Magus and the Manticore Sheri S. Tepper,2011-09-29 When Marianne's parents died, leaving control of their fortune to her feared older brother, she struggled to make her way as a student in America - and her old home began to seem as unreal as a fairy tale, her childhood there as distant as a dream . . . Until the Magus came to claim her, and the Black Madame to destroy her, and the Manticore to hunt her down through the streets of another world - for there is magic in Marianne's blood, and magic in her soul. And in a battle fought in an everchanging world of warped time and wicked magic, it is the souls of Marianne and her family that are the ultimate prizes. Marianne, the Magus and the Manticore is the first volume of Sheri S. Tepper's acclaimed Marianne Trilogy.

A Spell for Chameleon (The Parallel Edition... Simplified) Piers Anthony,2012-02-14 Piers Anthony's bestselling Xanth series is one of the cornerstones of fantasy, a lively and whimsical interpretation of a genre often criticized for taking itself too seriously. Anthony's first Xanth novel, A Spell for Chameleon, was initially edited to target a more traditional audience. Now, in an eBook exclusive, A Spell for Chameleon has been reworked line by line—its language matching the simpler, playful way with words that made Piers Anthony an enduring fan favorite. Xanth is an enchanted land where magic rules, a land of centaurs and dragons and basilisks where every citizen has a unique spell to call their own. For Bink of North Village, however, Xanth is no fairy tale. He alone has no magic. And unless he gets some—and fast!—he will be exiled. Forever. But the Good Magician Humfrey is convinced that Bink does indeed have magic. In fact, both Beauregard the genie and the magic wall chart insist that Bink has magic as powerful as any possessed by the King, the Good Magician Humfrey, or even the Evil Magician Trent. Be that as it may, no one can fathom the nature of Bink's very special magic. This is even worse than having no magic at all . . . and he still faces exile!

A Call to Insurrection David Weber, Timothy Zahn, Thomas Pope, 2022-02-01 Book four in the nationally best-selling Manticore Ascendant series, set in the world of David Weber's multiple New York Times best-selling Honorverse series. Yesterday, the Star Kingdom of Manticore was a small, unimportant interstellar backwater. A quiet little star nation, only recently recovered from the devastating blow of the Plague Years. More affluent than some, perhaps, but with little to attract trade or interstellar commerce, it had little need for a navy . . . and even less interest in paying for one. But Manticore has now become a target. The Star Kingdom isn't certain who is attacking it, or why, or what its mysterious foe can possibly want, but Queen Elizabeth I knows she has to find out. And she knows that whatever some of her subjects think, Manticore does need a navy. And it needs allies, friends like the dynamic Republic of Haven and the Andermani Empire. It needs their trade . . . and to learn from their more experienced and powerful navies. It is the job of officers like Travis Long and his wife, Lisa, to acquire that experience. Of utterly inexperienced diplomats like Travis's brother Gavin, Earl Winterfall, to build those alliances. They have been sent to the powerful Andermani Empire to do just that, for the Imperial Navy is one of the most potent and experienced fleets in the galaxy. But the Andermani have problems of their own. Their Emperor's death is the trigger for insurrection, and now that powerful and experienced navy is locked in civil war. The Manticoran visitors find themselves squarely in the path of the storm, and before Travis, Lisa, and Gavin can accomplish anything else, they first have to survive. At the publisher's request, this title is sold without DRM (Digital Rights Management). A Call to Duty David Weber, Timothy Zahn, 2014-09-16 Growing up, Travis Uriah Long yearned for order and discipline in his life . . . the two things his neglectful mother couldn't or wouldn't provide. So when Travis enlisted in the Royal Manticoran Navy, he thought he'd finally found the structure he'd always wanted so desperately. But life in the RMN isn't exactly what he expected. Boot camp is rough and frustrating; his first ship assignment lax and disorderly; and with the Star Kingdom of Manticore still recovering from a devastating plague, the Navy is possibly on the edge of budgetary extinction. The Star Kingdom is a minor nation among the worlds of the Diaspora, its closest neighbors weeks or months away, with little in the way of resources. With only modest interstellar trade, no foreign contacts to speak of, a plague-ravaged economy to rebuild, and no enemies looming at the hyper limit, there are factions in Parliament who want nothing more than to scrap the Navy and shift its resources and manpower elsewhere. But those factions are mistaken. The universe is not a safe place. Travis Long is about to find that out. At the publisher's request, this title is sold without DRM (Digital Rights Management).
