The First Marauder Luke Ryan, 2021-09 Four years after an apocalyptic event known as the Red, a 15-year-old Tyler Ballard struggles with the death of his brother following a skirmish with a neighboring town over resources. He joins the East Tampa Militia in an attempt to find vengeance, but discovers a web of circumstances that are not as simple as his fractured heart may have wished. Tyler's journey illustrates the discovery of war and those involved in it - from the soldiers in the dirt to the politicians barking orders and pulling strings.

Marauder Bella Di Corte, 2020-07-30 He stole my heart out of revenge. There was one thing I always thought was mine to give: my heart. I never imagined a marauder would steal it out of vengeance-vengeance that had nothing to do with me. His greatest enemy happened to be the man in love with me, and somehow I became nothing but a pawn. I was no damsel in distress, though. More like an archer, ready to battle. And my target? The marauder himself. Cashel Cash Kelly. Kelly might have been as gorgeous as he was ruthless, but he had no idea what I'd do to steal it back. Or better yet, get even. She was determined to keep what was mine. They say hearts can't be stolen unless they're willing to be. Tell that to the man everyone on the streets called the marauder. Me. Because by the time I was through, Keely Ryan's heart would be mine. And my enemy's? As good as broken. Trouble was, the archer was precise with her aim, and her arrow was pointed at my heart. *Marauder* is the second of three books set in the savage world of the Gangsters of New York series. Each book can be read as a standalone, but they are all based in the same world.

The Arctic Marauder Kim Thompson, 2011 In its ongoing quest to showcase Jacques Tardi's wide range, Fantagraphics is publishing one of his earliest and most distinctive graphic novels: a satirical, Jules Verne-esque retro-sci-fi yarn. In 1899, a ship navigating the Arctic Ocean comes across a stunning sight: a ghostly, abandoned vessel perched high atop an iceberg. Soon, the sailors' own ship is dispatched via a mysterious explosion. Enter Jérôme Plumier, whose search for his missing uncle, the inventor Louis-Ferdinand Chapoutier, brings him into contact with the sinister, frigid forces behind this-- and soon he, too, is headed towards the North Pole, where he will contend with mad scientists, monsters of the deep, and futuristic submarines and flying machines. Told with brio in hilarious slabs of vintage purple prose, *The Arctic Marauder* finds Tardi in fantastical mode and is a keystone of his oeuvre.

Flying the B-26 Marauder Over Europe Carl H. Moore, 2013-05-21 "This is the story of my experiences with the medium bomber designated by the Army as a B-26 and named by the British the Marauder. The book includes a history of the development of the plane. My war experience began with ferrying our Marauder to England, which included a Sahara Desert stretch from Dakar to Marrakesh. Less than a third of the way there we lost the right engine but

flew on safely on one engine, making an emergency landing at the oasis village of Tindouf, an old French Foreign Legion base. The Marauders were involved in the tragic, low-level mission over the E-boat pens in Holland where 60 percent of the officers and airmen and all ten aircraft were lost. This mission resulted in a reconsideration of low level operations in Europe (decision: move to medium altitude). My journal entries were created after each mission and offer details (target, date, crew members, their emotions, action narrative) of 50 combat missions (Appendix A). Considerable background on the design and construction of the Marauder is included, as well as a description of the B-26 reconstructed by the Confederate (now: Commemorative) Air Force. The book ends with a description of each of the crew members and their activity since the war if available."

B-26 Marauder Units of the Eighth and Ninth Air Forces Jerry Scutts, 1997-05-15 The medium bomber 'workhorse' of the Ninth Air Force, Martin's much-maligned B-26 Marauder recovered from its poor start with the Eighth Air Force to go on and equip no less than eight bomber groups in the ETO. Although initially dubbed 'the widow maker', a change of tactics from low- to medium-level bombing for the Marauder soon improved the crews' chances of survival - indeed, by war's end it boasted a lower loss-per-sortie ratio than any other twin-engined bomber in the USAAF. This volume covers all aspects of Marauder operations in Western Europe during World War II (1939-1945), featuring first hand accounts from surviving B-26 crews, plus an analysis of the tactics employed.

Martin B-26 Marauder William Wolf, 2014 In his fifth book in The Ultimate Look series, Dr. Wolf again brings the same degree of meticulous research to describe this unappreciated and misunderstood B-26 medium bomber. This massive, comprehensive volume is the first to give the reader a definitive description of this neglected bomber, its development, testing, and manufacture. The role of the enigmatic aviation icon Glenn L. Martin is described in the development of the American aviation industry and the Marauder. The author made extensive use of the massive document and photo collections of the Marauder Archives at Akron and Tucson, and the Air Force collection at the NMUSAF. Martin Company design and production information and flight and test evaluations, along with original Company Flight, Parts, and Maintenance Manuals, and rare archival microfilm of original material were also used. The author was given unprecedented access to the family

records of B-26 designer Peyton Magruder. The text is complemented by archival photos and drawings, and new color photos of the Marauders at the NMUSAF, Fantasy of Flight, and MAPS Museum.

The Marauder Chronicles John-michael P. Phillips,2009-10-01 In the Wolf Pack, lines of honor and family mean everything. Yet two brothers of unknown origins seem to be proving old ways may not be the right ways. Nite, the supposed leader of the duo, and Mike, the silent and deadly enforcer, have to face countless battles and challenges as they try to prove to the Pack that they are worthy of being part of an Elite group known as the Abas Warriors in the first part of The Marauder Chronicles. Yet after almost half their time in school, neither has been defeated, an accomplishment that has been done a few times, but never by two people at the same time. The headmaster of the school pits the brothers against each other, forcing one to rise above. With the End Games in sight, will one brother remain undefeated, or will he finally learn no one is perfect?

Marauder Man Kenneth T. Brown,2004-03 Troop, supply and armor convoys, bridges, road and rail networks were all fair game for the low-flying Marauder B-26 medium bomber. But flying below 12,000 feet against enemy positions had its cost. This is the moving account of one man's experiences in the tactical air war over Europe in World War II. A Quaker by birth and a pacifist by nature, author Ken Brown nonetheless felt it his duty to enlist in the fight against fascism. Little did he expect that he would find himself in the plexiglass nose of a low-flying Marauder, surrounded by enemy anti-aircraft flak bursts. Marauder Man is also an important historical record of one of the most remarkable and unsung American warplanes in World War II--the Marauder B-26 medium bomber that, in the words of General Dwight D. Eisenhower, made possible the decision to land on continent. In vivid prose, Ken Brown brings the thrilling story of the B-26 and the men who flew it, to life.

Spearhead James E. T. Hopkins,John M. Jones,1999 Walawbum, Shaduzup, Inkangahtawng, Nhpum Ga, Ritpong, Myitkyina. Although the names of these battles are not as familiar to the public as Guadalcanal and Iwo Jima, the name of the legendary American volunteer regiment that fought in them echoes throughout modern military history. Thrown into combat in the Burmese jungle in February 1944 at the request of the British government, Merrill's Marauders was the first American infantry regiment to fight on the Asian continent since the Boxer Rebellion. Assembled in 1943 as the 5037th Composite Unit (Provisional), the three thousand infantryman who answered FDR's call for volunteers for a secret, dangerous and hazardous mission found themselves in India training for jungle combat. Created to spearhead undertrained (and American-led) Chinese troops in Burma and reopen the land route to China, the 5037th was expected by the Joint Chiefs of Staff to take 85 percent casualties and be disbanded within three months. As it turned out, the Marauders existed for eleven months, operating successfully in hostile territory, pioneering long-range military activities in jungle and mountainous regions, and completing one of the most productive -- and perilous -- military campaigns in American history. Despite its considerable achievements under the most difficult conditions, there has never been a complete history of the regiment until now. In Spearhead, James E. T. Hopkins -- a field surgeon with the Marauders' Third Battalion -- in collaboration with John M. Jones, provides a detailed history of the highly decorated unit,

from the circumstances under which the 5037th was formed and its arduous training to the many battles in which the Marauders distinguished themselves to the unit's deactivation in July 1945. Drawing on unpublished logs, personal diaries, and histories kept by members of the regiment, Hopkins provides a personal story of combat in an environment that was nearly as deadly as the enemy. As a medical officer, he witnessed the horrors of jungle combat, the resolute heroism of the volunteers who fought, and the genuine respect that men and officers in the regiment had for one another. He also chronicles the remarkable efforts of the unit's rear echelon to keep the combatants supplied. With *Spearhead*, Hopkins reveals the real story behind a chapter in the history of the Second World War too often officially forgotten or clouded by myth. *Spearhead* offers a heartfelt tribute to the men who served as Merrill's Marauders -- and a comprehensive account of their deeds in the treacherous jungles of Burma fifty years ago.
